

MLN Matters®

Official Information Health Care Professionals Can Trust

Do you have your NPI? National Provider Identifiers (NPIs) will be required on claims sent on or after May 23, 2007. Every health care provider needs to get an NPI. Learn more about the NPI and how to apply for an NPI by visiting <http://www.cms.gov/Regulations-and-Guidance/HIPAA-Administrative-Simplification/NationalProvIdentStand/index.html> on the CMS website.

MLN Matters Number: MM5323

Related CR Transmittal #: R1172CP

Implementation Date: July 2, 2007

Payment of Same Day Transfer Claims Under the Long Term Care Hospital Prospective Payment System (LTCH PPS)

Note: This article was updated on June 15, 2013, to reflect current Web addresses. All other information remains unchanged.

Provider Types Affected

Providers submitting LTCH same day transfer claims to Medicare contractors (Fiscal Intermediaries (FIs), or Part A/B Medicare Administrative Contractors (A/B MACs)).

Provider Action Needed

This article is for informational purposes and is based on Change Request (CR) 5323 which clarifies how to process Long Term Care Hospital (LTCH) same day transfer claims which have been suspended in the Fiscal Intermediary Standard System (FISS) since implementation of LTCH PPS on October 1, 2002.

Background

The Centers for Medicare & Medicaid Services (CMS) recently found that same-day transfer LTCH PPS claims have been suspending in Medicare's Fiscal Intermediary Standard System (FISS) since the implementation of the Long Term Care Hospital Prospective Payment System (LTCH PPS) on October 1, 2002.

Disclaimer

This article was prepared as a service to the public and is not intended to grant rights or impose obligations. This article may contain references or links to statutes, regulations, or other policy materials. The information provided is only intended to be a general summary. It is not intended to take the place of either the written law or regulations. We encourage readers to review the specific statutes, regulations and other interpretive materials for a full and accurate statement of their contents.

A same day transfer occurs when a patient is admitted to a LTCH and is subsequently transferred for acute care (or another type facility care) on the same day.

If the patient is admitted to a LTCH with the expectation that the patient will remain overnight but is discharged before midnight, the day is:

- **Counted as a total day** (i.e., a cost report day), and
- **Not counted as a Medicare covered day.**

In other words, this day will be considered covered and counted for cost reporting purposes, but will not be counted as a Medicare utilization day for the beneficiary.

Currently, same day transfer claims are suspending in the FISS system because:

- The LTCH PPS Pricer cannot accept a '0' day, and
- There is no transfer policy under LTCH PPS.

CR 5323 clarifies how to process LTCH same day transfer claims that have been suspended in FISS since implementation of the LTCH PPS on October 1, 2002, and instructs that same day transfer LTCH PPS claims that have been suspended are to be released as of July 2, 2007 and are to be paid with interest applied.

Additional Information

The official instruction, CR5323, issued to your FI or A/B MAC regarding this change may be viewed at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Transmittals/downloads/R1172CP.pdf> on the CMS website.

If you have any questions, please contact your FI or A/B MAC at their toll-free number, which may be found on the CMS web site at <http://www.cms.gov/Research-Statistics-Data-and-Systems/Monitoring-Programs/provider-compliance-interactive-map/index.html> on the CMS website.

Flu Shot Reminder It's Not Too Late to Give and Get the Flu Shot The peak of flu season typically occurs between late December and March; however, flu season can last until May. **Protect yourself, your patients, and your family and friends by getting and giving the flu shot.** Each office visit presents an opportunity for you to talk with your patients about the importance of getting an annual flu shot and a lifetime pneumococcal vaccination. Remember - influenza and pneumococcal vaccination and their administration are covered Part B benefits. Note that influenza and pneumococcal vaccines are NOT Part D covered drugs. For more information about Medicare's coverage of adult immunizations and educational resources, go to CMS' website: <http://www.cms.gov/outreach-and-education/medicare-learning-network-mln/mlnmattersarticles/downloads/SE0667.pdf> on the CMS website.
