

Minimum Essential Coverage Applicants Receiving Approval

June 26, 2018

The following list identifies the applicant(s) whose coverage has been recognized as Minimum Essential Coverage (MEC) through the Centers for Medicare & Medicaid Services' (CMS') application process. The applicant(s) on the list met substantially all of the requirements of Title I of the Affordable Care Act that pertain to non-grandfathered, individual health insurance coverage, as well as all procedural requirements for application set out by CMS in regulations and guidance. When CMS recognizes coverage as MEC through the application process, that recognition is valid until the plan sponsor makes a substantial change to the benefits provided (e.g., a reduction in benefits, increase in cost sharing, or the plan no longer complies with a requirement of Title I of the Affordable Care Act that applies to non-grandfathered, individual health insurance coverage). CMS will update this list periodically as more applicants are recognized as MEC.
