Notes: Standard errors are shaded and italic. See Appendix A for additional information on standard errors. See Appendix B for definitions of terms and variables.

1 Expenditures for long-term care in facilities include facility room and board expenses for beneficiaries who resided in a facility for the full year; facility room and board expenses for beneficiaries who resided in a facility for part of the year and in the community for part of the year; and expenditures for short-term facility stays (institutional events), primarily in skilled nursing facilities, for full-year or part-year community residents, which were reported during a community interview or created through Medicare claims data. See Appendix B for additional information.

Notes: Standard errors are shaded and italic. See Appendix A for additional information on standard errors. See Appendix B for definitions of terms and variables.

- 1 Column percentages in longitudinal tables add up to 100 percent because expenditures for survey persons with missing values are assumed to be distributed the same as expenditures for those with nonmissing values.
- 2 *IADL* stands for Instrumental Activity of Daily Living.
- 3 *ADL* stands for Activity of Daily Living.
- 4 Health insurance will not add up to 100 percent because beneficiaries with Medicare Health Maintenance Organization coverage are not included.

Notes: Standard errors are shaded and italic. See Appendix A for additional information on standard errors. See Appendix B for definitions of terms and variables.

1 The term *community-only residents* includes beneficiaries who resided only in the community during the year. It excludes beneficiaries who resided part of the year in the community and part of the year in a long-term care facility, and beneficiaries who resided only in a long-term care facility during the year.

2 Column percentages in longitudinal tables add up to 100 percent because expenditures for survey persons with missing values are assumed to be distributed the same as expenditures for those with nonmissing values.

3 *IADL* stands for Instrumental Activity of Daily Living.

4 *ADL* stands for Activity of Daily Living.

5 Health insurance will not add up to 100 percent because beneficiaries with Medicare Health Maintenance Organization coverage are not included.

Notes: Standard errors are shaded and italic. See Appendix A for additional information on standard errors. See Appendix B for definitions of terms and variables.

- 1 Degree of satisfaction with general health care is measured by the variable, *mcquality*, which asks the beneficiary about satisfaction with the overall quality of medical care received during the year.
- 2 The term *community-only residents* includes beneficiaries who only resided in the community during the year. It excludes beneficiaries who resided part of the year in the community and part of the year in a long-term care facility, and it excludes beneficiaries who only resided in a long-term care facility during the year.
- 3 *IADL* stands for Instrumental Activity of Daily Living.
- 4 *ADL* stands for Activity of Daily Living.
- 5 *HMO* stands for Health Maintenance Organization.
