## Prohibition on Balance Billing Qualified Medicare Beneficiaries (QMBs)

**Note:** This article was revised on August 28, 2012, to clarify the section of the Social Security Act that prohibits Medicare providers from balance billing QMBs for Medicare cost-sharing (**page 2- bold**). This article was previously updated on July 25, 2012, to reflect current Web addresses. All other content remains the same.

### Provider Types Affected

All Medicare physicians, providers and suppliers who submit claims to Medicare for services and supplies provided to Qualified Medicare Beneficiaries (QMBs) are affected. This includes providers of services to enrollees of Medicare Advantage plans.

### What You Need to Know

#### STOP – Impact to You

This Special Edition MLN Matters® Article provides guidance from the Centers for Medicare & Medicaid Services (CMS) to Medicare providers serving QMBs. **All**

Medicare providers are reminded that they may not bill QMBs for Medicare cost-sharing.

### CAUTION – What You Need to Know

All Medicare physicians, providers, and suppliers who offer services and supplies to QMBs must be aware that they may not bill QMBs for Medicare cost-sharing. This includes deductible, coinsurance, and copayments, known as “balance billing.” **Section 1902(n)(3)(B) of the Social Security Act, as modified by Section 4714 of the Balanced Budget Act of 1997, prohibits Medicare providers from balance billing QMBs for Medicare cost-sharing.** QMBs have no legal obligation to make further payment to a provider or Medicare managed care plan for Part A or Part B cost sharing. Providers who inappropriately bill QMBs for Medicare cost-sharing are subject to sanctions.

### GO – What You Need to Do

Refer to the Background and Additional Information Sections of this article for further details and resources about this guidance. Please ensure that you and your staffs are aware of the current balance billing law and policies regarding QMBs. Visit the State Medicaid Agency websites of the states in which you practice to learn how to submit claims if you are not currently submitting claims to a state.

## Background

---

This article provides CMS guidance to Medicare providers to help them avoid inappropriately billing QMBs for Medicare cost-sharing, including deductible, coinsurance, and copayments. This is known as “balance billing.”

### ***Balance Billing of QMBs Is Prohibited by Federal Law***

Under current law, Medicare providers cannot balance bill a QMB. **Section 1902(n)(3)(B) of the Social Security Act, as modified by Section 4714 of the Balanced Budget Act of 1997, prohibits Medicare providers from balance billing QMBs for Medicare cost-sharing.** (Please note, this section of the Act is available at [http://www.ssa.gov/OP\\_Home/ssact/title19/1902.htm](http://www.ssa.gov/OP_Home/ssact/title19/1902.htm) on the Internet.)

Specifically, the statute provides that the Medicare payment and any Medicaid payment are considered payment in full to the provider for services rendered to a QMB.

QMBs have no legal obligation to make further payment to a provider or Medicare managed care plan for Part A or Part B cost sharing. Providers who balance bill QMB patients may be subject to sanctions based on Medicare provider requirements

established in Sections 1902(n)(3)(C) and 1905(p)(3) of the Social Security Act. Medicare providers who violate these billing restrictions are violating their Medicare provider agreement.

Please note that the statute referenced above supersedes Section 3490.14 of the "State Medicaid Manual," which is no longer in effect, and therefore, may be causing confusion about QMB billing.

### ***QMBs and Benefits***

QMBs are persons who are entitled to Medicare Part A and are eligible for Medicare Part B; have incomes below 100 percent of the Federal Poverty Level; and have been determined to be eligible for QMB status by their State Medicaid Agency.

- Medicaid pays the Medicare Part A and B premiums, deductibles, co-insurance and co-payments for QMBs.
- At the State's discretion, Medicaid may also pay Part C Medicare Advantage premiums for joining a Medicare Advantage plan that covers Medicare Part A and B benefits and Mandatory Supplemental Benefits.
- Regardless of whether the State Medicaid Agency opts to pay the Part C premium, the QMB is not liable for any co-insurance or deductibles for Part C benefits.

### ***Ways to Improve the Claims Process***

Effective communications between you and State Medicaid Agencies can improve the claims process for all parties involved. Therefore, CMS suggests that you take the following four actions to improve communications with State Medicaid Agencies and better understand the billing process for services provided to QMB beneficiaries:

1. Determine if the State in which you operate has electronic crossover processes with the Medicare Coordination of Benefits Contractor (COBC) in place or if direct submission to the State Medicaid Agency is required or available. Nearly all States participate in the Medicare crossover process. It may just be that particular QMBs need to be added to the eligibility exchange between given States and Medicare. If a claim is automatically crossed over to another payer, such as Medicaid, it is customarily noted on the Medicare remittance advice.
2. Recognize that you must meet any state-imposed requirements and may need to complete the provider registration process to be entered into the State payment system.
3. Understand the specific requirements for provider registration for the State(s) in which you work.
4. Contact the State Medicaid Agency directly to determine the process you need to follow to begin submitting claims and receiving payment.

**News Flash – Vaccinate Early to Protect Against the Flu.** The Centers for Disease Control and Prevention (CDC) recommends a yearly flu vaccination as the first and most important step in protecting against flu viruses. Remind your patients that annual vaccination is recommended for optimal protection. Medicare pays for the flu vaccine and its administration for seniors and other Medicare beneficiaries with no co-pay or deductible. Take advantage of each office visit and start protecting your patients as soon as your 2011-2012 seasonal flu vaccine arrives. And, don't forget to immunize yourself and your staff. **Get the Flu Vaccination -- Not the Flu. Remember** – Influenza vaccine plus its administration are covered Part B benefits. Note that influenza vaccine is NOT a Part D covered drug. For information about Medicare's coverage of the influenza vaccine and its administration, as well as related educational resources for health care professionals and their staff, please visit <http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNProducts/index.html> on the Centers for Medicare & Medicaid Services (CMS) website.
