DRIVING DIRECTIONS:

From the Seattle/Tacoma International Airport you can reach the CMS Seattle Regional Office by taking the airport road to Highway 509. Travel eastbound on Highway 509 and exit onto northbound Interstate 5 from the left lane. Upon nearing downtown Seattle, exit at Seneca Street from the left lane, turn right at the first light onto Sixth Avenue and proceed northbound to the Blanchard Plaza Building at the corner of Sixth Avenue and Blanchard Street.

From the north take Interstate 5 southbound and exit at Stewart Street. Follow Stewart Street westbound to Sixth Avenue. Turn right onto Sixth Avenue and proceed four blocks to Blanchard Street.

Limited parking may be available in the building parking garage. However, there are several parking lots on the north and east side of the building and there is usually plenty of metered parking on the street.
