

# Medicare Learning Network® (MLN) Event Presentation Clarification – as of 9/3/19

**Event Title:** [Home Health Patient-Driven Groupings Model: Operational Issues Call](#)

**Event Date:** August 21, 2019

## Clarifications

### 1. Presentation slide 32, 4<sup>th</sup> bullet

Original read: “Same remittance advice coding (CARC 168, RARC N86) as other recoding adjustments.”

**Correction**

Reads: “Same remittance advice coding (**CARC 186**, RARC N86) as other recoding adjustments.”

### 2. Presentation slide 47, last 3 bullets

Original read

- The OASIS assessment completion date (M0090) is before the PDGM implementation date
- HH submits 12/30/2019 as the occurrence code 50 date on the PDGM claim
- Medicare systems will use this date to match to the 2019 assessment and use its functional information to group the claim.

**Correction**

Reads:

- The OASIS assessment completion date (M0090) **is reported as 01/01/2020, per one-time OASIS recertification instructions**
- HH submits **01/01/2020** as the occurrence code 50 date on the PDGM claim
- Medicare systems will use this date to match to the assessment and use its functional information to group the claim.
