SUBJECT: Surveyor Webinar Training: Basic Psychiatric Hospital State Survey Agency (SA) Training

Memorandum Summary

- ***Basic Psychiatric Hospital Training:*** The Centers for Medicare & Medicaid Services (CMS) is offering training for surveyors regarding Psychiatric Hospitals. This training will focus on the CMS Special Provisions and Two Conditions of Participation (CoP) required for Psychiatric Hospital new certification or continued certification.
- ***Webinar:*** This training will be delivered using webinar and other online training tools; and consist of a one day, three-hour session that will take place on August 27, 2014, starting at 1pm ET. We are asking surveyors to participate in the webinar to gain or refresh their understanding of the special provisions and two Special CoPs for Psychiatric Hospitals, and how surveyors can use this information to improve the quality of their survey.

Purpose

The SAs continue to conduct the surveys for the Psychiatric Hospitals (A-tags) nationwide and rely on CMS Central Office (CO) to conduct training on the application of regulatory requirements, Special Provisions and Conditions of Participation (CoP), Immediate Jeopardy and the Surveyor Process and Procedures. Surveyors are tasked with assessing whether these facility providers are in compliance with the Medicare Conditions of Participation and general regulatory requirements.

The CMS has developed a webinar that is used to deliver instruction and training to the surveyors, as well as provide support necessary to conduct Psychiatric Hospital surveys. We encourage all SAs to have their surveyors for these provider types participate in this training.

The webinars will include web-based interactive learning and opportunity to share knowledge with the question and answer sessions. To participate in the webinar, surveyors must follow the

instructions below. For surveyors not able to participate in the live webinar, the webinar will be archived.
