2	How confident are you that potential strengths of Bayesian approaches outweigh the potential liabilities in the design and interpretation of a published study?												
	1 Liabilities Outwiegh Strengths -2- 3 No Difference -4- 5 Strengths Outweigh												
	A. In design studies	4	5	4	5	5	4	4	5	4	5	**4.44**	**4.50**
	B. In interpreting study results	2	3	4	5	5	4	4	4	5	4	**4.00**	**4.00**
