# I. EXECUTIVE SUMMARY

---

---

## **Background**

Molina Healthcare of Texas, Inc. (Molina) is a Federally-facilitated Exchange (FFE) issuer that offered Health Maintenance Organization (HMO) qualified health plans (QHPs) in the individual market in Texas during the 2014 benefit year. Molina submitted their final restated 2014 benefit year data in their November 2015 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$3,666,419.15 in advance premium tax credit (APTC) and advance cost sharing reductions (CSR) payments and paid a total of \$167,434.88 in FFE user fees for its 2014 benefit year individual market plans.

This report presents the results of the work performed to assess Molina's compliance with the APTC, advance CSR, and FFE user fee programs established in sections 1311, 1401 and 1402 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 and implementing regulations (collectively referred to throughout as PPACA).

## **Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs**

Title 45 of the Code of Federal Regulations (CFR), sections 156.480 and 156.705, allow the Department of Health and Human Services (HHS) to conduct audits of issuers that offer a QHP in the individual market through an Exchange to assess compliance with the APTC, advance CSR, and FFE user fee program requirements. The audit supports the Centers for Medicare & Medicaid Services (CMS) objectives to:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit<sup>1</sup> is part of a program established by CMS to validate the enrollment and payment data reported on the final 2014 EPDW and analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

## **Results of Review**

---

<sup>1</sup> To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

CMS's procedures identified two findings for Molina. The findings involve the following:

- Inclusion of enrollment and payment data for subscribers who were not effectuated in the issuer's systems; and
- Inclusion of enrollment and payment data for subscribers who were no longer eligible for certain months of coverage and exclusion of enrollment and payment data for subscribers who had a valid eligibility in the issuer's system.

## II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

---

---

### A. Background

Sections 1401 and 1402 of the PPACA established the APTC and advance CSR programs to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the PPACA allowed the FFE to charge participating issuers user fees to support FFE operations.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC, advance CSR, and FFE user fee programs. As such, CMS established this audit program.

### Interim Payment Process

For the 2014 benefit year, CMS implemented a temporary process (“interim payment process”) to calculate and make monthly payments of APTC and advance CSR amounts and to calculate and collect monthly FFE user fee amounts based on data submitted by issuers at the QHP level. On a monthly basis, CMS required submitters to use a standard template, *i.e.* the EPDW that CMS staff created and maintained, to submit payment data. The EPDW was preprogrammed with individual submitter data that allowed the submitter to self-validate data prior to submission to CMS. The EPDW included the option to restate prior months’ data or indicate no change in data since the last submission. CMS required submitters to send the following information at the QHP plan variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total FFE User Fee amount
9. Total effectuated enrollment groups
10. Total effectuated enrollment groups with APTC
11. Total effectuated enrollment groups with CSR
12. Total effectuated members
13. Total effectuated members with APTC
14. Total effectuated members with CSR

Issuers and State-based Exchanges (SBEs) on behalf of issuers were required to calculate the QHP level enrollment and payment amounts submitted on the EPDW using their internal source data.

## **B. Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs**

CMS established an audit protocol that is organized around the following regulations governing APTC, advance CSR, and FFE user fee programs, and the procedures required to assess compliance with these applicable regulations:

- 45 CFR 156.50: Financial Support;
- 45 CFR 156.460: Reduction of enrollee's share of premium to account for advance payments of the premium tax credit;
- 45 CFR 156.480: Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs;
- 45 CFR 156.705: Maintenance of records for Federally-facilitated Exchanges.

Refer to Appendix 1 for the specific requirements established under the authorities listed above.

## **C. Objectives**

The objectives of these audits are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for the APTC, advance CSR, and FFE user fee programs;
- (2) Identify potential CMS payment errors resulting from issuer data reporting errors; and
- (3) Test accuracy and integrity of processes for reducing an enrollee's share of premium to account for APTCs (45 CFR 156.460).

## **D. Scope and Methodology**

CMS selected Molina for an audit under the above-mentioned regulation(s). As established by CMS, the audit centered on evaluating activity at Molina related to the 2014 benefit year (January 1, 2014, through December 31, 2014), individual market data reported on the final EPDW(s) submitted by the issuer to support APTC and advance CSR payments, and FFE user fee collections.

CMS informed Molina via electronic letter on November 16, 2016, that it would be audited. Molina then received a letter on November 18, 2016, from CMS's audit contractor, identifying data requirements required to conduct the audit. CMS's audit contractor reviewed Molina's information provided and performed the procedures to assess compliance with APTC, advance CSR and FFE user fee program rules and regulations as defined in the CMS protocols.

CMS's audit contractor applied audit protocol procedures to obtain sufficient and appropriate evidence to establish reasonable bases for the findings related to the audit objectives identified in section II.C of this report. CMS's audit contractor performed the following procedures:

- Validations of the APTC/CSR Desk Audit File<sup>2</sup> data submitted to CMS:
  - EPDW Validations: Comparison of the final 2014 EPDW submitted to CMS to the APTC/CSR Desk Audit File from Molina's systems.
  - Duplicate Check: Review of the APTC/CSR Desk Audit File containing subscriber level data from Molina's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e. Exchange-assigned subscriber IDs that were reported on the file twice in the same month) were not reported on the file.
  - Unreconciled Subscribers Review: Review and comparison of the subscribers reported on the APTC/CSR Desk Audit File to the subscribers included in CMS's systems to determine if the subscribers existed and were effectuated (i.e. the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber) in CMS's systems.
- Validations on samples of issuer system data:
  - 45 Subscriber Review: Review and comparison of the data from the issuer's systems to the corresponding data included in CMS's systems for a selected sample of 45 subscribers.
  - 15 Subscriber Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of 15 subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

---

<sup>2</sup> The APTC/CSR Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

### **III. RESULTS OF REVIEW**

---

---

#### **EPDW Validations**

No findings resulted from the comparison of the final 2014 EPDW to Molina's APTC/CSR Desk Audit File.

#### **Duplicate Check**

No findings resulted from the review of Molina's APTC/CSR Desk Audit File to verify duplicate Exchange-assigned subscriber IDs were not reported on the file.

#### **Unreconciled Subscribers Review**

One finding resulted from review of Molina's APTC/CSR Desk Audit File to determine if the subscribers reported on the file existed and were effectuated in CMS's systems. Refer to finding No. 1 included in section IV for details on the finding.

#### **45 Subscriber Review**

One finding resulted from the review and comparison of the data from Molina's systems to the corresponding data included in CMS's systems for a selected sample of 45 subscribers. This finding also applies to the 15 Subscriber Review procedure as described in the "15 Subscriber Review" section below. Refer to finding No. 2 included in section IV for details on the finding.

#### **15 Subscriber Review**

The same finding that resulted from the "45 Subscriber Review" was noted in the analysis and review of the data and documentation from Molina's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of 15 subscribers. Refer to Finding No. 2 included in section IV for details on the finding.

#### **Policy and Procedure Review**

No findings resulted from the review of Molina's APTC policies and procedures.

## IV. FINDINGS

A finding is an identification of an instance of issuer non-compliance with CMS requirements that requires corrective action. CMS's audit procedures identified two findings. The two findings resulted in a change to Molina's reported EPDW for individual market plans for the 2014 benefit year. In light of the two findings, the adjusted 2014 benefit year EPDW APTC and advance CSR payments and FFE user fee amounts for individual market plans are shown in the following table.

### Recalculated EPDW for Benefit Year 2014

	FFE User Fees	APTC	Advance CSR Payments*
EPDW As Filed in November 2015	\$(167,434.88)	\$2,823,456.87	\$842,962.28
Unreconciled Subscribers Review Adjustment	\$170.48	\$(3,496.00)	\$(719.24)*
45 & 15 Subscriber Review Adjustment	\$2,124.52	\$(31,499.56)	\$(10,413.48)*
EPDW As Recalculated	\$(165,139.88)	\$2,788,461.31	\$831,829.56*
<b>(Refund) from CMS / Payment to CMS</b>	\$(2,295.00)	\$34,995.56	

\* Note: The advance CSR financial impact is for informational purposes only.

The net financial impact of the two audit findings is a payment due to CMS of \$32,700.56 consisting of \$(2,295.00) in FFE user fees and \$34,995.56 in APTC. The findings along with the criteria, cause, effect, corrective actions and Molina's responses are as follows:

<b>Finding No. 1 - Unreconciled Subscribers Review</b>	<b>Condition:</b>	Molina overstated benefit year 2014 premiums, APTC and advance CSR by reporting enrollment and payment data for three subscribers who were not effectuated in Molina's systems.
--	-------------------	---

	<b>Criteria:</b>	Per CMS guidance and EPDW submission requirements, the EPDW should include data for effectuated enrollments where an effectuated enrollment is defined as “any enrollment in which the amount the enrollment group is responsible to pay toward the total premium amount has been paid in full by the enrollment group.”
	<b>Cause:</b>	<p>The issuer indicated the following explanations for the three subscribers:</p> <ul style="list-style-type: none"> <li>• “Member was effectuated in error. No payment received from subscriber.”</li> <li>• “Member was effectuated in error. Partial payment received from subscriber. Termed for delinquency to 4/30/14 on 7/2/2014.”</li> <li>• “Exchange sent voluntary cancel on 1/9/2014. Member paid for services, then didn't understand how to get reinstated thru Exchange. Then requested full refund. Member should have been retro-terminated.”</li> </ul>
	<b>Effect:</b>	The inclusion of the three non-effectuated enrollments resulted in a change to Molina’s final, restated benefit year 2014 EPDW data.
	<b>Corrective Action Required:</b>	<p>The net financial impact for this finding is a payment due to CMS of \$3,325.52 consisting of \$(170.48) in FFE user fees and \$3,496.00 in APTC. Molina of Texas should confirm this financial impact and coordinate with CMS on resolution.</p> <p>The advance CSR payment impact for this finding is an overstatement of \$719.24; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.</p>
	<b>Management Response:</b>	Management agrees with the finding. Please see Appendix 3.

<p><b>Finding No. 2 - 45 &amp; 15 Subscriber Review</b></p>	<p><b>Condition:</b></p>	<p>Molina overstated the premium, APTC and advance CSR amounts reported on the APTC/CSR Desk Audit File for one of the 45 selected subscribers and two of the selected 15 subscribers.</p> <p>Upon further review of Molina’s APTC/CSR Desk Audit File, it was noted that the condition impacted additional enrollments. Molina overstated the premium, APTC (as applicable) and advance CSR amounts (as applicable) on the APTC/CSR Desk Audit File by reporting enrollment and payment data for 62 subscribers who were no longer eligible for certain months of coverage. Additionally, Molina understated the premium, APTC (as applicable) and advance CSR amounts (as applicable) on the APTC/CSR Desk Audit File by excluding enrollment and payment data for 14 subscribers who had a valid eligibility in Molina’s system.</p>
	<p><b>Criteria:</b></p>	<p>Per CMS guidance, the issuer must create a single Inbound APTC/CSR Desk Audit File consisting of detailed enrollment group effectuated enrollment records (one per enrollment group, per month) with the corresponding payment data.</p>
	<p><b>Cause:</b></p>	<p>The issuer indicated “We went back and looked at our enrollment and dis-enrollment data. We have identified that we now have 62 members are showing no longer eligible for certain months that we had initially identified as members enrolled with us, hence included in our submission to CMS. We also identified 14 members who have a valid eligibility in our system now but were missed in the submission process. In summary we had over submitted to CMS by 48 members.</p> <p>Changes in enrollment could have resulted due to many reasons, such as internal audit of our eligibility data, review of member payments, retro termination or enrollment of members etc. Since this was the first time for Marketplace membership, many systems required updates and fine tuning for Molina and handshake between CMS and us.”</p>

	<b>Effect:</b>	The inclusion of the incorrect months of enrollment for 62 subscribers and the exclusion of enrollment and payment data for 14 subscribers resulted in a change to Molina’s final, restated benefit year 2014 EPDW data.
	<b>Corrective Action Required:</b>	The net financial impact for this finding is a payment due to CMS of \$29,375.04 consisting of \$(2,124.52) in FFE user fees and \$31,499.56 in APTC. Molina should confirm this financial impact and coordinate with CMS on resolution.  The advance CSR payment impact for this finding is an overstatement of \$10,413.48; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.
	<b>Management Response:</b>	Management agrees with the finding. Please see Appendix 3.

**Issuer Management Response to the Draft Audit Report Findings (See Appendix 3)**

Please provide management’s response to the findings identified in the draft audit report and complete the attached Appendix 3, Issuer Management Response to Net Financial Adjustment, within 30 calendar days from the draft audit report date. Management’s response should indicate agreement or disagreement.

**Agreement**

If management agrees with the two findings, complete the “Issuer Management Response” field of the finding in the draft audit report, and initial “Agree” and sign the attached Appendix 3 Issuer Response to Net Financial Adjustment. Return the draft audit report including Appendix 3 within 30 calendar days from the draft audit report date. Upon receipt of the signed Issuer Response to Net Financial Adjustment, CMS will finalize and publish the report. CMS will process the final adjustment amount in the next available monthly payment cycle.<sup>3</sup>

**Disagreement**

If management disagrees with the two findings and corrective actions, complete the “Issuer Management Response” field of the finding in the draft audit report, and initial “Disagree” and sign the attached Appendix 3 Issuer Response to Net Financial Adjustment. Return the draft audit report including Appendix 3 and any supporting documentation that substantiates management’s response within 30 calendar days from the draft audit report date. This will be the

final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanation in the “Issuer Management Response” field of the finding and any supporting documentation to determine if the report can be amended in a mutually-acceptable manner. If you and CMS are unable to come to a mutually-acceptable result, your response to this report will be included in the final published audit report.

CMS will provide a final audit report, including the stated final adjustment amount along with an updated Appendix 3 - Issuer Response to Net Financial Adjustment within 30 calendar days after receipt of management’s response. Please return the updated Appendix 3 - Issuer Response to Net Financial Adjustment Draft Response within 15 calendar days. Upon receipt of the signed Issuer Response to Net Financial Adjustment Draft Response, CMS will publish the report. CMS will process the final adjustment amount in the next available monthly payment cycle.<sup>3</sup>

## Appendix 1 – Applicable Regulations

The following table identifies the specific regulatory requirements around which CMS has organized its audits.

Regulation	Guidance
45 CFR §156.50 – Financial Support	<p><b>(a) Definitions.</b> The following definitions apply for the purposes of this section:  <i>Participating issuer</i> means any issuer offering a plan that participates in the specific function that is funded by user fees. This term may include: health insurance issuers, QHP issuers, issuers of multi-State plans (as defined in § 155.1000(a) of this subchapter), issuers of stand-alone dental plans (as described in § <a href="#">155.1065</a> of this subtitle), or other issuers identified by an Exchange.</p> <p><b>(b) Requirement for State-based Exchange user fees.</b> A participating issuer must remit user fee payments, or any other payments, charges, or fees, if assessed by a State-based Exchange under § 155.160 of this subchapter.</p> <p><b>(c) Requirement for Federally-facilitated Exchange user fee.</b> To support the functions of Federally-facilitated Exchanges, a participating issuer offering a plan through a Federally-facilitated Exchange must remit a user fee to HHS each month, in the timeframe and manner established by HHS, equal to the product of the monthly user fee rate specified in the annual HHS notice of benefit and payment parameters for the applicable benefit year and the monthly premium charged by the issuer for each policy under the plan where enrollment is through a Federally-facilitated Exchange.</p>
