

APTC Expansion Reenrollment Message without increased financial assistance (because the consumer elected to use less than or none of the Max APTC they were eligible for): Notice sent when the Marketplace is unable to apply extra financial help in 2021 for an existing enrollee

A new law (known as the American Rescue Plan Act of 2021) increased the financial assistance that's available to existing Marketplace enrollees. If a consumer is eligible for advance payments of the premium tax credit (APTC) and they haven't updated their application since the increased financial assistance available, the Marketplace may automatically increase the amount of financial assistance that's available to them. However, certain enrollees won't receive this automatic increase. For example, an enrollee won't automatically receive extra APTC if:

- They're currently using only some or none of the premium tax credit that's available to them **(as shown in this example)**.
- They're already receiving the maximum amount of financial help that can be applied to their plan.
- A technical issue prevented the update.

In these situations, their APTC Expansion Reenrollment Message will suggest that they update their application to see if savings may be available. They may also be able to change the amount of APTC they want to use, or compare plans, if they want to choose a new one. Because their APTC eligibility hasn't changed, this consumer won't receive an updated Eligibility Notice.

2021 Application ID: 00000000

Extra savings may be available to lower the cost of your Marketplace premium. A new law (known as the American Rescue Plan Act of 2021) allows more people to qualify for help paying for health coverage.

Update your application by August 15 to see if you're eligible for more financial help, and to shop for a new plan if you want to make a change. After August 15, you'll need a qualifying life event to change plans, but you may still get extra savings with your current plan.

We recently reviewed your enrollment. Due to the recent change in the law, you may now qualify for a premium tax credit that will reduce the cost of your Marketplace coverage. In addition, you may qualify for more savings if you or someone in your household received or will receive unemployment compensation this year.

What should I do next?

Follow these steps to update your Marketplace application and find out if you can get more help paying your premium:

1. Visit [HealthCare.gov](https://www.healthcare.gov), log into your Marketplace account, and select your 2021 application.
2. Select "Report a life change" and navigate through your application.
3. Submit your application and follow all steps to continue to enrollment.

If you want to change your plan, be sure to take these steps by August 15.

After August 15, be sure to keep your application updated if you experience a life change, like a move or a change in your household size.
