**DATE:** August 26, 2022

**TO:** All Medicare Advantage Organizations, Prescription Drug Plans, Cost Plans, PACE Organizations, and Demonstrations

**FROM:** Jennifer R. Shapiro, Director, Medicare Plan Payment Group

**SUBJECT:** Medicare Advantage/Prescription Drug System (MARx) September 2022 Payment – INFORMATION

This letter provides information about the September 2022 Medicare Advantage/Prescription Drug payment, which is scheduled for receipt on September 1, 2022.

**Incorrect Payments and Missing Adjustments in the January 2022 Payment**

During the January 2022 payment processing, MARx processed beneficiary status update and disenrollment transactions but erroneously excluded the payment adjustment from the monthly payment. Instead, a prospective payment was paid. A data cleanup was processed and the correct payment adjustments will appear on the Monthly Membership Report (MMR) with Adjustment Reason Code (ARC) 94 (Adjustment due to Cleanup Activity).

**Sequestration Suspension**

The Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”), enacted on March 27, 2020, suspended the sequestration of Medicare programs between May 1, 2020, and December 31, 2020. The Consolidated Appropriations Act, 2021, enacted December 27, 2020, extended this suspension for three more months, through March 31, 2021. H.R. 1868, enacted on April 14, 2021 further extended the suspension through December 31, 2021. Finally, the Protecting Medicare and American Farmers from Sequester Cuts Act, enacted on December 10, 2021, extended the suspension through March 31, 2022.

Based on the current statute, sequestration will continue to be suspended for retroactive payment adjustments made to payments for the months of May 2020 through March 2022. CMS has resumed sequestration reductions, in accordance with the revised amounts specified in the Protecting Medicare and American Farmers from Sequestration Cuts Act, beginning with April 2022 payment for Medicare Advantage, Programs of All-Inclusive Care for the Elderly, Medicare-Medicaid Plans, section 1876 and 1833 cost-based Managed Care Organizations, and Part D. Specifically, CMS is sequestering 1 percent of prospective payments and adjustments for

months April 2022 through June 2022 and 2 percent for months beginning with July 2022.

### **Changes to MARx Plan Transaction Processing**

#### *Batch Input Transaction Data File Name*

As announced in the May 2019 Detailed Release Memo, issued through the Health Plan Management System (HPMS) on 04/11/2019, CMS installed changes so that the Enterprise Identity Management (EIDM) User ID is used when sending the Batch Input Transaction Data File to MARx. For the Batch Input Transaction Data File to process successfully, and to receive a Batch Completion Summary Report (BCSS), plans should not submit files with the same date and time in the file name. This will cause a MARx system error and prevent the system from generating the BCSS.

#### *Extension of the Transition Period for Submitting MARx Batch Input Header Record*

CMS has extended the transition to December 2022, for plan submitters to use both the old and new MARx Batch Input Detail submission files.
