Data Specifications V4.00.2 Errata for V4.00.1 FINAL

An errata (V4.00.2) is now available for the Long-Term Care Hospital (LTCH) Data Submission Specifications (V4.00.1 FINAL). Fourteen issues have been identified. Please note that issues 4 through 10 are revisions related to the Section D Mood items D0150 and D0160, which match the revised instructions in the guidance manual. Also, please note that issue 11 changes how the dash [-] will be handled for the N0415 items.

The LTCH Data Submission Specifications (V4.00.1) are available in the **Downloads** section below. These FINAL specifications go into effect on October 1, 2022. They include several revisions from the draft specifications. Please check the Item Change Report and Edit Change Report to review the changes. Note the addition of the response option "Patient declines to respond" to three items in Section A, as well as one item in Section B and one item in Section D.
