

2015 Navigator Grant Recipients

Navigators serve as an in-person resource for Americans who want additional assistance when shopping for and enrolling in plans through the Health Insurance Marketplace.

Below are the recipients of the 2015 Navigator grants in Federally-facilitated Marketplaces and State Partnership Marketplaces, grouped by state. The tables below provide information regarding which counties the grantee will serve and their target populations (as included in their grant application). As a reminder, Navigators are required to assist any consumer seeking assistance, even if that consumer is not a member of the community(ies) or groups the applicant expects to serve as outlined in their funding proposal.

Recipients marked with an asterisk (*) are operating in more than one state. The anticipated grant amount listed in each case only applies to the amount awarded that organization for that state's specific operations during the first 12 months of the grant project period. The 2015 Navigator grants are being awarded for a three year (36 month) project period, which runs through September 1, 2018.

ALABAMA

AIDS Alabama, Inc.

Anticipated grant amount: \$777,923

Counties Served	Target Population
Statewide	<ul style="list-style-type: none">• Populations that are newly-eligible for health insurance through the Affordable Care Act, especially those in the lower and middle income populations.• Increased focus on consumers with HIV/AIDS, homeless, rural, and vulnerable populations, particularly those with disabilities, and the Latino community

AIDS Alabama served as a Navigator grantee in 2013 and 2014, and will continue to focus on those newly-eligible for health insurance, especially reaching out to lower and middle-income populations. AIDS Alabama works statewide to help people with HIV/AIDS live healthy, independent lives and works to prevent the spread of HIV. AIDS Alabama Navigators will conduct community-wide educational events and presentations in an effort to educate Alabamians on the Federally-facilitated Marketplace. In addition, they will use their consortium comprised of community organizations, religious institutions, businesses, schools, and colleges, clinics, drug and alcohol rehabilitation facilities, and hospitals, to reach consumers across Alabama.

Tombigbee Healthcare Authority

Anticipated grant amount: \$513,189

Counties Served	Target Population
Greater Baton Rouge, including Ascension, East and West Baton Rouge, Iberville, East and West Feliciana, Livingston, and Pointe Coupee parishes	<ul style="list-style-type: none"> Rural, underserved, vulnerable, and special needs populations

Family Road of Greater Baton Rouge is a non-profit organization which coordinates the services of more than 108 nonprofit, private, and government agencies while serving families in one central location. It is designed to help build stronger and healthier families with programs that address many of the specific health, social, and economic problems that have been identified in the community.

Southwest Louisiana Area Health Education Center

Anticipated grant amount: \$1,047,534

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> Underserved populations, special emphasis going to the uninsured who are above 138% of the federal poverty level

The Southwest Louisiana Area Health Education Center (SWLAHEC) was founded in 1991 and aims to improve health status in the region through access to information, education and health services and served as a 2013 and 2014 Navigator grantee. SWLAHEC is part of the Navigators for a Healthy Louisiana (NHL) consortium which will systematically and efficiently educate citizens and documented residents regarding the Federally-facilitated Insurance Marketplace, and assist consumers in enrolling in qualified health plan, or refer them to other appropriate agencies or programs.

MAINE

Fishing Partnership Health Plan

Anticipated grant amount: \$79,000

Counties Served	Target Population
York, Cumberland, Sagadahoc, Lincoln, Knox, Waldo, Hancock, and Washington	<ul style="list-style-type: none"> Rural fishing families

Fishing Partnership Health Plan (FPHP) served as a 2013 and 2014 Navigator grantee and is a health plan

developed to provide subsidized coverage to uninsured commercial fisherman, many of whom operate as small business owners or employees. FPHP, in collaboration with the Maine Lobstermen's Association, will undertake a series of community health navigation activities, including: outreach; social marketing; distribution of material describing the program, the Affordable Care Act, and the health insurance enrollment process.

Western Maine Community Action

Anticipated grant amount: \$521,000

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> • Low and moderate income families, individuals between 200-400% FPL, WIC clients, recently incarcerated, tribal communities, self employed, and agency's current clients • Increased focus on rural, formerly incarcerated, minority

Western Maine Community Action, Inc. is a private non-profit community agency and serves as the lead for a state-wide consortium of eight community action agencies, collectively referred to as the WMCA Community Action Navigator Consortium. As a 2013 and 2014 Navigator grantee, funds were used to create a statewide network of education, outreach and enrollment assistance available and accessible to every uninsured and under-insured individual in Maine. This year, the Consortium will continue to help consumers understand new insurance options available to them under the ACA, take advantage of consumer protections, and navigate the health insurance system to find affordable health coverage that meets individual needs.

MICHIGAN

Arab Community Center for Economic & Social Services (ACCESS)

Anticipated grant amount: \$560,376

Counties Served	Target Population
Macomb, Wayne, Oakland, Livingston, and St. Clair	<ul style="list-style-type: none"> • Arab-American, South Asian, African-American, Latino, and resettled refugees • Increased focus on resettled refugees, permanent resident aliens, limited English proficiency, Spanish and African-American clients

ACCESS is non-profit service agency that advocates for, empowers and enables individuals, families, and the Arab, Chaldean, and Bangladeshi American communities in metropolitan Detroit to achieve optimal health and wellness. They served as a 2013 and 2014 Navigator grantee and this year funds will be used to continue reaching out to and engaging under/uninsured community members through local, multicultural electronic and print media, public access television and radio, and monthly ACCESS and community partner events, like weekly health “Expos” at the three County Public Health Offices.

City of Garden City

Anticipated grant amount: \$373,177

Counties Served	Target Population
Wayne	<ul style="list-style-type: none"> All residents of service area, with a focus on consumers with low incomes

The Tri-City Consortium will target services to underserved, vulnerable and special needs populations including members of minority populations that have experienced health disparities, young adults and post-secondary graduating students, new mothers and women with children, individuals with disabilities, and/or Medicaid-eligible consumers who are not enrolled in coverage despite being eligible for Medicaid. Navigators will be located in the local libraries, city halls and community centers of the partnering communities. Navigators will provide face-to-face, one-on-one enrollment assistance, as well as post-enrollment assistance.

Forest County Potawatomi Community*

Anticipated grant amount: \$ 37,400

Counties Served	Target Population
Chippewa, Menominee, Baraga, Gogebic, Chippewa, Manistee, Petoskey, and Suttons Bay	Tribal members, including rural tribal communities

Forest County Potawatomi Community served as a 2014 Navigator grantee and will continue providing Tribal consumers with direct access to culturally competent Navigator assistance. Navigators will be trained and housed within each tribal community. This project will provide Tribal governments in Wisconsin and Michigan with sustainable access to information about and assistance with enrollment in Qualified Health Plans (QHP) and state Medicaid programs through Federally-Facilitated Marketplaces. Forest County Potawatomi Community will also serve as a Navigator grantee in Wisconsin.

Michigan Consumers for Healthcare

Anticipated grant amount: \$1,381,233

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> Targeted outreach to minorities reflecting the cultural and linguistic diversity of Michigan, disabled, LGBTQ, others

The Michigan Consumers for Healthcare (MCH) network served as a 2013 and 2014 Navigator grantee and includes statewide organizations and local affiliates with deep experience in conducting Medicaid and CHIP outreach and enrollment and health insurance counseling for uninsured and vulnerable individuals and families. This year, they will expand to 40 statewide, regional and local community-based with a total of 120 proposed HHS-trained and certified Navigators on board. This year MCH will deploy additional, targeted outreach and educational strategies, including language services, improved access to people with disabilities, and outreach to young adults, by directly supporting partner organizations that reflect the populations and understand each community's needs.

Midwest Asian Health Association (MAHA)

Anticipated grant amount: \$137,581

Counties Served	Target Population
Washtenaw, Kent, Oakland, and Wayne	<ul style="list-style-type: none">Asian immigrants and refugees with limited English proficiency and low health insurance literacy, including Indian, Chinese, Burmese, Bangladesh, Hmong, Korean, Laos, Filipino, Vietnamese, and individuals with disabilities.

The Tri-State Asian Navigator Partnership Initiative (TANPI) was initiated by the Midwest Tri-State ACA Collaborative (MTAC) in 2014 with the navigator grant from CMS. The MTAC’s mission is to build a multi-state infrastructure mobilizing culturally and linguistically competent approaches to increase the number of individuals accessing to healthcare services and reduce the health disparities among the vulnerable and hard-to-reach Asian Americans Pacific Islanders (AAPIs) with limited English proficiency and low health literacy in Michigan. As part of the MTAC, plan to conduct outreach and public education that helps inform communities about the new opportunities for accessing health care coverage, and assistance paying for health coverage.

MISSOURI

Missouri Alliance of Area Agencies on Aging

Anticipated grant amount: \$891,095

Counties Served	Target Population
Adair, Andrew, Atchison, Audrain, Barry, Barton, Bates, Benton, Bollinger, Boone, Buchanan, Butler, Caldwell, Callaway, Camden, Cape Girardeau, Carroll, Carter, Cedar, Chariton, Christian, Clark, Clinton, Cole, Cooper, Crawford, Dade, Dallas, Daviess, DeKalb, Dent, Douglas, Dunklin, Franklin, Gasconade, Gentry, Greene, Grundy, Harrison, Henry, Hickory, Holt, Howard, Howell, Iron, Jasper, Jefferson, Johnson, Knox, Laclede, Lafayette, Lawrence, Lewis, Lincoln, Linn, Livingston, McDonald, Macon, Madison, Maries, Marion, Mercer, Miller, Mississippi, Moniteau, Monroe, Montgomery, Morgan, New Madrid, Newton, Nodaway, Oregon, Osage, Ozark, Pemiscot County, Perry, Pettis, Phelps, Pike, Polk, Pulaski, Putnam, Ralls, Randolph, Reynolds, Ripley, St. Charles, St. Clair, Ste. Genevieve, St. Francois, St. Louis, St. Louis City County, Saline, Schuyler, Scotland, Scott, Shannon, Shelby, Stoddard, Stone, Sullivan, Taney, Texas, Vernon, Warren, Washington, Wayne, Webster, Worth, and Wright	<ul style="list-style-type: none">Increased focus on rural, underserved, special needs population, deaf community, refugee population (Nepali, Somali, Vietnamese, Liberian, Bhutanese), and African American population.

The Missouri Alliance of Area Agencies on Aging has been the leading voice for older adult services, information, and advocacy in Missouri since 1973. During 2013 and 2014, they served as a Navigator grantee and this year they will continue to provide statewide outreach and education to consumers through wellness events, Area Agencies on Aging (AAA) newsletters, their website, public media, social media, and information call centers such as 211.

Planned Parenthood of St. Louis

Anticipated grant amount: \$388,787

Counties Served	Target Population
Barry, Barton, Christian, Franklin, Greene, Jasper, Jefferson, Lawrence, Lincoln, McDonald, Newton, Saint Charles, Saint Louis, Stone, Warren, and Webster	<ul style="list-style-type: none"> • Uninsured residents between 101 and 400% FPL who qualify for financial assistance purchasing a QHP. • Increased focus on residents insured through the Marketplace; families with children that may qualify for Medicaid (MO HealthNet); Limited English proficiency; Rural, African Americans; Latinos; Bosnians; Vietnamese populations; and Low health insurance literacy populations

Planned Parenthood of the St. Louis Region and Southwest Missouri (PPSLRSWMO) is a nonprofit organization incorporated in June 1932 as the Maternal Health Association to provide sexual health information and services to St. Louis families. The project will target uninsured residents, particularly those between 101 and 400% FPL who qualify for financial assistance purchasing a qualified health plan on the Marketplace, residents insured through the Marketplace, and families with children that may qualify for Medicaid (MO HealthNet).

St. Louis Effort for AIDS, Inc.

Anticipated grant amount: \$545,704

Counties Served	Target Population
Adair County, Audrain County, Barry County, Barton County, Bates County, Benton County, Bollinger, Boone, Butler, Callaway, Camden, Cape Girardeau, Carter, Cass, Cedar, Chariton, Christian, Clark, Clay, Cole, Cooper, Crawford, Dade, Dallas, Dent, Douglas, Dunklin, Franklin, Gasconade, Greene, Henry, Hickory, Howard, Howell Iron, Jackson, Jasper, Jefferson, Johnson, Knox, Laclede, Lafayette, Lawrence, Lewis, Lincoln, Linn, McDonald, Macon, Madison, Maries, Marion, Miller, Mississippi, Moniteau, Monroe, Montgomery, Morgan, New Madrid, Newton, Oregon, Osage, Ozark, Pemiscot, Perry, Pettis, Phelps, Pike, Platte, Polk, Pulaski, Putnam,	<ul style="list-style-type: none"> • People living with, affected by and at-risk of contracting HIV/AIDs, LGBT, African Americans (ages 18-40), Latinos, vulnerable & underserved individuals living in rural and urban communities, individuals with low health literacy

Counties Served	Target Population
Ralls, Randolph, Ray, Reynolds, Ripley, St. Charles, St. Clair, Ste. Genevieve, St. Francois, St. Louis, St. Louis City County, Saline, Schuyler, Scotland, Scott, Shannon, Shelby, Stoddard, Stone, Sullivan, Taney, Texas, Vernon, Warren, Washington, Wayne, Webster, and Wright	

Saint Louis Effort for AIDS (EFA) will be the lead agency in the ACCESS Project Consortium. ACCESS will provide navigator enrollment assistance in the insurance Marketplace and insurance literacy services for consumers within 99 of the 115 counties in Missouri. The project will expand enrollment assistance in the Marketplace through the use of Navigators targeting consumers that are uninsured/underinsured, increasing health insurance literacy, facilitating re-enrollment in and increasing awareness of the Marketplace.

MISSISSIPPI

Oak Hill Missionary Baptist Church Ministries

Anticipated grant amount: \$547,867

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> Uninsured, underinsured among multiple communities of color, and potential consumers looking to renew their coverage

Oak Hill Missionary Baptist Church Ministries served the lower Mississippi River Delta Region as a 2013 and 2014 Navigator grantee and this year will continue to serve statewide. Working through the collaborative Get Covered Mississippi! (GCMS), they will work with Mississippi-based faith and community organizations in ACA outreach, education, enrollment activities, and health training. Oak Hill has trained clergy to be health ambassadors that will reach out to uninsured residents and provide information about enrollment into the Marketplace.

University of Southern Mississippi

Anticipated grant amount: \$415,224

Counties Served	Target Population
Adams, Amite, Covington, Forrest, Franklin, George, Greene, Hancock, Harrison, Jackson, Jefferson, Jefferson Davis, Jones, Lamar, Lincoln, Lawrence, Marion, Pearl River, Perry, Pike, Stone, Walthall, Wayne, and Wilkinson	<ul style="list-style-type: none"> Populations that are most likely to be uninsured—those living in poverty, those in rural areas, people of color, women and children, and people with disabilities.

The Mississippi Health Access Collaborative (MHAC) is a proposed replication of the highly successful University of Southern Mississippi (USM) School of Social Work and City of Hattiesburg’s E³ (Educate, Enroll, Empower) Health Initiative. The MHAC will extend this success by increasing access to health insurance (Marketplace, Medicaid, CHIP) enrollment assistance for individuals and families living in

additional underserved communities through the E³ Health Initiative’s successful In-Reach and Out-Reach model. The MHAC will focus on mothers and children as part of its strategic plan to eliminate health disparities and improve access to health care in south Mississippi.

MONTANA

Intermountain Planned Parenthood, Inc. DBA Planned Parenthood

Anticipated grant amount: \$337,555

Counties Served	Target Population
Yellowstone (Billings), Cascade (Great Falls), Lewis & Clark (Helena) and Missoula (Missoula), Crow (Big Horn County), Northern Cheyenne (Rosebud County), Rocky Boy (Hill County), FT. Belknap (Blain County), Blackfeet (Lake County) and Flathead (Glacier County), Broadwater, Carbon, Choteau, Gallatin, Granite, Jefferson, Liberty, Meagher, Mineral, Park, Pondera, Ravalli, Stillwater, Sweet Grass, Teton, Toole, and Treasure	<ul style="list-style-type: none"> • Uninsured and underinsured population • Increased focus on American Indians, women, young adults, rural populations, as well as individuals with limited English proficiency and/or disabilities

As a 2013 and 2014 Navigator grantee, Planned Parenthood of Montana (PPMT) established the Montana Marketplace Connection to assist consumers in navigating the Montana Marketplace. PPMT will conduct public education activities to raise awareness about the Marketplace that will include outreach and enrollment events, in-reach to PPMT patients, distribution of educational and informational materials, including door-to-door canvassing/literature drops, and a marketing and advertising campaign that will utilize billboards, radio and print advertisements. PPMT will also use social networking including Facebook, Twitter, Google Adwords, CoverMT.org and its website to promote outreach and enrollment activities.

Rural Health Development DBA Montana Health Network

Anticipated grant amount: \$197,683

Counties Served	Target Population
Big Horn, Broadwater, Carbon, Carter, Chouteau, Custer, Daniels, Dawson, Deer Lodge, Fallon, Fergus, Garfield, Golden Valley, Jefferson, Judith Basin, Lincoln, Madison, McCone, Meagher, Musselshell, Park, Petroleum, Phillips, Powder River, Powell, Prairie, Richland, Roosevelt, Rosebud, Sheridan, Silver Bow, Stillwater, Sweet Grass, Treasure, Valley, Wheatland, and Wibaux	<ul style="list-style-type: none"> • Uninsured, underserved "Frontier" communities, underserved and vulnerable populations, and tribal populations

Rural Health Development is a non-profit consortium of rural health care providers established in 1990 with a strong network of relationships enabling them to bring value to healthcare through cost savings, research and development of products and services in underserved Frontier communities. As a 2013 and 2014 Navigator grantee, Rural Health Development provided enrollment assistance, through member

health care providers, to eastern Montana and will continue to build upon those efforts this year.

NEBRASKA

Community Action of Nebraska, Inc.

Anticipated grant amount: \$455,000

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> • Tribal members, rural areas, underserved, vulnerable, and special needs populations, minority populations • Increased focus on minority populations (African American, American Indian, refugees, and populations with limited English Proficiency) that have experienced health disparities, individuals with disabilities, and/or Medicaid-eligible consumers who are not enrolled in coverage despite being eligible for Medicaid.

Community Action of Nebraska serves community service organizations and non-profits across the state of Nebraska. The organization will build upon existing statewide infrastructure developed while serving as a 2013 and 2014 Navigator grantee to continue providing assistance to nearly uninsured Nebraskans in need of health coverage through the Marketplace. Outreach efforts to Native Americans, minorities, and youth will be strengthened through partnerships with cultural centers and other local/state organizations serving these populations by partnering with faith-based agencies, tribal councils, and institutions of higher education.

HRS/Erase, Inc.*

Anticipated grant amount: \$145,000

Counties Served	Target Population
Dodge, Douglas, Sarpy Saunders, and Washington	<ul style="list-style-type: none"> • Ethnic and minority groups, uninsured individuals and families; uninsured and under-insured in various populations, including uninsured racial and ethnic minority populations and those economically or environmentally disadvantaged

HRS Erase served as a 2014 Navigator grantee and will continue to assist individuals, in various ways, including educating about the coverage option(s) available through the Marketplace during 2016 through 2018 open enrollment periods and the special enrollment period. In addition, Navigators will assist individuals with enrollment and re-enrollment for 2016 through 2018, apply for exemptions and assisting through the appeal process as necessary. Navigators will also provide outreach and educational services to the community in order to build and strengthen relationships with partners in those communities and help educate consumers on services available through and beyond the marketplace.

HRS Erase will also serve as a Navigator grantee in Ohio.

NEW HAMPSHIRE

Bi-State Primary Care Association

Anticipated grant amount: \$354,512

Counties Served	Target Population
Belknap, Carroll, Grafton, Hillsborough, Merrimack, Rockingham, and Stafford	<ul style="list-style-type: none"> • Uninsured and underserved populations including patients currently served at Community Health Centers • Increased focus on immigrants, homeless, pregnant women and mothers, young adults, LGBT, disabled, and formally incarcerated individuals

Bi-State Primary Care Association, a nonprofit charitable organization served as a 2013 and 2014 Navigator grantee and represents a consortium comprised of 5 community health centers. Bi-State and its partners plan on using funds to leverage historical experience with community partners, health coverage initiatives, and trusted relationships with the medically uninsured to build a statewide outreach and navigation infrastructure serving eight counties in the state. In addition, they will continue to conduct public education campaigns, targeted outreach that includes the use of bilingual and bicultural staff, partnering with seasonal employer and schools, and the host large and small group outreach events that include disability access.

Bhutanese Community of New Hampshire

Anticipated grant amount: \$245,488

Counties Served	Target Population
Hillsborough, Hillsborough, Merrimack, and Belknap	<ul style="list-style-type: none"> • Resettled refugees and other limited English proficient groups. • Increased focus on Arabic, French, Kinyarwanda, Kirundi, Lingala, Somali and Swahili speaking refugees and immigrants

The Bhutanese Community of New Hampshire (BCNH) is a community based organization formed in 2009 with the mission of creating an enduring legacy of refugee and immigrant heritage for future generations through stewardship of successful integration and community contributions. The project includes a partnership with three additional New-Hampshire based ethnic communities. BCNH and its partners will conduct outreach, education, and enrollment activities with marginalized resettled refugees and other limited English proficient groups.

[NEW JERSEY](#)

Center For Family Services, Inc.

Anticipated grant amount: \$805,000

Counties Served	Target Population
Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, and Salem	<ul style="list-style-type: none">• HRSA designated Medically Underserved Areas, single mothers, LEP individuals, individuals with disabilities, individuals in recovery, domestic violence survivors, and urban populations.• Increased focus on Latino, Asian American, Native American, and LGBT populations

Center For Family Services, Inc. (CFS) is a nonprofit human services agency with 90 years of experience serving individuals and families across the life span and served as a 2013 and 2014 Navigator grantee. CFS' mission is to support and empower individuals, families and communities to achieve a better life through vision, hope and strength, with a vision for all people to lead capable, responsible, fulfilled lives in strong families and healthy communities. CFS will build off of their experience and continue to serve persons who are considered poor or working poor and who are in need of insurance. These populations include single mothers, residents with limited English proficiency, individuals with disabilities, individuals in recovery, individuals with insufficient access to health care, individuals who are victims of crime and domestic violence, and urban populations.

Jewish Renaissance Medical Center

Anticipated grant amount: \$249,594

Counties Served	Target Population
Middlesex, Union, and Essex	<ul style="list-style-type: none">• Individuals living within the target counties

The Jewish Renaissance Medical Center (JRMC) is a Section 330 Federally Qualified Health Center. JRMC is targeting the under-served and uninsured populations located throughout Middlesex, Union and Essex Counties in the North-Eastern part of New Jersey. In addition to serving individuals who present to one of its eight clinic sites, JRMC will establish two store-front facilities one in Perth Amboy (Middlesex County) and one in Newark (Essex County) that will serve as Health Marketplace Information Centers (HMICs).

The Family Resource Network, Inc. (FRN)

Anticipated grant amount: \$335,008

Counties Served	Target Population
Middlesex, Mercer, Ocean, Hunterdon, Somerset, and Morris	<ul style="list-style-type: none">• All uninsured, but with a focus on reaching people with disabilities

The Family Resource Network (FRN) served as a 2014 Navigator grantee and is one of the leading providers of community based services to people with disabilities and their caregivers living in NJ.

FRN utilizes its network of affiliates to provide families and individuals with disabilities the resources of a large state-wide organization with the service and support of a focused local charity. This year, FRN will continue navigating the Marketplace for all residents in Middlesex, Mercer, and Ocean counties and expand to Hunterdon, Morris and Somerset counties, with a specialty in reaching some of the most vulnerable NJ residents, including people with disabilities.

The FoodBank of Monmouth and Ocean Counties

Anticipated grant amount: \$300,000

Counties Served	Target Population
Monmouth, Ocean, and Middlesex	<ul style="list-style-type: none"> • People who use the food bank and hospitals in the counties listed. • Increased focus on Latinos, new mothers with children, low income, LEP, young adults, and people with disabilities

The FBMOC is a 501(c)3 nonprofit community organization since 1984 and served as a 2013 Navigator grantee. Navigators will participate in or implement public education activities at fairs, libraries, shopping malls, WIC clinics, churches, food pantries, colleges, mental health organizations, hospitals, health and wellness events and other community sites with whom the Healthy Community Partners have sustained key relationships.

Wendy Sykes - Orange ACA Navigator Project

Anticipated grant amount: \$335,008

Counties Served	Target Population
Essex and Union	<ul style="list-style-type: none"> • Employers and employees, self-employed individuals, uninsured/underinsured, reachable and hard to reach consumers. • Increased focus on vulnerable populations such as homeless adults, children and families, residents with language barriers, LGBTQ, college students, unemployed and ex-offender populations.

As a 2013 and 2014 Navigator grantee, the Orange ACA Navigator Project (OACANP) integrated several existing community-based systems in order to serve as a guide to help uninsured residents and small businesses in underserved and vulnerable populations learn about and enroll in health insurance through the Marketplace. This year, OACANP will continue to aim to make purchasing health insurance easier and more understandable, it will allow for greater choice in the hands of eligible individuals and small businesses.

[NORTH CAROLINA](#)

Alcohol/Drug Council of North Carolina

Anticipated grant amount: \$331,354

Counties Served	Target Population
Statewide	<ul style="list-style-type: none">• North Carolinians with behavioral health disorders, the Latino population, and uninsured veterans. Other part of app indicated substance abuse disorders and mental illnesses.

The Alcohol/Drug Council of North Carolina was a 2013 and 2014 Navigator grantee and will work with the Bringing Enrollment in Affordable Care Options to North Carolina (BEACON) Project Consortium. This year they will continue to provide specialized Navigation services to North Carolinians with behavioral health disorders, the Latino population, and uninsured veterans. The BEACON Project will plan and implement programming for these target populations within three regions of North Carolina (East/Central/West). Regional staff teams will plan and implement specially targeted educational programs and outreach events, and mobile navigation services to reach rural areas of North Carolina.

Legal Aid of North Carolina

Anticipated award amount: \$2,610,472

Counties Served	Target Population
Statewide	<ul style="list-style-type: none">• Uninsured, underinsured, or consumers who want to understand more about the Health Insurance Marketplace (HIM). Populations likely to be eligible for specific special enrollment periods, including but not limited to new others/adoptive families, the recently unemployed and those terminated from Medicaid.• Increased focus on Hispanics and Latinos; persons with limited English proficiency (including recent immigrants and refugees); populations underserved in the health insurance marketplace (in particular, African-American and rural communities); individuals with disabilities; young adults and those leaving post-secondary educational institutions; and LGBT populations.

As a 2014 Navigator grantee, Legal Aid of North Carolina will continue to partner with a variety of partners around the state to provide Navigator services to literacy, limited English proficiency, low-income individuals, people with disabilities and other hard-to-reach and uninsured populations. The

Consortium will recruit an extensive network of volunteers to inform, educate, and enroll the uninsured.

Mountain Projects, Inc.

Anticipated grant amount: \$396,215

Counties Served	Target Population
Haywood, Jackson, Macon, Swain, Graham, Clay, and Cherokee	<ul style="list-style-type: none"> • Uninsured, Eastern Band of Cherokee Indians. • Increased focus on rural, mountainous areas, hard to reach, and economically distressed areas.

Mountain Projects, Inc. (MPI) is a nonprofit community action agency founded in September of 1965, as a part of President Johnson’s “War on Poverty” that served as a 2013 and 2014 Navigator grantee. MPI will deploy Navigators into impoverished and isolated rural, mountain locations for open enrollment periods to eliminate historical challenges such the cost and means of transportation. Navigators will also participate in community health fairs, including Harrah’s Cherokee Casino Wellness Fair, the Veterans Stand Down, hospital health fairs, Manna Food Bank distribution sites, wedding and bridal events, H2A Farmworker work camps and night clinics, Charitable Clinic financial screening days and fundraisers, conventions, street festivals and rival high school football games.

Randolph Hospital, Incorporated

Anticipated grant amount: \$456,102

Counties Served	Target Population
Beaufort, Charleston, Jasper, Colleton, Hampton, Allendale, Barnwell, Bamberg, Orange, and Berkeley	<ul style="list-style-type: none">Members of the minority populations that have experienced health disparities (including Latino population, African American populations, American Indian, refugees/immigrants and population with Limited English Proficiency), disabled consumers, vulnerable and underserved consumers

Beaufort County Black Chamber of Commerce will utilize existing networks and infrastructures within various parts of the region to provide outreach around new coverage options. BCBCCC served as a 2013 and 2014 Navigator grantee and will use its experience to conduct workshops, community meetings and individual counseling activities as part of the overall education and outreach efforts.

Palmetto Project, Inc.

Anticipated grant amount: \$1,123,916

Counties Served	Target Population
Statewide	<ul style="list-style-type: none">Small businesses and historically marginalized populationsIncreased focus on Latinos, those with special needs and disabilities, ethnic minorities, underserved rural populations, LGBT, and those with HIV/AIDS

Palmetto Project will use its experience as a 2014 Navigator grantee to expand its existing work among small businesses and historically marginalized populations. These include Latinos, those with special needs and disabilities, ethnic minorities, underserved rural populations, LGBT, and those with HIV/AIDS. The Palmetto Project will conduct outreach and education in order to produce in-person, telephone navigation and follow-up services to consumers.

SOUTH DAKOTA

Great Plains Tribal Chairmen's Health Board*

Anticipated grant amount: \$200,000

Counties Served	Target Population
Pennington, Hughes, and Minnehanna	<ul style="list-style-type: none">Uninsured American Indians

The Great Plains Tribal Chairmen’s Health Board (GPTCHB) served as a 2013 and 2014 Navigator grantee

and is a community based consumer focused non-profit that will provide enrollment assistance to American Indians residing on and near the eight Reservations in South Dakota and the four Reservations and one Indian Service Area in North Dakota and those residing in major urban areas served by Urban Indian Health Centers in these two States. GPTCHB will also serve as a Navigator grantee in North Dakota.

South Dakota Community Action Partnership

Anticipated grant amount: \$400,000

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> Uninsured, underserved, low income, non-English speaking residents, disabled residents, Native American reservation population, and SHOP population

The South Dakota Navigators Coalition will carry out the program needed to assist South Dakota’s 92,441 uninsured consumers to prepare electronic and paper applications that will establish eligibility and enrollment in coverage through the Marketplace and potentially qualify for an insurance affordability program (including a premium tax credit, Medicaid and the Children’s Health Insurance Program). The South Dakota Navigators Coalition served as a 2013 and 2014 Navigator grantee and will continue to provide outreach and education to raise awareness about the Marketplace, and will refer consumers to consumer assistance programs when necessary. South Dakota Navigators will also provide support and assistance to current Marketplace enrollees with re-enrollment, grievances and questions about their health care plan. The South Dakota Navigators Coalition will use their existing network of outreach locations and partnerships to ensure maximum coverage statewide and will work to establish new relationships with critical stakeholders.

TENNESSEE

Family & Children’s Service

Anticipated grant amount: \$1,647,311

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> All vulnerable and underserved populations, including (but not limited to) African American, disabled, Hispanic, immigrant, and rural populations.

Get Covered Tennessee (GetCoveredTenn) is a statewide network of agencies that will provide a physical ACA presence in all 95 TN counties—a first for TN. The core of the GetCoveredTenn network is a consortium of eleven eligible, 501(c)3 community and consumer-focused non-profit organizations that will function as Navigators, Family & Children’s Service (FCS). GetCoveredTenn Consortium will extend the reach of the Consortium’s outreach, education, and enrollment efforts, particularly when it comes to serving the critical role of helping connect rural and vulnerable populations to navigators. The goal is to maximize entry points into the GetCoveredTenn Network statewide, increasing the likelihood that all Tennesseans will have access to ACA products and primary healthcare.

Wellmont Foundation, Inc.*

Anticipated grant amount: \$136,264

Counties Served	Target Population
Carter, Greene, Hamblen, Hancock, Hawkins, Johnson, Sullivan, Washington, and Unicoi	<ul style="list-style-type: none">Uninsured, underinsured and consumers in poverty; many rural areas; counties included those with the lower health and wellness

Wellmont Health System (Wellmont) is a not-for-profit, integrated health system with five acute care hospitals, one critical access hospital, and over 100 healthcare facilities in its predominantly rural service area of Northeast Tennessee and Southwest Virginia. Wellmont plans to leverage their established presence in service area counties and its network of relationships with employers, providers, and other stakeholders to offer Marketplace navigation services for vulnerable populations living in the heart of central Appalachia. Wellmont will also serve as a Navigator grantee in Virginia.

TEXAS

Brazos Valley Economic Development Council

Anticipated grant amount: \$150,869

Counties Served	Target Population
Brazos, Burleson, Grimes, Leon, Robertson, Washington	<ul style="list-style-type: none">Uninsured Individuals with disabilities

Brazos Valley Council of Governments (BVCOG) served as a 2013 and 2014 Navigator sub-awardee and will continue to provide outreach, education and health insurance enrollment for eligible uninsured individuals living in the Brazos Valley seven county region. BVCOG will build and strengthen partnerships to provide increased outreach and improved awareness of the benefits available through the ACA. BVCOG will also continue to provide outreach and educational events to inform the community and raise awareness of ACA eligibility, when low income consumers are not eligible for CSR or APTC BVCOG will provide referrals to FQHC, VA, and other community resources for accessing health care.

Change Happens

Anticipated grant amount: \$1,330,000

Counties Served	Target Population
Harris, Brazoria, Fort Bend, Galveston, and Montgomery	<ul style="list-style-type: none">Uninsured, underinsured, and insured (including post-enrollment activities) populationsIncreased focus on members of minority populations, persons with disabilities, Hispanic/Latinos that have experienced health disparities and have Limited English Proficiency (LEP), Immigrant and refugee populations, Lesbian, Gay, Bisexual, Transgender, Queer (LGBTQ) populations, Young adults and post-secondary graduating

Counties Served	Target Population
	students, African Americans, Asian Americans, young, married adults and families, small businesses and faith-based organizations.

Change Happens is a non-profit located in Houston, Texas, with experience as a 2013 and 2014 Navigator grantee and will continue conducting community engagement through education, outreach, and developing dynamic relationships with community members. The goal of the project is to reduce the number of uninsured in the target communities by providing outreach, education, and enrollment activities that result in providing uninsured consumers with access to high-quality health insurance. The Consortium is well-positioned to create opportunities to engage populations and communities and identify barriers to enrollment. Furthermore, the project includes a wide range of entities that can meet the language, limited English proficiency, disabilities, and other needs of vulnerable populations.

Coastal Bend Center for Independent Living

Anticipated grant amount: \$375,277

Counties Served	Target Population
Aransas, Bee, Brooks, Calhoun, Duval, Goliad, Jim Wells, Kenedy, Klberg, Live Oak, Nueces, Refugio, San Patricio, and Victoria	<ul style="list-style-type: none"> • Individuals with disabilities • Increased focus on individuals with transportation and language barriers and those lacking internet service

The Coastal Bend Center for Independent Living (CBCIL) served as a 2014 Navigator sub-awardee and will continue to its experience and accomplishments in the Coastal Bend region, and expand its expertise into a portion of the Golden Crescent region, to provide Navigator services in South Texas area. Outreach to hard-to-reach populations will include individuals with disabilities, individuals with transportation and language barriers, and those lacking internet access.

Community Council of Greater Dallas

Anticipated grant amount: \$2,532,785

Counties Served	Target Population
Collin, Cooke, Dallas, Denton, Ellis, Erath, Fannin, Grayson, Hood, Hunt, Johnson, Kaufman, Navarro, Palo Pinto, Parker, Rockwall, Somervell, Tarrant and Wise. Anderson, Bowie, Camp, Cass, Cherokee, Delta, Franklin, Gregg, Harrison, Henderson, Hopkins, Lamar, Marion, Morris, Panola, Rains, Red River, Rusk, Smith, Titus, Upshur, Van Zandt and Wood. Bell, Bosque, Coryell, Falls, Freestone, Hamilton, Hill, Lampasas, Limestone, McLennan, Milam, Mills, San Saba, and Williamson	<ul style="list-style-type: none"> • Uninsured and those re-enroll in Marketplace, urban and rural areas. • Increased focus on mothers with children, rural areas, individuals with LEP, Latino populations, and African American populations; Lesbian Gay Bisexual Transgendered Questioning (LGBTQ); and Young adults and post-secondary graduating students who do not have coverage options through their parent's plan, a student plan or an employer plan.

The Community Council of Greater Dallas (CCGD) served as a 2013 and 2014 Navigator sub-awardee and will continue their work at a regional level as the new Enroll Northeast Central Texas Consortium (ENCTX) for the next three years, 2015-2018. The Consortium will equally target both uninsured and those who seek to re-enroll in the Marketplace. CCGD will leverage community partnerships, localized grassroots outreach and previous navigator experience to serve three Regions covering 56 counties in Texas and will perform the cooperative agreement activities under this funding opportunity.

East Texas Behavioral Healthcare Network (ETBHN)

Anticipated grant amount: \$1,027,660

Counties Served	Target Population
Anderson, Angelina, Brazoria, Calhoun, Callahan, Camp, Chambers, Cherokee, Delta, DeWitt, Ellis, Erath, Franklin, Galveston, Goliad, Hardin, Henderson, Hood, Hopkins, Houston, Hunt, Jackson, Jasper, Jefferson, Johnson, Jones, Kaufman, Lamar, Lavaca, Morris, Nacogdoches, Navarro, Newton, Orange, Palo Pinto, Parker, Polk, Rains, Refugio, Rockwall, Sabine, San Augustine, San Jacinto, Shackelford, Shelby, Smith, Somervell, Stephens, Taylor, Titus, Trinity, Tyler, Van Zandt, Victoria, and Wood	<ul style="list-style-type: none"> Uninsured, underinsured and self employed

As a 2013 and 2014 Navigator grantee, the East Texas Behavioral Health Network (ETBHN) will continue to operate a healthcare exchange navigator program to serve the uninsured, underinsured, and self-employed population in 55 counties in Texas. The navigator program will assist the targeted population with understanding new healthcare programs, taking advantage of consumer protections, and navigating the health insurance system in order to find the most affordable coverage that meets their needs.

Latino HealthCare Forum

Anticipated grant amount: \$190,470

Counties Served	Target Population
Travis	<ul style="list-style-type: none"> Limited English proficiency, low literacy and newly eligible populations

The Latino HealthCare Forum (LHCF) is a community-based nonprofit formed to improve the health of all Texans by assuring their access to affordable high quality care. The mission of the LHCF is to increase the number of insured Texans, improve health care quality, lower costs, and eliminate health disparities. LHCF will serve all eligible populations, but outreach and marketing efforts will focus on individuals and families with incomes up to 250% of the Federal Poverty Level (FPL).

Light and Salt Association

Anticipated grant amount: \$448,606

Counties Served	Target Population
Fort Bend, Montgomery, Brazoria, Galveston, Liberty, Waller, Chambers, Austin, Tarrant, Dallas, Denton, Wise, Collin, Hunt, Delta, Ellis, Johnson, Kaufman, Parker, Rockwall, Travis, Williamson, Bastrop, Caldwell, Hays, and Harris	<ul style="list-style-type: none"> Uninsured population, focusing on Asian Americans

Light and Salt Association’s project is a joint effort of eleven Asian American (AA) community-based organizations to implement culturally and linguistically appropriate in-person assistance and public education for AAs who need assistance in shopping for and enrolling in health insurance coverage through the Health Insurance Marketplace and Medicaid/CIP applications in Houston, Dallas/Fort Worth, and Austin metropolitan statistical areas of Texas. Light and Salt Association was a 2014 Navigator grantee and will use their experience to target communities that have significantly large and growing Asian and foreign-born populations that have higher rates of health illiteracy and experience greater than average cultural, linguistic, and structural barriers to accessing quality health care.

MHP Salud

Anticipated grant amount: \$707,066

Counties Served	Target Population
Cameron, Hidalgo, Starr, and Willacy	<ul style="list-style-type: none"> Limited English proficiency, low income & rural populations

Migrant Health Promotion (MHP) improves health in farmworker and border communities. As a 2013 and 2014 Navigator grantee, its project focused on enrolling and educating migrant populations in the Rio Grande Valley of Texas. Learning from last year’s successes, this year MHP will continue co-facilitating Enroll RGV, a region-wide consortium established during the first open enrollment period to facilitate communication and coordination of services among organizations providing outreach and enrollment assistance related to the Affordable Care Act and Health Insurance Marketplace. The target population served by MHP Salud encompasses uninsured, low-income individuals with limited English proficiency; however, MHP Salud also has strategies in place to promote the Marketplace and Navigator services to the broader uninsured population in the Valley, including employers, employees, self-employed individuals, and communities that may have been underserved during the first two open enrollment periods, such as extremely rural populations.

National Alliance for Hispanic Health*

Anticipated grant amount: \$827,920

Counties Served	Target Population
Cameron, Collin, Denton, Rockwall, Tarrant Counties, Brazoria, Harris, Galveston, and Bexar	<ul style="list-style-type: none"> Uninsured and underinsured Hispanic consumers

National Alliance for Hispanic Health’s Hispanic Partnership for Health Insurance Coverage Program

(HPHIC) will provide assistance to underserved communities. HPHIC Program will focus on enrollment among Hispanic consumers in Qualified Health Plans (QHPs) through the Marketplace, CHIP, and Medicaid with the provision of culturally proficient and linguistically appropriate health insurance plan application and enrollment assistance. National Alliance for Hispanic Health will also serve as a Navigator in Florida, Georgia, and Illinois.

Sacred Heart Health System, Inc.*

Anticipated grant amount: \$1,503,391

Counties Served	Target Population
El Paso, Hudspeth, Atacosa, Bexar, Dewitt, Wilson and Karnes	<ul style="list-style-type: none"> • Uninsured and underinsured, vulnerable and special populations, and those facing health care disparities across all counties. • Increased focus on vulnerable, rural and special needs consumers and communities; members of minority populations (including large populations of Latinos/Hispanics and African Americans); populations with Limited English Proficiency and low literacy; new mothers and families with children; individuals with disabilities; and Medicaid-eligible consumers who are not enrolled in coverage despite being eligible for Medicaid

The Community Health Ministry Insurance Navigator Program (CHM-IP) of Sacred Heart Health System (lead applicant) will leverage the robust infrastructure and capacity of Ascension Health Alliance and first-hand experience of community-based partner clinics and centers to facilitate education and enrollment in qualified health plans (QHPs) through the Ascension Community Health Ministry Consortium. CHM-IP will serve persons living at 400% of the FPL with a particular focus on the uninsured and underinsured, vulnerable and special populations, and those facing health care disparities across all counties.

South Plains Community Action Association, Inc.

Anticipated grant amount: \$1,140,806

Counties Served	Target Population
Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltrie, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, Wheeler, Andrews, Borden, Brewster, Crane, Culberson, Dawson, Ector, El Paso, Gaines, Glasscock, Hudspeth, Howard, Jeff Davis, Loving, Martin, Midland, Pecos, Presidio, Reeves, Terrell, Upton, Ward, Winkler, Bailey, Brown, Callahan,	<ul style="list-style-type: none"> • All residents in target counties

Counties Served	Target Population
Cochran, Coke, Coleman, Comanche, Concho, Crockett, Crosby, Dickens, Eastland, Fisher, Floyd, Garza, Hale, Harrell, Haskell, Hockley, Irion, Jones, Kent, Kimble, King, Knox, Lamb, Lubbock, Lynn, Mason, McCulloch, Menard, Mitchell, Motley, Nolan, Reagan, Runnels, Schleicher Scurry, Shackelford, Sterling, Stephens, Stonewall, Sutton, Taylor, Terry, Throckmorton, Tom Green and Yoakum	

South Plains Community Action Association, Inc. (SPCAA), a 2014 sub-grantee, is heading up a three-member consortium of applicants. SPCAA is a private non-profit community agency whose mission is Helping People – Saving Lives. SPCAA and the other project partners are committed to providing complete service to all consumers, which includes not only health-care enrollment, but questions, complaints, grievances, re-enrollment, and related questions.

[UTAH](#)

Urban Indian Center of Salt Lake

Anticipated grant amount: \$180,656

Counties Served	Target Population
Box Elder, Weber, Davis, Salt Lake, Utah, Duchene, Tooele, and Juab counties	<ul style="list-style-type: none"> Tribal and urban American Indians of the Ute Tribe of the Ouray and Uintah Reservation, the Confederated Tribe of the Goshutes of Ibapah and the Urban Indian Center of Salt Lake who reside along the Wasatch Front.

Urban Indian Center of Salt Lake, a 2014 Navigator grantee, will target tribal and urban American Indian (AI) members of the Ute Tribe of the Ouray and Uintah Reservation, the Confederated Tribe of the Goshutes of Ibapah, and the Urban Indian Center of Salt Lake (UICSL) who reside along the Utah’s Wasatch Front. It plans to build on their experience and implement a community based, health facility/clinic based outreach and one-to-one patient and family enrollment assistance project.

Utah Health Policy Project

Anticipated grant amount: \$740,090

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> Communities include those with income < 200% of the federal poverty level; communities of color; the LGBT community; rural Utahns; and young people age 19-34.

The Utah Health Policy Project, a 2013 and 2014 Navigator grantee, is a nonprofit organization dedicated to lasting solutions to the crisis of the uninsured and rising health care costs. The Utah Health

Policy Project will lead the Take Care Utah Navigator Hub that will connect nonprofit community-based organizations with resources on health coverage options. UHPP seeks to enhance the work of the past two years as a navigator grantee and build on a successful statewide network for enrollment with a statewide call center and website (2-1-1; takecareutah.org) by expanding into underserved counties and focusing on communities that are disproportionately uninsured.

VIRGINIA

Boat People SOS, Inc.*

Anticipated grant amount: \$205,398

Counties Served	Target Population
Northern Virginia	<ul style="list-style-type: none"> • Asian Americans with limited English proficiency and low literacy levels living in small and low-resource enclaves and socially isolated in urban areas. • Increased focus on Asian Americans who suffer mental and physical disabilities resulting from persecution in their home countries.

Boat People SOS, Inc. (BPSOS) is a national community-based nonprofit organization and the nation’s largest Vietnamese-American community organization. BPSOS served as a 2013 and 2014 Navigator sub-awardee. As a Navigator grantee, BPSOS will target Asian Americans, with a specific focus on those hard-to-reach and underserved subpopulations of Asian Americans who face particular barriers to information and service, and require specifically designed outreach strategies. BPSOS will also serve as a Navigator grantee in Georgia.

Virginia Poverty Law Center, Inc.

Anticipated grant amount: \$1,846,210

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> • Communities in Virginia with limited English proficiency, small businesses, populations underserved in the current health insurance market, and other vulnerable populations.

The Virginia Poverty Law Center (VPLC) is a non-profit organization that serves Virginia's legal aid system by providing advocacy, training, and litigation support on civil justice issues that affect low-income Virginians based in Richmond. VPLC served as a 2013 and 2014 Navigator grantee and operate “ENROLL Virginia!” navigator project. Through their work over the past two years, ENROLL Virginia Navigators have developed a very high level of expertise in often complex eligibility issues, premium tax credits, qualified health plans, post-enrollment issues and public health insurance. ENROLL Virginia will continue to provide training and technical assistance to the legal aid community and others and works on health care issues with a wide range of statewide organization and partners.

Wellmont Foundation, Inc. *

Anticipated grant amount: \$136,263

Counties Served	Target Population
Buchanan, Dickenson, Lee, Russell, Scott, Smyth, Tazewell, Washington, Wise, and Wythe	<ul style="list-style-type: none"> Uninsured, underinsured and consumers in poverty; many rural areas; counties included those with the lower health and wellness

Wellmont Health System (Wellmont) is a not-for-profit, integrated health system with five acute care hospitals, one critical access hospital, and over 100 healthcare facilities in its predominantly rural service area of Northeast Tennessee and Southwest Virginia. Wellmont plans to leverage their established presence in service area counties and its network of relationships with employers, providers, and other stakeholders to offer Marketplace navigation services for vulnerable populations living in the heart of central Appalachia. Wellmont will also serve as a Navigator grantee in Tennessee.

WISCONSIN

Forest County Potawatomi Community*

Anticipated grant amount: \$33,119

Counties Served	Target Population
Ashland, Iron, Sawyer, Vilas, Forest county, Brown, Outagamie, Barron, Polk, Burnett, Shawano, Menominee, Bayfield, and Jackson	<ul style="list-style-type: none"> Tribal members, including rural tribal communities

Forest County Potawatomi Community served as a 2014 Navigator grantee and will continue providing Tribal consumers with direct access to culturally competent Navigator assistance. Navigators will be trained and housed within each tribal community. This project will provide Tribal governments in Wisconsin and Michigan with sustainable access to information about and assistance with enrollment in Qualified Health Plans (QHP) and state Medicaid programs through Federally-Facilitated Marketplaces. Forest County Potawatomi Community will also serve as a Navigator grantee in Michigan.

Northwest Wisconsin Concentrated Employment Program, Inc.

Anticipated grant amount: \$305,130

Counties Served	Target Population
Douglas, Bayfield, Ashland, Iron, Burnett, Washburn, Sawyer, Price, Polk, Rusk, Taylor, Chippewa, St. Croix, Dunn, Eau Claire,, Clark, Pierce, Pepin, buffalo, Trempealeau, Jackson, La Crosse, Monroe, Juneau, Vernon, and Crawford	<ul style="list-style-type: none"> Rural populations Increased focus on Native American; incarcerated; and SHOP

The Northwest Wisconsin Concentrated Employment Program, served as a 2013 and 2014 Navigator grantee and will continue to lead a Navigator project in their region to promote accessibility to health insurance Marketplace and the health care system in Wisconsin. They will conduct education and enrollment events at Job Center offices and at rural outreach sites, including libraries, schools,

community centers, partner entity worksites and hospitals. They will also provide direct assistance for either face-to-face or phone contact for either enrollment, re-enrollment or other related services, including assistance with filing for exemptions, handling grievances, applying for Medicaid or CHIP, making changes to their application and working with tax forms.

The Board of Regents of the University of Wisconsin System

Anticipated grant amount: \$997,863

Counties Served	Target Population
Adams, Columbia, Dane, Grant, Green, Green Lake, Iowa, Jefferson, Kenosha, Lafayette, Marquette, Milwaukee, Outagamie, Portage, Racine, Richland Rock, Sauk, Walworth, Waukesha, Waupaca, Waushara, and Winnebago	<ul style="list-style-type: none"> • Farmers; small business owners; migrant workers; and Hmong population

The Board of Regents, who served as a 2014 Navigator grantee, will lead the Covering Kids and Families-Wisconsin (CKF) Wisconsin Navigator Collaborative. This year, CKF plans to build upon their 2014-15 Navigator region, and expand into targeted contiguous areas where gaps exist and substantial vulnerable populations remain underserved. This includes is but not limited to uninsured, underinsured, farmers, small business owners and their employees, migrant workers, racial and ethnic minorities, including Latino and Hmong consumer, and those who have limited English proficiency or financial and health literacy skills.

WEST VIRGINIA

Appalachian Area Agency on Aging

Anticipated grant amount: \$185,600

Counties Served	Target Population
Braxton, Clay, Fayette, Greenbrier, McDowell, Mercer, Monroe, Nicholas, Pocahontas, Raleigh, Summers, Webster, Wyoming, Kanawha, Putman, Lincoln, Jackson, and Boone	<ul style="list-style-type: none"> • Vulnerable and/or rural • Increased focus on persons 60-64 receiving services through Older Americans Act; individuals isolated/homebound; non-English speaking individuals; individuals with disabilities in the 24 month gap period before Medicare eligibility; and young/College/University populations

Appalachian Area Agency on Aging (AAAA) will work with two partners in West Virginia to assist consumers. AAAA will house Navigators at mall and offices with State Health Insurance Assistance Program (SHIP). Navigators will provide extensive outreach to pharmacies, hospitals, community health centers, doctor offices, libraries, disabilities offices, colleges/universities, libraries, faith-based organizations, and more. They also plan to use a state-wide 1-800 number with weekend appointments available and coordinate with SHIP to enroll families/friends of beneficiaries not yet eligible for Medicare.

First Choice Services, Inc.

Anticipated grant amount: \$285,081

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> Uninsured, rural individuals, low literacy individuals

First Choice Services, Inc., (FCS), a community and consumer focused non-profit organization based in Charleston, West Virginia, will serve all uninsured citizens in all 55 counties of West Virginia. In order to best serve the citizens of West Virginia, FCS will maintain expertise in eligibility, enrollment and program specifications; conduct outreach and public education activities; provide complete, fair, and impartial information; facilitate selection of a health plan; make referrals to consumer assistance or ombudsman programs; meet confidentiality and privacy standards; maintain a physical presence in the Marketplace Service Area; develop and follow a communication and marketing plan; build upon existing and develop new relationships with agencies/persons who serve consumers; adhere to culturally and linguistically appropriate communication; provide evaluation and quality assurance; maintain applicant eligibility and sustainability; limit conflict of interest; and provide ongoing, up-to-date appropriate training for staff.

West Virginia University Research Corp.

Anticipated grant amount: \$136,000

Monongalia, Marion, Preston, Harrison, Taylor, Barbour, Upshur, Randolph and Tucker	<ul style="list-style-type: none"> Low income pregnant women & new moms/families; other low income, young adult, college and college grads; seasonal workers; international families

The West Virginia Healthy Start Navigator Project has been funded through the West Virginia University Research Corporation (WVURC) for the past two funding cycles as a sub-recipient under the National Healthy Start Association. The WVHS Navigator Project will continue to provide outreach, education, and assistance through the WV Healthy Start’s extensive, already-established community network of maternal and child health/early childhood partners and the additional network of community partners developed over the past two years by the Navigators. The WVHS Navigator Project will implement all components of a quality program; increased outreach, direct assistance, and public education; and strengthening the Navigator and other assisters network within the region and statewide.

WYOMING

Memorial Hospital of Laramie County DBA Cheyenne Regional

Anticipated grant amount: \$427,286

Counties Served	Target Population
Statewide	<ul style="list-style-type: none"> Targeted outreach for those in coverage gap; rural residents; Native Americans, refugees, ranchers, and homeless populations

Memorial Hospital of Laramie served as a 2013 and 2014 Navigator grantee and will continue to help lead "Enroll Wyoming," a statewide effort to reach out to the uninsured in Wyoming. Enroll Wyoming's vision is to educate, enroll and re-enroll our uninsured and underserved community members while embedding knowledge and understanding of the Health Insurance Marketplace with our community allies. Enroll Wyoming will maintain a robust organizational structure by providing an on-the-ground marketplace enrollment/reenrollment strategy while continuing to expand our umbrella model to provide long-term sustainability throughout a network of trusted messenger allies.

Anticipated grant amount: \$178,561

Counties Served	Target Population
Laramie, Campbell, Albany, Park, Carbon, Sublette, Sweetwater, and Uinta	<ul style="list-style-type: none"> Targeted outreach for migrants and pregnant women

The Wyoming Health Council, the Title X family planning grantee for the state of Wyoming, intends to increase the capacity for five Title X agencies to assist individuals in navigating and enrolling in the Health Insurance Marketplace. On-site assistance provided within family planning clinics will result in more clients accessing the Marketplace and, ultimately, enrolling in a Qualified Health Plan. Navigators will also assist clients and the general public with re-enrollment activities, troubleshooting and assisting in resolving problems. In addition to on-site assistance in family planning clinics, Navigators will conduct outreach events at locations such as libraries, university and community college settings, social service agencies, health fairs, public speaking engagements and promote their availability through news media, social media and promotional materials.
