

2020 CMS Navigator Cooperative Agreement Recipients

Since 2013, Navigators have helped Americans understand their health insurance options and facilitated their enrollment in health insurance through a Federally-facilitated Exchange (FFE). Entities and individuals cannot serve as federally certified Navigators without receiving federal cooperative agreement funding, authorized in the Patient Protection and Affordable Care Act, to perform the required Navigator duties.

Below are the 30 organizations receiving 2020 CMS Navigator cooperative agreement awards for the FFE(s) they have been approved to serve. The table under each awardee organization provides information on which counties or parishes they will be serving, along with their target populations, as outlined in their approved cooperative agreement application. Navigators are required to assist any consumer seeking assistance, even if that consumer is not a member of the community or group the awardee expects to target, as outlined in their application. The tables also include information on subawardee or subrecipient organizations that are under contract with the awardee to provide Navigator duties, if applicable.

The 2019-2021 Navigator cooperative agreement awards were awarded for a 24-month period of performance, which runs through August 29, 2021. The cooperative agreement award amounts listed below under each awardee cover the second 12-month budget period (August 30, 2020-August 29, 2021). Recipients marked with an asterisk (*) are funded to work in more than one FFE state and are listed separately under each FFE state they are funded to work in.

For this second budget period, awardees will no longer be funded by CMS to work as FFE Navigators in Maine and Virginia as both states will be transitioning from FFEs to State-Based Exchanges on the Federal Platform (SBE-FP) beginning for benefit year 2021.

ALABAMA

AIDS Alabama, Inc.

2020 Award Amount: \$200,000

Primary Contact: Mark Linn

Phone: (205)514-2281

Email: mark.linn@aidsalabama.org

Counties Served	Target Population(s)	Subawardee/Subrecipient Contracted Organizations	Community Relationships
Statewide	“Left behind” ¹ populations, newly-eligible individuals for health insurance through the Affordable Care Act, especially reaching out to low-income communities, rural communities, people living with HIV, people with disabilities, individuals re-entering society after incarceration, and other vulnerable populations.	<ul style="list-style-type: none"> • AIDS Alabama South (Mobile) • The Right Place (Anniston) • East Alabama Medical Center (Opelika) 	Besides the contracted organizations, relationships include existing partnerships with other community organizations, religious institutions, businesses and other employers, schools, colleges, health care providers, and re-entry programs.

¹ For purposes of this Funding Opportunity, the “left behind” populations include those individuals who are disproportionately without access to health insurance coverage or care and who may be unaware of the full range of the different types of coverage options available to them, including coverage options in addition to QHPs, such as association health plans and short-term, limited-duration insurance.
