Centers for Medicare & Medicaid Services

Serving the Navajo Reservation

American Indians and Alaska Natives

If you have questions about CMS programs in relation to American Indians or Alaska Natives:

- email the CMS Division of Tribal Affairs at tribalaffairs@cms.hhs.gov or
- contact a CMS Native American Contact (NAC). For a list of NACs and their information, visit https://www.cms.gov/files/document/cms-native-american-contact.pdf.

To contact **Indian Health Service** in the Navajo Nation, call the Navajo Area Office at 1 (928) 871-5812 or 1 (928) 871-5813 or visit https://www.ihs.gov/navajo/contactus/.

Why Enroll in CMS programs?

Patients who enroll in CMS programs help support their Indian health care hospitals and clinics, their own health, and the health of others.

Patients enrolled in Medicaid, the Children's Health Insurance Program, or Medicare enable Indian health hospitals and clinics to bill these programs for services provided. These programs bring money into the health care facility, which the facility can then use to hire more staff and pay for new equipment and building renovations. It can also save Purchased and Referred Care dollars for other patients.

State-by-State Assistance

Find information about coverage and Indian health facilities in your state. The map included in this booklet shows the location of these facilities.

Arizona
