2011 Electronic Prescribing (eRx) Incentive Program Made Simple Quick Reference Chart

FACT SHEET

<http://www.cms.gov/eRxIncentive>

Before you report the eRx measure, you should ask yourself the following questions:

QUESTION 1: Do I have an eRx system/program and am I **routinely** using it?

QUESTION 2: Is my system capable of performing the functions of a qualified system?

QUESTION 3: Do I expect my Medicare Part B Physician Fee Schedule (PFS) charges for the patient visit codes (90801, 90802, 90804, 90805, 90806, 90807, 90808, 90809, 90862, 92002, 92004, 92012, 92014, 96150, 96151, 96152, 99201, 99202, 99203, 99204, 99205, 99211, 99212, 99213, 99214, 99215, 99304, 99305, 99306, 99307, 99308, 99309, 99310, 99315, 99316, 99324, 99325, 99326, 99327, 99328, 99334, 99335, 99336, 99337, 99341, 99342, 99343, 99344, 99345, 99347, 99348, 99349, 99350, G0101, G0108, G0109) in the denominator of the measure to make up at least 10 percent of my total Medicare Part B PFS allowed charges for 2011?

If the answer to all three questions is YES,

You may be eligible for the incentive payment equal to one percent of your Medicare Part B PFS allowed charges for services furnished during the reporting period and you should report the eRx measure.

If the answer to the first two questions is YES but the answer to the third question is NO,

You may not be eligible for the incentive payment. However, you are encouraged to report the measure. In the event that your Medicare Part B PFS charges for the codes in the denominator of the measure do make up at least 10 percent of your total Medicare Part B PFS allowed charges for 2011, you may be eligible for the incentive payment.

If the answer to either of the first two questions is NO,

You cannot report this measure unless you obtain and use a qualified eRx system.
