### News Releases

\*November 15- [Federally-facilitated Exchange Improper Payment Rate Less Than 1% in Initial Data Release](#). The Centers for Medicare & Medicaid Services (CMS) announced today that the first improper payment rate for the Federally-facilitated Exchange (FFE) program was less than 1% for Benefit Year 2020, thanks in large part to the agency's implementation of effective automated processes for the program's eligibility determinations and payments. This finding highlights CMS' commitment to being responsible stewards of public funds, and to ensuring the sustainability of its programs for future generations.

### Fact Sheet
