NOTES: Territories not included. Medicaid enrollment excludes Medicaid expansion CHIP programs. CHIP numbers include adults covered under waivers. Medicaid numbers after 2006 and CHIP numbers after 2008 are estimates from the President's FY 2011 budget. Unduplicated annual enrollment numbers are not available prior to 1995; figures shown for those years represent beneficiaries, i.e., unduplicated counts of enrollees who used at least one service during the year. Categories may not add to totals due to rounding.
