## 1.0 INTRODUCTION TO EFI

EUA Front-End Interface (EFI) is a web interface which allows users to request access to the Centers for Medicare & Medicaid Services (CMS) network, application, and facility resources. In order to access the website, the user must first register for an account. EFI then provides the user the ability to fill out an access request form (HHS-745) online to obtain a new CMS ID. **EFI is only supported in Google Chrome or IE Explorer browser 9 +.**

This document guides the user through the registration process, login process, username and password management process, how to export the HHS-745 pdf form, and how to request a PIV Card when a user is already registered in EFI and has an existing CMS ID in Enterprise User Administration (EUA).

There are four distinct user categories in the application when going through the PIV request process. Each is described below with some data points needed for each user category.

**CMS Employee category** is for new employees going through the onboarding process, as well as, CMS Commission Corps joining CMS. Both are referred to as CMS employees. CMS employees interact with the Human Resources (HR) department to determine when they should fill out the access request form as well as what admin code they will be requiring in order to onboard at CMS. In order to complete an Access Request as a CMS Employee, you must know your Admin Code, CMS Region/Facility, and if you are a manager or not.

**Contractor users** make up the majority of the population at CMS. These contractors come from many different companies and work on different contracts. EFI is able to dynamically search contracts and companies to ensure proper data entry. In order to complete the Access Request form as a contractor, you must know your CMS Region/Facility, Company, Contract Number (if applicable), PIV training documentation (if applicable) for PIV requests only, provided by your onboarding company.

**Federal Agency users** can fill out the Access Request form similar to many users but in most cases already have a Personal Identity Verification (PIV) credential. In order to complete an Access Request as a Federal Agency user, you must know your CMS Region/Facility, Federal Agency you work for, and the User Principal Name (UPN) from your PIV card/Common Access Card (CAC).

**Business Partners** are a user category that encompasses those that partner with CMS for critical transactions tied to the CMS mission. In order to complete an Access Request as a Business Partner you must know your CMS Region/Facility and your company specific information such as Plan Number if you are of type HPMS/HICS or Labeler Code(s) if you are a Medicaid Drug Manufacturer.

## 2.0 THINGS YOU NEED TO KNOW BEFORE REGISTERING

Please log into EUA and go to “[Modify My Profile](#)” to verify your information is correct. It is very important that this information is accurate. You **must** use the primary email address listed in EUA when registering in EFI. If you modified your EUA profile, please wait until the next day to continue your registration. If you cannot modify your EUA profile please request to your CAA to update the information for you.

Information your Federal Approver/CMS COR must provide to you:

Category: \_\_\_\_\_

Type: \_\_\_\_\_

Region: \_\_\_\_\_

Full Contract Number: \_\_\_\_\_

You may also find this how to [video](#) Helpful

**STOP!!! If you do not have the above information do not proceed!!!**

**Note: If you previously had a EUA ID but it was deleted, please verify that your previous EUA ID has been properly deleted and not labeled with a status of REVOKE since this will cause issues when applying for a new EUA ID.**

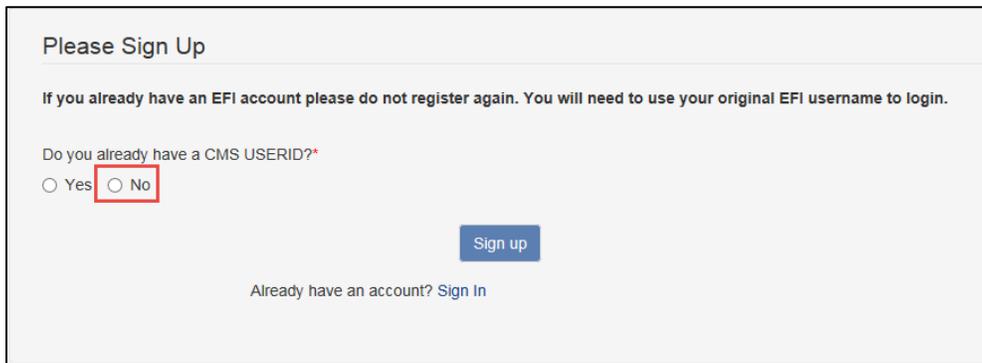

### 3.0 REGISTER IN EFI

The registration process requires the user to first respond to the question, “Do you already have a CMS USERID?”

As a new user of EFI, your answer will be “No”. The user is required to enter a desired username, password, first name, last name, and an email address. The user will also be required to enter their email address a second time. After the user clicks the “Sign Up” button, the user will receive an email message containing a link to verify the user’s ownership of the email address and to enable (activate) the EFI account.

**Note: If you entered a personal email address this will be used in order to notify you during the approval process and also to create your new CMS ID in EUA. If you have an email from your company is recommended to use it.**

1. Click **Register** from EFI login page ([EUA-EFI Home Page](#)).
2. Select the **No** radio button to answer the question, “Do you already have a CMS USERID?”

The screenshot shows a web form titled "Please Sign Up". Below the title is a message: "If you already have an EFI account please do not register again. You will need to use your original EFI username to login." The main question is "Do you already have a CMS USERID?\*" with two radio button options: "Yes" and "No". The "No" radio button is selected and highlighted with a red box. Below the question is a blue "Sign up" button. At the bottom of the form, it says "Already have an account? Sign In".

**Figure 1: Register – Provide answer to “Do you have a CMSID”**

3. Enter the personal information requested by the **Please Sign Up** form.
4. After you finished filling in all the required fields, click the **Sign up** button.

Please Sign Up

If you already have an EFI account please do not register again. You will need to use your original EFI username to login.

Username: JohnDoe1      Password: .....      Confirm Password: .....

Legal First Name: John      Legal Last Name: Doe

Email: JohnDoe@sample.com

**Sign up**

[Already have an account? Sign In](#)

**Figure 2: Register - Complete Sign up Form**

5. You will be directed to main HOME page with a confirmation that you successfully have registered and to follow the instructions from the automated email to activate (enable) your EFI account. Please check your JUNK or SPAM folder if you have not received the email directly in your INBOX.

You have successfully registered. Please check your email for instructions on how to activate your account.

**Sign In Methods to EFI**      POC and User guides may be found here.

New User? Click "Register" to create an account and begin an automated request for access to CMS assets.

**Sent:** Friday, March 24, 2017 1:09 PM  
**To:** Alvarado, Liz <liz.alvarado@anthem.com>  
**Subject:** EFI User Verification

Hello Liz Alvarado,

Thank you for registering with the EFI application.

Please click on the link below to verify your email and activate your account.

[Activate EFI Account](#)

Thank you,  
Enterprise User Administration (EUA)

***Figure 4: Register - EFI User Verification Email***

7. You will be directed to the EFI login page with the following confirmation message “Your account is now verified and active.”
8. This concludes the Registration process. You will be able to use your username and password to Log- in EFI.
9. Reference [Login with Username/Password](#) section for steps on how to Login with Username / Password.

## 4.0 FORGOT USERNAME

The “Forgot Username” process allows the user to recover their username. The user must provide their first name, last name, and one of three methods to provide the third item of information – CMSID, SSN, or Email. If there is match in the EFI system, an email message containing the user’s username will be sent to the user.

**Note: Please be aware that EFI entries are case-sensitive (upper/lower cases) so you will need to enter the information exactly as you did at registration.**

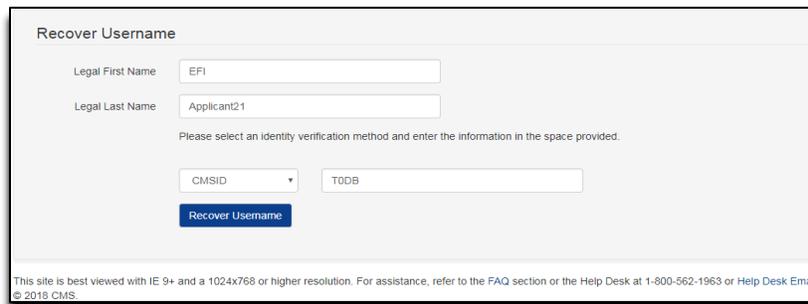

**Note: In order to use the CMSID method the user also should have a previous EFI account. Users that have an existing EUA ID but they just registered for a new EFI account won’t be able to use the CMSID method.**

### 1 CMSID Method

- a. Click the **Forgot Username?** link from the EFI login page ([EUA - EFI Login Page](#)).
- b. Enter your First Name, Last Name, and select CMSID as the identify verification method.
- c. Enter your CMSID and then click the **Recover Username** button.

**Note: Please be aware that the First Name and Last Name will need to be entered exactly as you did during registration otherwise the system won’t find your record.**

**Note: The user is required to enter a CMS ID (active) from EUA in the field. The user should also have a previous EFI account in order to match the information in the system.**

The screenshot shows a web form titled "Recover Username". It contains two text input fields: "Legal First Name" with the value "EFI" and "Legal Last Name" with the value "Applicant21". Below these fields is a prompt: "Please select an identity verification method and enter the information in the space provided." There are two input fields for this step: a dropdown menu currently set to "CMSID" and a text input field containing "TODB". A blue button labeled "Recover Username" is positioned below the dropdown menu. At the bottom of the form, there is a small footer: "This site is best viewed with IE 9+ and a 1024x768 or higher resolution. For assistance, refer to the FAQ section or the Help Desk at 1-800-562-1963 or Help Desk Email © 2018 CMS."

**Figure 5: Forgot Username - EFI CMSID identity verification method – Recovery Username page**

- d. You will receive an email at the email address you provided containing your EFI Username:

**Figure 6: Forgot Username - EFI Username Recovery email - CMSID identity verification method**

## 2 SSN Method

If you select the SSN method, you will need to provide the following information: First Name, Last Name, and your SSN for the fields in the “Recover Username” form and then click the **Recover Username** button. For the SSN field you can enter the SSN number with the following format including dashes (xxx-xx-xxxx) or just the SSN number without dashes (xxxxxxxxxx).

**Note: Please be aware that the First Name and Last Name will need to be entered exactly as you did during registration otherwise the system won’t find your record.**

Recover Username

Legal First Name

Legal Last Name

Please select an identity verification method and enter the information in the space provided.

**Figure 9: Forgot Username - EFI Email identity verification method – Recovery Username page**

- a. You will receive an email at the email address you provided containing your EFI Username:

**From:** eua@cms.hhs.gov [mailto:eua@cms.hhs.gov]  
**Sent:** Tuesday, January 16, 2018 3:58 PM  
**To:** Doe, Jane <jane.doe@gmail.com>  
**Subject:** New EFI Request Submitted: Bruce Banner

Hello Jane Doe,

Your EFI username is idoe.

Please log into [EFI](#) with your username and password.

Thank you,  
Enterprise User Administration (EUA)

**Figure 10: Forgot Username - EFI Username Recovery email - Email identity verification method**

## 5.0 FORGOT PASSWORD

The “Forgot Password” process allows the user to reset their password. The user must provide their EFI username and the email address used during registration. If there is match in the EFI system, an email message containing a link to reset the password will be sent to the user.

**Note: Please be aware that EFI is case-sensitive (upper/lower cases) so you will need to enter the information exactly as you did at the registration process.**

1. Click the **Forgot Password?** Link from the EFI login page ([EUA - EFI Login Page](#)).

Enter your Username and Email address at the “Recover Password” form and then click the **Recover Password** button.

**Note: Please be aware that the Username and Email will need to be entered exactly as you did during registration otherwise the system won’t find your record.**

**Figure 11: Forgot Password – Recover Password page**

2. You will receive an email at the email address you provided containing a link to reset your password:

```

From: eua@cms.hhs.gov [mailto:eua@cms.hhs.gov]
Sent: Tuesday, January 16, 2018 3:58 PM
To: Doe, Jane <jane.doe@gmail.com>
Subject: New EFI Request Submitted: Bruce Banner

Hello Jane Doe,

You have requested to reset your EFI account password.

Please select the link below to reset your password:

Reset Password

Thank you,
Enterprise User Administration (EUA)

```

**Figure 12: Forgot Password - EFI Password Reset Email**

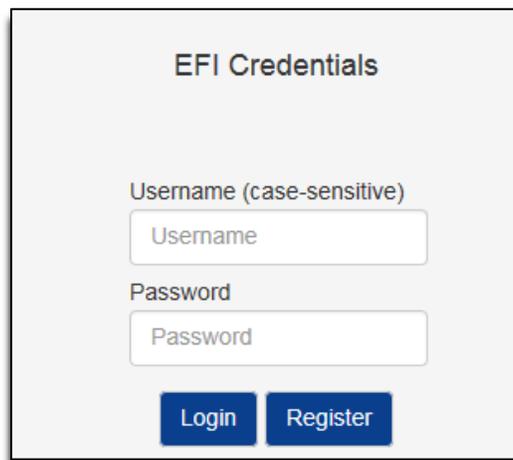

3. Reference [Reset Password](#) section for steps on resetting your password.

## 6.0 LOGIN WITH USERNAME/PASSWORD

The “Login with Username/Password” process requires the user to provide their EFI username and password and accept the Department of Health and Human Services (HHS) Warning message. After a successful login, the user will be directed to the EFI Home Page.

**Note: Please be aware that EFI is case-sensitive (upper/lower cases) so you will need to enter the information exactly as you did at the registration process.**

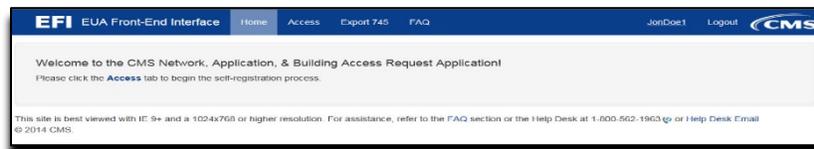

1. From the EFI login page ([EUA - EFI Login Page](#)) enter your EFI Username and Password under the **EFI Credentials** section and then click the **Login** button.

The screenshot shows a form titled "EFI Credentials". It contains two input fields: "Username (case-sensitive)" with the placeholder text "Username", and "Password" with the placeholder text "Password". Below the input fields are two blue buttons: "Login" and "Register".

**Figure 13: Login with Username/Password – EFI Credentials section**

2. At the **WARNING** pop-up message, click the **Agree** button once you are ready to continue.
3. A successful login will take you to the EFI Home page which will display “Welcome to the CMS Network, Application, & Building Access Request Application!”

**Figure 14: Login with Username/Password – EFI EUA Front-End Interface Home Page**

## 7.0 RESET PASSWORD

The “Reset Password” process allows the user to provide a new password for their account. Once the user completes the [Forgot Password](#) process, they will receive an email message containing a link to initiate the “Reset Password” process. After clicking the “Reset Password” link, the user will be directed to the EFI page where they can enter their username and a new password.

**Note: The password must be between 8-24 characters long and must contain at least one uppercase letter, one lowercase letter, and one special character. Please do not use previous 6 passwords.**

1. Refer to the [Forgot Password](#) Section of this document for instructions on how to initiate password reset.

Once you receive the EFI Password Reset email, click the **Reset Password** link within the email:

**Note: Do not use this link to login to EFI. Please open a new browser and enter the URL manually.**

**Figure 15: Reset Password - EFI Password Reset Email**

2. Complete the “Reset Password” form and then click the **Change Password** button.

The image shows a screenshot of a web form titled "Reset Password". The form contains the following fields and elements:
 

- Username:** A text input field containing the text "JonDoe1".
- New Password:** A text input field with masked characters (dots).
- Confirm New Password:** A text input field with masked characters (dots).
- Change Password:** A blue button with white text, highlighted with a red border.

**Figure 16: Reset Password - Reset Password Form**

3. Verify the “Password has been successfully changed” message on the EFI login page.
4. You will receive an EFI User Change email confirmation message that your password has been updated.

## 8.0 NEW USER REQUEST

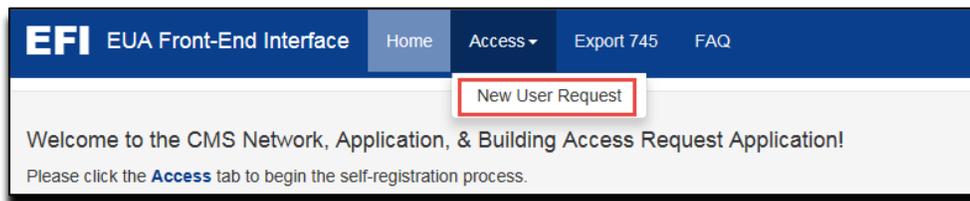

The “New User Request” process provides the user the ability to request a PIV card.

**NOTE: At times you may encounter issues with the page not refreshing with new data as expected. This is frequently attributed to Internet Explorer holding the original web page, with all the data, in the cache and not releasing it. Please refer to [How to Clear Cache in Internet Explorer Browser](#) to resolve this issue.**

From the EFI login page ([EUA - EFI Login Page](#)) enter your EFI Username/Password (EFI is case – sensitive).

**Note: Reference to [Login with Username/Password](#) section for steps on how to Login with Username / Password.**

1. Click the Access menu and then click New User Request.

**Figure 17: New User Request menu**

2. The Access Request contains four sections of details where you will be required to provide information needed to grant access. The information will vary based on whether you are a Contractor, CMS/Federal Agency Employee, or Business Partner.

 The screenshot shows the 'Create/Modify Access Request' form. It has a title bar and a warning message: '\* Please fill out each of the sections below to complete your Access Request. You may save your work at any time using the 'Save Request' button at the bottom of the screen. After 15 minutes of inactivity, you will lose any unsaved work and you will be logged out of the application. If you have any questions, please refer to the FAQ page.' Below the warning are four sections: 'User Details', 'Personal Details', 'Contact Details', and 'Additional Details'. At the bottom, there are 'Save Request' and 'Submit Request' buttons.

**Figure 18: Access Request Details**

3. Contractors and Federal Agency Employees are specifically asked if they have a PIV from another agency. If the answer is Yes, the UPN value is needed. A link to help documentation on how to capture your UPN from internet explorer is provided. Contractors also have to provide the PIV-issuing Agency name.

The screenshot shows a 'User Details' form with the following elements:

- Category\***: Dropdown menu with 'Contractor' selected.
- Type\***: Dropdown menu with 'Select' selected.
- Do you have a PIV issued by another agency?\***: Radio buttons for 'Yes' (selected) and 'No'.
- User Principal Name (UPN)\***: Text input field with 'UPN' entered.
- Issuing Agency\***: Dropdown menu with 'Select' selected.
- Request Justification**: Text area with 'Justification' entered.

**Figure 19: New User Request – PIV Issued by another Agency**

4. Please review the Access Request form and fill out any missing data in the remaining sections.

To expand a section, click the + button to the left of the section header (see [Appendix A](#) for more samples). Required information is identified by a red asterisk (\*)

5. In the “Additional Details” section, you will need to upload required documentation based on whether you are a Contractor or CMS/Federal Agency Employee.
  - Contractors are required to upload their PIV Training Certificate, Resume, and *signed* Declaration for Federal Employment form (OF-306). A link is provided to the [CMS Contracting Policy and Resources](#) web page where the documentation and training information is located.
  - CMS or Federal Agency Employees are required to upload their PIV Training Certificate

**Note: You must manually sign the OF-306 before uploading the document. Digital signatures are not accepted.**

**Note: The maximum file size of each uploaded document is 4MB.**

**Note: If you are a contractor please make sure you upload the required information for a PIV card. We recommend to save the documents with your last name with file extension. (examples: lastname.jpg or lastname.png or lastname.tiff or lastname.pdf)**

Additional Details

Applicant can access the required documentation and training by clicking on [this link](#).

Reminder: The OF-306 must have a wet signature. Digital signatures are not allowed.

**Figure 21: New User Access Request–HPMS Business Partner Consultant Type Selection Drop Down**

- In order to save your input data and work on it at another time, click the **Save Request** button at the bottom of the form.

8. After you have completed the information request, please review it for accuracy and enter your Social Security Number (SSN) in both required fields under Personal Details section before you click the **Submit Request** button.

**Note: The form requires you enter the SSN in the following format “xxx-xx-xxxx” Please be sure to add the dashes.**

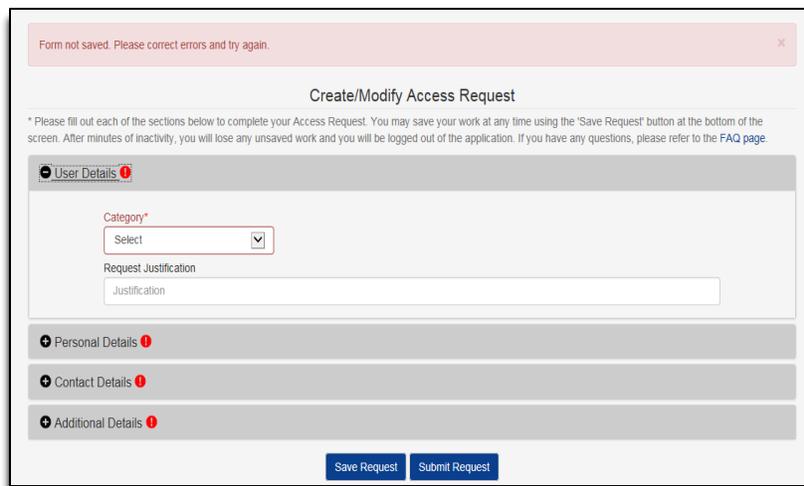

**Figure 22: New User Request/Update PIV – SSN field**

If you receive, **“Form not saved. Please correct errors and try again”** message, you will need to correct any input errors from the sections that has a red mark and then go to Personal Details section to re-enter your SSN in both required fields before you click the **Submit Request** button again in order to submit your Access Request.

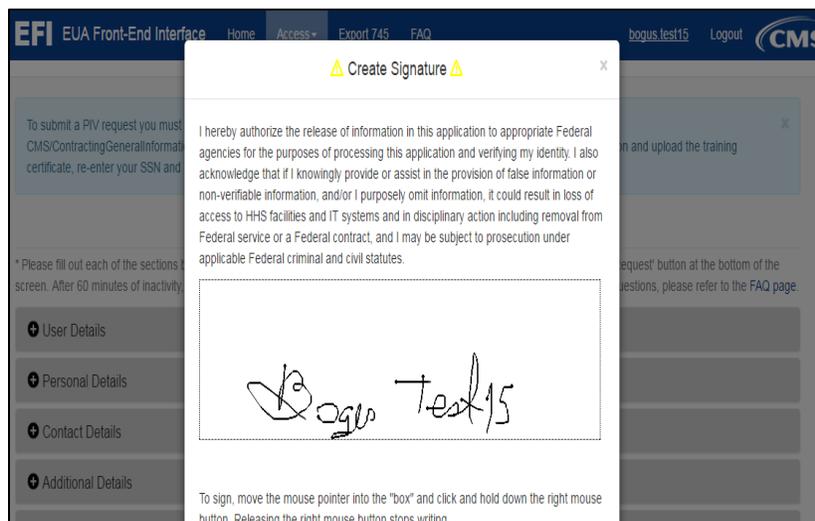

**Note: If you already entered your SSN number in both fields under Personal Details and you are ready to submit your request then click “Submit”. Please do not click the Save Request button because this will remove the SSN from the second field under the Personal Details section and also the required documents under Additional Details.**

9. In order to see the errors just click the + button to the left of each of the section header to correct them.

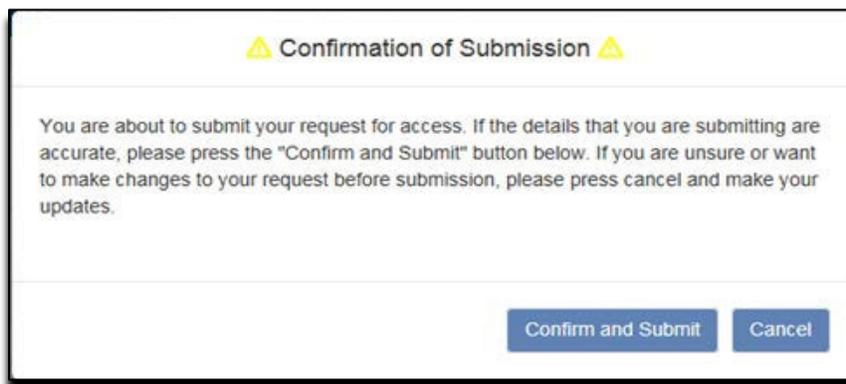

**Figure 23: New User Request – Form not saved, Please correct errors**

- Once you have verified that all the information in each of the sections is correct then, continue with the submission of your request by clicking the + button to the left of the Personal Details section header to re-enter your SSN and then click the **Submit Request** button. A pop-up to sign your HHS-745 form will show. Once you have finished signing, click the **Confirm and Submit Signature** button to continue.

**Figure 24: New User Request – Confirm and Submit Signature**

At the “Confirmation of Submission” pop-up, click the **Confirm and Submit** button once you are ready to continue. Otherwise, click the **Cancel** button if you want to go back to your application request.

**Figure 25: New User Request – Confirmation of Submission**

You will be directed to the Status page showing a summary of your input and the status of your request.

**Note: If you need to know the status of your request, first login to EFI (refer to [Login with Username/Password](#) section for steps on how to Login with Username/Password) click Access, and then click on the New User Request Menu. The request status is provided at the top of the request**

**form. If you have further questions regarding your request, please contact your Federal Approver/COR or your point of contact from your onboarding Company.**

The screenshot displays a web interface for a user request. At the top, there is a header 'Application Status' followed by a blue button labeled 'EFI Pending POC Approval'. Below this, the page is divided into two main sections: 'User Details' and 'Personal Details'. The 'User Details' section contains the following information: Full Name: applicant59 dev.r4, EFI Username: dev.r4.applicant59, User Category and Type: Contractor - IT Development and Support Contractors, and Justification: test. The 'Personal Details' section contains: Social Security: xxx-xx-6959, Birth Date: 06/09/1984, Birth City: Fairfax, Birth State: Virginia, Birth Country: United States of America, and US Citizen: true.

**Figure 26: New User Request – Status after Submission**

## 9.0 ACCESS REQUEST RETURN FOR MODIFICATION

The “Access Request Return for Modification” process provides the general steps on how the user will need to review the specific section(s) in the online form, to correct any errors and then resubmit the request for approval. The user must verify each of the marked sections in red and make all the necessary corrections, based on the selected role, before submitting the request.

For a contractor, once the user re-submits the request it will be reviewed by the contract Point of Contact (POC) or a user with Approval Authority for that contract. After the POC approves the request, the form will be reviewed by the Federal Approver/Contract Officer Representative (COR) and the user will then receive an email notification.

For all other users (CMS Employee, Federal Agency, and Business Partner), once the request is submitted it will be reviewed by the Federal Approver/COR and the user will then receive an email notification.

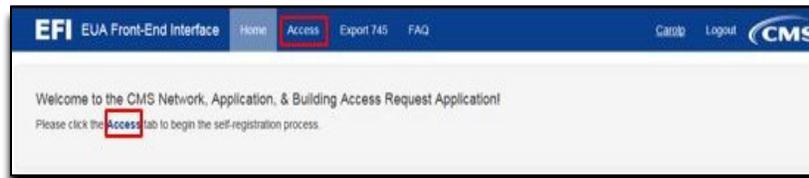

**Note: If the contract does not have a POC or Approval Authority assigned then the request will be reviewed by the Federal Approver/COR and the user will then receive an email notification.**

**Note: Please be aware that only you can see the reason for the Return for Modification in your application. Please contact your Federal Approver/COR with any questions.**

1. From the EFI login page ([EUA - EFI Login Page](#)) enter your EFI Username/Password (EFI is case – sensitive).

**Note: Reference the [Login with Username/Password](#) section for steps on how to Login with Username / Password.**

2. Click the **Access** tab from the EFI Home page or from the EFI top menu **Access > New User Request**

**Figure 27: Access Request Return for Modification - Access Tab**

Please review the form and correct any errors in the sections marked in red for User Details, Personal Details, Contact Details, Additional Details.

**Note: The information will be provided by your Onboarding Company or CMS COR.**

3. To expand a section in order to review and correct the error (s) please click the + button to the left of the section header (see [Appendix A](#) for mores samples).

**Figure 28: Access Request Return for Modification – Expand Error**

Once you have updated the marked section(s) with the correct information, please review it for accuracy and enter your Social Security Number (SSN) in both required fields under Personal Details section before you click the **Submit Request** button.

4. Create your signature then **Confirm and Submit** the request.

**Note: If you already entered your SSN number in both fields under Personal Details and you are ready to submit your request then click “Submit”. Please do not click the Save Request button because this will remove the SSN from the second field under the Personal Details section and also the required documents under Additional Details.**

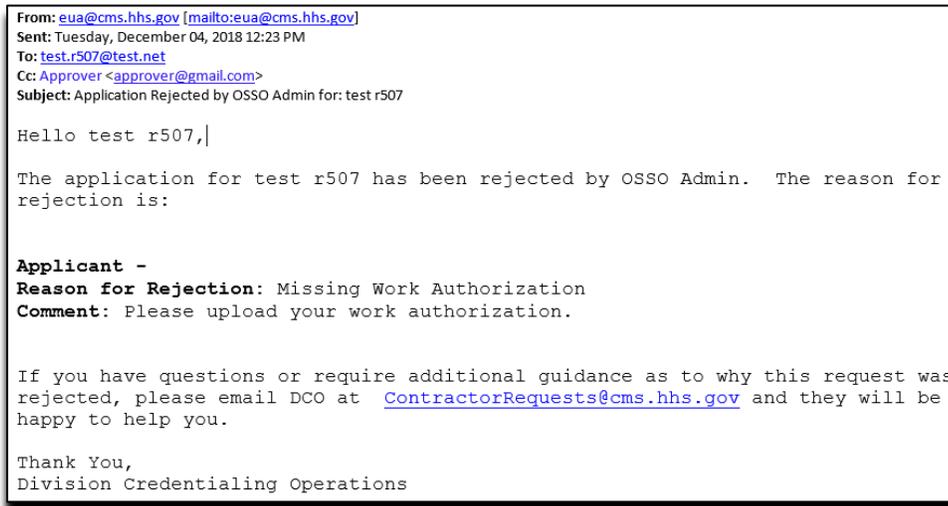

5. You will be directed to the Status page showing the result of your submission and the status of your request.

**Figure 29: Access Request Return for Modification – Status for CMS Employee, Federal Agency & Contractor roles**

## 10.0 OSSO-REJECTED ACCESS REQUESTS

The OSSO may discover an issue with your application request and return it to you for corrections. This process differs from the Return for Modification process. You should have received an email notifying you of the rejection.

1. You should have received an email notifying you of the rejection. Your Federal Approver/COR will be copied on this notification.

**Figure 30: OSSO-Rejected Access Request - Notification**

**Note:** Occasionally, the OSSO will find multiple issues with the request for you, or for you and your Federal Approver/COR to fix. Multiple reasons will be listed one below the other. Reasons for the Federal Approver/COR to fix will be labelled “Approver”.

2. From the EFI login page ([EUA - EFI Login Page](#)) enter your EFI Username/Password (EFI is case – sensitive).

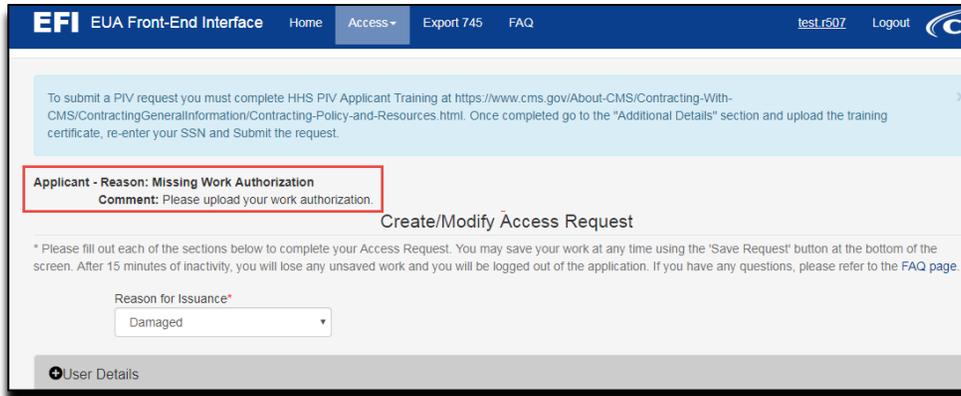

**Note:** Reference the [Login with Username/Password](#) section for steps on how to Login with Username / Password.

3. Click the **Access** tab from the EFI Home page or from the EFI top menu **Access > New User Request**

**Figure 31: OSSO-Rejected Access Request - Access Tab**

4. Your access request will be displayed to you. OSSO-rejected reasons will be listed at the top of the page and NOT in the body of the request as is done with Returns for Modification.

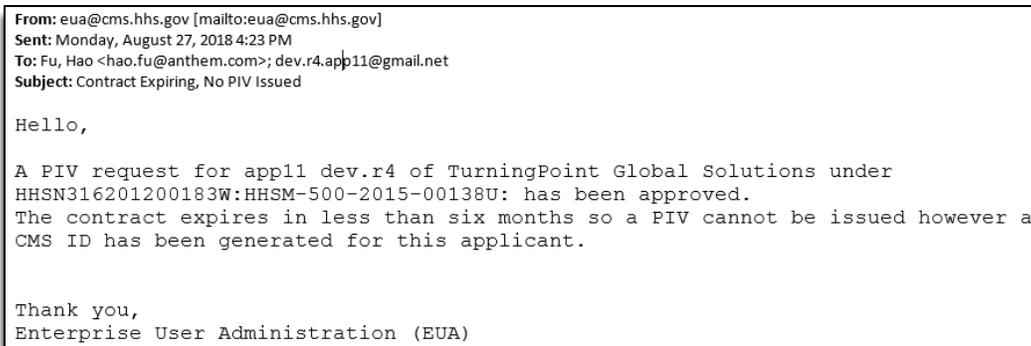

**Figure 32: OSSO-Rejected Access Request – Reason for Rejection**

5. Resolve the issues and re-submit the application as described in the [New User Request](#) section. You can email the OSSO team with any questions at [ContractorRequests@cms.hhs.gov](mailto:ContractorRequests@cms.hhs.gov)

## 11.0 EXPIRING CONTRACT NOTIFICATION

EFI will send a notification to you, the Applicant, and to your Approver when an approval was granted to an Access Request where the contract expires within six months.

The image shows a screenshot of an email notification. The email header includes the sender (eua@cms.hhs.gov), the date and time (Monday, August 27, 2018 4:23 PM), the recipients (Fu, Hao and dev.r4.app11@gmail.net), and the subject (Contract Expiring, No PIV Issued). The body of the email starts with a greeting 'Hello,' followed by a message stating that a PIV request for 'appl1 dev.r4 of TurningPoint Global Solutions' has been approved, but the contract's expiration date is less than six months away, preventing the issuance of a PIV. A CMS ID has been generated for the applicant. The email concludes with a 'Thank you,' and the sender's name, 'Enterprise User Administration (EUA)'.

From: eua@cms.hhs.gov [mailto:eua@cms.hhs.gov]  
Sent: Monday, August 27, 2018 4:23 PM  
To: Fu, Hao <hao.fu@anthem.com>; dev.r4.app11@gmail.net  
Subject: Contract Expiring, No PIV Issued

Hello,

A PIV request for appl1 dev.r4 of TurningPoint Global Solutions under HHSN316201200183W:HHSM-500-2015-00138U: has been approved. The contract expires in less than six months so a PIV cannot be issued however a CMS ID has been generated for this applicant.

Thank you,  
Enterprise User Administration (EUA)

**Figure 33: Email Notifying Expiring Contract**

Please contact your CMS COR / Federal Approver to resolve this in EFI using the EUA EFI Federal Approvers guide.

## APPENDIX A: SNAPSHOTS OF THE INFORMATION ASKED IN EACH SECTION OF THE ACCESS REQUEST FORM

The “Additional Details” section will display the required information according to the Category (CMS Employee, Contractor, and Federal Agency) and User Type (showing a few examples).

The screenshot shows the 'Create/Modify Access Request' form. The 'User Details' section is active and contains the following fields: 'Category\*' with a dropdown menu set to 'Contractor'; 'Type\*' with a dropdown menu set to 'Select'; a radio button group for 'Do you have a PIV issued by another agency?' with 'Yes' selected; 'User Principal Name (UPN)\*' with a text input field containing 'UPN'; 'Issuing Agency\*' with a dropdown menu set to 'Select'; and 'Request Justification' with a text input field containing 'Restored from backup of 26/03/2015, PPI scrambled'. Below the form are sections for 'Personal Details', 'Contact Details', and 'Additional Details', all collapsed. At the bottom, there is a warning message and two buttons: 'Save Request' and 'Submit Request'.

**Figure 34: User Details section - Contractor**

The screenshot shows the 'Create/Modify Access Request' form. The 'User Details' section is active and contains the following fields: 'Category\*' with a dropdown menu set to 'CMS Employee'; 'Type\*' with a dropdown menu set to 'Select'; 'Entrance on Duty' with a calendar icon and a text input field containing 'mm/dd/yyyy'; and 'Request Justification' with a text input field containing 'Restored from backup of 26/03/2015, PPI scrambled'. Below the form are sections for 'Personal Details', 'Contact Details', and 'Additional Details', all collapsed. At the bottom, there is a warning message and two buttons: 'Save Request' and 'Submit Request'.

## APPENDIX B: FAQ (FREQUENTLY ASK QUESTIONS)

Please refer to the FAQ on the EFI website for other commons questions

**Figure 44: Welcome to the EFI Frequently Asked Questions (FAQ) Page**

### 0.1 I cannot login in EFI it is taking me back to the HOME page

- Please make sure that you are entering your EFI credentials correctly (EFI is CASE SENSITIVE) and that you are NOT using the link from the email notification that you receive from either account activation or password reset.

### 0.2 PIV Applicant training information

- Each contractor employee who requires a CMS PIV card shall complete the HHS PIV Applicant Training, which is found at <https://www.cms.gov/About-CMS/Contracting-With-CMS/ContractingGeneralInformation/Contracting-Policy-and-Resources.html>. The contractor employee needs to complete the training and submit the PIV Applicant training certificate after completed the HHS-745 form properly.

### 0.3 I am getting system errors and my EFI request cannot be submitted and stay in a loop and freezes

- The EFI website is NOT fully compatible with Mozilla Firefox, Safari and Microsoft Explorer Edge (screenshot below). If you are having these issues try opening EFI in either Google Chrome or Microsoft Internet Explorer version 9 or newer.

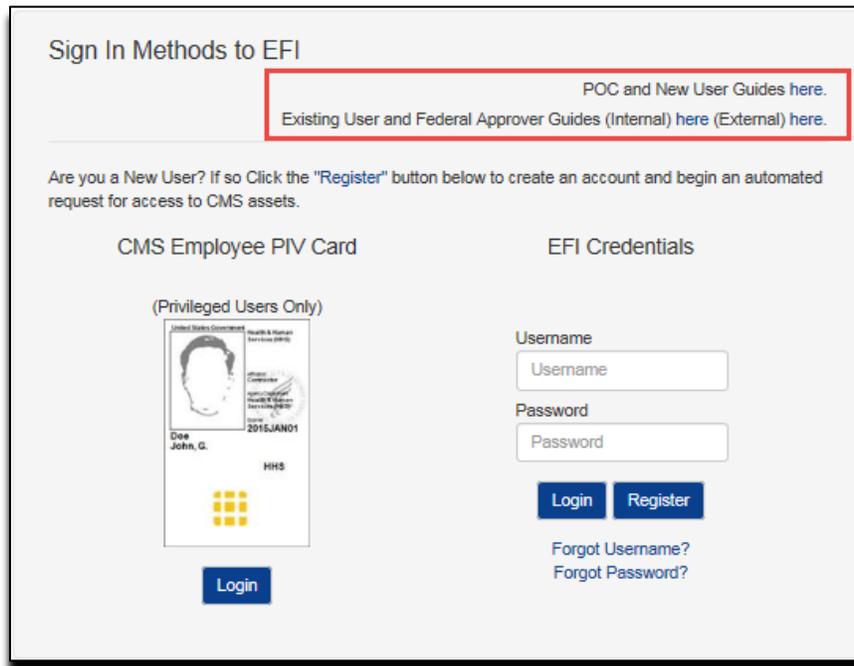

*Figure 45: Microsoft Edge*

#### 0.4 Approval process for contractors

- For a contractor once the request has been submitted, it will be reviewed by the contract Point of Contact (POC) or a user with Approval Authority for that contract (**This must be someone at the contract company**). After the POC approves the request, the form will be sent to the Federal Approver/Contract Officer Representative (COR) for final review and the user will then receive an email notification. If a PIV request, and once the COR approves it, the request will be sent to the OSSO for review and final acceptance. When the OSSO accepts the request the user and COR will receive an email notification.

## APPENDIX C: WHERE TO FIND THIS USER GUIDE

This User Guide is accessible from the EFI login screen.

**Figure 46: POC and User guides' link on Login Screen**

This EFI User Guide is accessible to those individuals who have an EUA account and are on the CMS domain via this internal link:

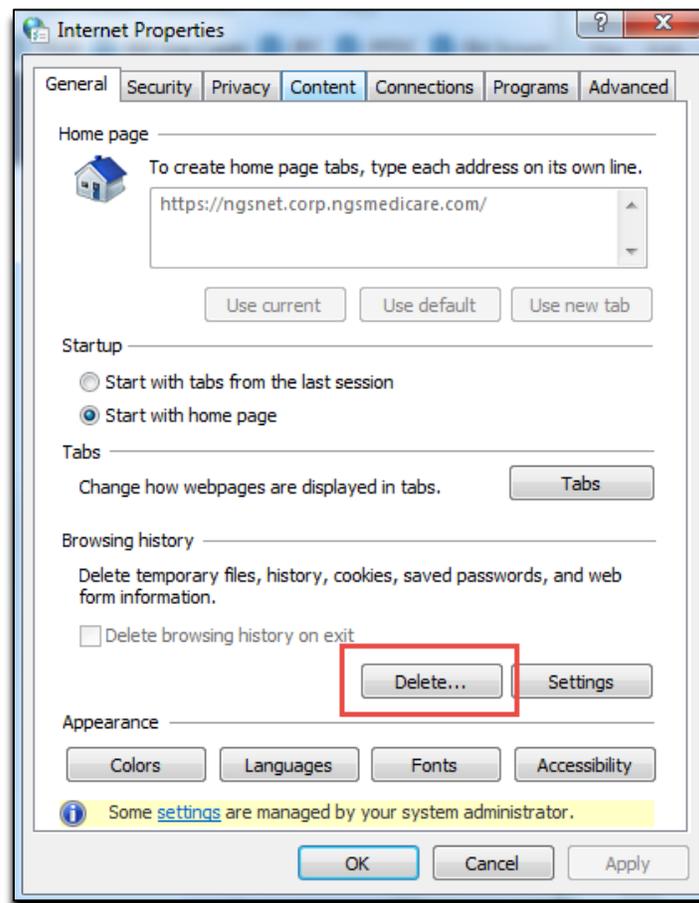

<https://vpnint.cms.local/EUADOCS>

This EFI User Guide is accessible to those individuals who have an EUA account and are not on the CMS domain via this external link:

<https://vpnnext.cms.hhs.gov/EUADOCS>

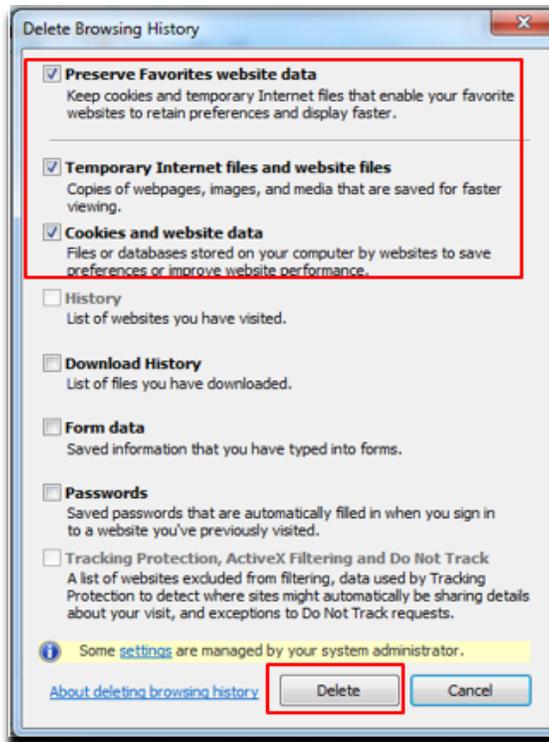

## APPENDIX D: HOW TO CLEAR CACHE IN INTERNET EXPLORER BROWSER

1. On the Internet Explorer Tools menu, click Internet Options. The Internet Options box should open to the General tab.
2. On the General tab, in the Browsing History section, click the Delete button
3. When the box opens please check Preserve Favorites website data, Temporary Internet files and website files, and Cookies and website data (see screenshot) and then click the Delete button.

**Figure 47: How to clear cache - Internet Options – Delete button**

4. This will delete all the files that are currently stored in your current cache.

**Figure 48: How to clear cache – Delete Browsing History screen**

## APPENDIX E: REVISION HISTORY

Date	Version	Description of Changes
09/27/2016	1.0	Guide for CA-EUA
03/07/2018	2.0	Updated Screenshots and combined EFI User Guide Manual
05/23/2018	2.1	Updated document for new development.
06/06/2018	2.2	Updated document for new development.
08/21/2018	2.3	Updated screenshots and text supporting Additional Documents Need to be Uploaded feature.
09/06/2018	2.4	Added section 9.1, Expiring Contract Notification
11/14/2018	2.5	Updated document for new development adding item 6 and figure 21 for HPMS Business Partner enhancement. Also added HPMS Business Partner (figure 38) and Contractor Additional Details (figure 39) screen shots.
12/4/2018	2.6	Added section 10, OSSO-Rejected Requests, added screenshot in Appendix A for Personal Details – Contractor – Foreign National. Added Chrome support.
