Introduction to the Auto-Enrollment Retroactive Notice

What Is the Purpose of This Notice?

This auto-enrollment retroactive notice is sent to people who automatically qualify for Extra Help **with a retroactive effective date** because they either qualify for Medicare and full Medicaid benefits, or get Supplemental Security Income (SSI). The notice informs people that they will be enrolled in a Medicare Prescription Drug Plan if they haven't joined a plan on their own. The notice tells people which plan Medicare will enroll them in, and outlines their costs in that plan.

The notice is one page printed on yellow paper, with a list of other available Medicare Prescription Drug Plans on the back. The notice also includes a one-page (front and back) list of questions and answers about Medicare prescription drug coverage.

Who Gets This Notice?

Medicare mails this notice to people who automatically qualify for Extra Help **with a retroactive effective date** because they either qualify for Medicare and full Medicaid benefits, or get Supplemental Security Income (SSI). This mailing is limited to people who currently get their Medicare benefits through Original Medicare.

How Often Does Medicare Mail These Notices?

This notice is mailed on a daily basis.

What Should People Do Next?

Important Questions and Answers about Your New Drug Coverage

What is Medicare prescription drug coverage?

Medicare prescription drug coverage is insurance provided by the government. Medicare drug plans help you pay for both brand-name and generic drugs you need. Plans have a list of drugs they cover. The drug list of a particular plan may not include a specific drug you're taking. However, in most cases, a similar drug that's safe and effective will be available. If not, your doctor can ask the plan to make an exception and cover the drug you're currently taking.

Medicare drug plans serving your area must contract with pharmacies in your area. Check with the plan to make sure the contracting pharmacies are convenient to you. Some plans also allow you to get your prescriptions through the mail.

What should I do now?

Call your Medicare drug plan to get information about your new drug coverage, and read the materials your plan mails to you. You should find out if the plan covers the drugs you take and includes the pharmacies you use.

You may need to go to the pharmacy before your plan membership card arrives in the mail. If you do, bring this yellow notice, or a letter from the plan that shows your confirmation number. That way the pharmacy can bill your plan directly. You should also bring your Medicare card and photo identification.

Note: If you moved recently, please call the plan to be sure it serves where you live. If it doesn't, please call 1-800-MEDICARE (1-800-633-4227) to choose and join a plan that serves that area. TTY users should call 1-877-486-2048.

What does Limited Income NET cover?

If you filled any covered prescriptions since the date mentioned in the notice, Medicare's Limited Income Newly Eligible Transition (NET) Program will pay you back for what you spent out-of-pocket for these prescriptions, minus any copayments that apply (up to $2.60 for a generic drug and up to $6.50 for a brand-name drug in 2012). Limited Income NET will send you a separate letter with more information and instructions on how to get paid back, or you can call Limited Income NET at **1-800-783-1307**. TTY users should call 1-877-801-0369.

What if my new plan doesn't cover a drug I already take?

Your Medicare drug plan will provide a one-time, temporary supply of your current drug. During your first 90 days in a plan, Medicare requires Medicare drug plans to give you and your doctor time to find a drug on the plan's drug list that would work as well as the drug you're taking. Your doctor can also contact your plan to request an exception to cover your current drug. Call your plan for more information.

CMS Product No. 11429 - YELLOW
November 2011

How do I join a different plan?

As long as you qualify for Extra Help you can switch Medicare drug plans at any time. To join a different Medicare drug plan, call the new plan to find out how to join. Joining a different plan will automatically end your coverage in (disenroll you from) your current plan. You don't need to call your current plan to disenroll. Your new plan coverage would start the next month.

How can I find out about other Medicare drug plans?

For information about other Medicare drug plans in your area, read the list of plans included with this notice. This is the list of all the plans you can join and still pay $0 for your monthly premium. Compare the plans and join one that works for you. You should find out which plans cover the drugs you already take and include the pharmacies you use. If you join a Medicare drug plan that isn't on the list included with this notice, you may have to pay part of the monthly premium instead of $0.

You can also call your State Health Insurance Assistance Program (SHIP) for free personalized health insurance counseling. See the front of this notice for their phone number.

What if I have other prescription drug coverage?

If you have or are eligible for another type of prescription coverage, read all the materials you get from your insurer or plan provider to learn how joining a Medicare drug plan may affect any coverage you or your family already have. You may not need a Medicare drug plan. Examples of other types of prescription drug coverage include coverage from an employer or union, TRICARE, the Department of Veterans Affairs, or a Medicare Supplement Insurance (Medigap) policy.

Note: If you now get drug or other health care coverage through an employer or union plan, you or your dependents could lose that coverage completely if you join a Medicare drug plan, and you may not be able to get it back. Please call your health plan benefits administrator if you have any questions.

What if I don't want Medicare prescription drug coverage?

If you don't want to join the plan Medicare is enrolling you in, and you don't want any other Medicare drug plan, call 1-800-MEDICARE (1-800-633-4227) as soon as possible and tell them you want to opt out of (decline) Medicare prescription drug coverage.

Keep in mind that you pay nothing to keep the coverage. If you drop this coverage and need prescription drugs later, Medicaid won't pay for them, and Medicare won't pay until you join a Medicare drug plan. As long as you continue to be eligible for Medicaid, you can change your mind and join a Medicare drug plan at any time, but you may have to pay a penalty to join later if you lose your Medicaid eligibility.
