Reporting of Patient-Reported Outcome (PRO) and Limited Risk Variable Data

Pre-data Submission Steps

Ensure that all Patient-Reported Outcome (PRO) data are entered into the Comprehensive Care for Joint Replacement (CJR) PRO Data Collection Template and that you are not missing any required data elements. Please use the most recent version of the template, available for download on [CJR Connect](#) under the Libraries tab.

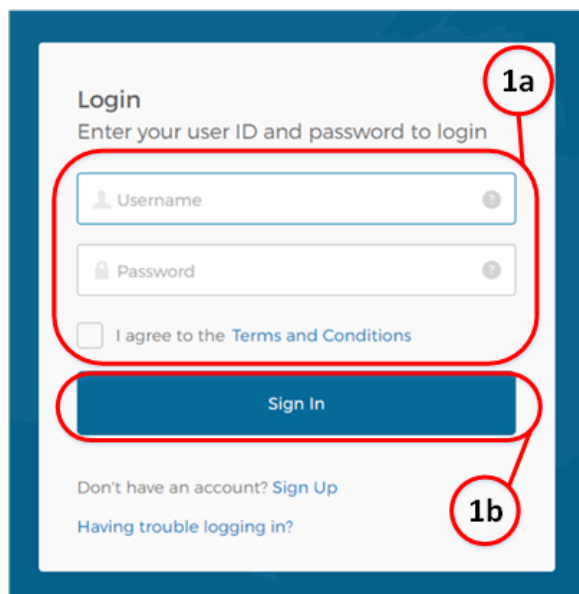

Prerequisites to accessing *Managed File Transfer (MFT)* are: 1) You must have a valid *Health Care Quality Information Systems (HCQIS) Access Roles and Profile (HARP)* account; and 2) You must register for MFT and have a valid MFT web user account. To register, please see the HARP and MFT Registration Instructions on [CJR Connect](#) under the Libraries tab.

Steps to Submit Data

- a) Please use Chrome or Firefox to access the MFT page to ensure proper MFT functionality. From the MFT page (<https://mft.harp.qualitynet.org/mft-signin/login>), enter your HARP **username** and **password**; then, select “I agree to the Terms and Conditions” ([Figure 1](#)).
- b) Select the “**Sign In**” button. This will redirect you to a different page for security authentication ([Figure 1](#)). Please note, if any issues occur with logging in, please attempt login at a later time or clear your browser cache.
- c) Authenticate your identity using the two-factor authentication method you selected at the time of registration.
