**Recipients of 2016 Navigator Grant Awards**

Navigators serve as an in-person resource for Americans who want additional assistance when shopping for and enrolling in coverage through a Health Insurance Marketplace.

Below are the recipients of the 2016 Navigator grant awards in the 34 states with a Federally-facilitated Marketplace (FFM), including those FFM states where the state performs plan management functions and states with State Partnership Marketplaces, grouped by state. The tables under each grantee organization provide information regarding which counties the grantee will serve and their target populations (as included in their grant application). As a reminder, Navigators are required to assist any consumer seeking assistance, even if that consumer is not a member of the community(ies) or groups the applicant expects to target, as outlined in their funding proposal. If applicable, the tables also include information on subgrantee/subrecipient organization(s) the grantee is working with.

The grant award amount listed under each state only applies to the amount awarded to an organization for Navigator activities in that particular state during the second 12-month budget period (September 2, 2016- September 1, 2017) of the project period under the 2015 Navigator grant awards. Recipients marked with an asterisk (*) are operating in more than one state. The 2015 Navigator grants were awarded for a three year (36 month) project period, funded in 12-month increments, which runs through September 1, 2018.

This year, grantees will also be funded in the FFM for Hawaii for the first time as Hawaii transitions from a State-based Marketplace utilizing the federal platform (SBM-FP) to an FFM.

**ALABAMA**

**AIDS Alabama, Inc.**

2016 Grant Award Amount: $809,944

Email: jessiem@alaskapca.org

Counties Served | Target Population(s) | Subgrantee/Subrecipient Organizations
--- | --- | ---
Statewide | Uninsured consumers | • Anchorage Neighborhood Health Center  
• Peninsula Community Health Center

Alaska Primary Care Association (APCA) will utilize their network of community health centers and private providers to provide Navigator services throughout the state. Since 2014, APCA has served as a Navigator grantee and has worked with a statewide ACA Educators Coalition. APCA continues to collaborate with other stakeholders to provide enrollment assistance in communities across Alaska, including rural and frontier areas, but will be changing their delivery structure for the 2016-2017 budget period. This year, APCA will provide regional Navigator support to the following regions of the state: South Central Alaska, Matanuska-Susitna Valley, Kenai Peninsula; with the interior regions served by subgrantee organizations.

United Way of Anchorage (UWA)

2016 Grant Award Amount: $272,141

The Arizona Association of Community Health Centers (AACHC, d.b.a. Arizona Alliance for Community Health Centers), located in Phoenix, Arizona, has served as the prime grantee in the statewide consortium, Connecting Arizonans to Coverage (CA2C), since 2013. CA2C is comprised of 16 Navigator organizations whose member organizations include: Community Health Centers, Federally Qualified Health Centers, and mobile community-based outreach and enrollment programs that use community health workers and volunteers to target a wide variety of underserved, uninsured and vulnerable populations as well as businesses. CA2C members employ Navigators who are culturally and linguistically reflective of the communities served with plans to have an estimated 65 bilingual Navigators out of 81 total for 2016-2017. Through their efforts, they project to reach 1,750,000 consumers, while continuing to serve all consumers who seek assistance regardless of the level of English proficiency, disability, circumstance or need.
Arizona Board of Regents, University of Arizona (AzCRH)

The Arizona Board of Regents, University of Arizona grantee is doing business as the Arizona Center for Rural Health (AzCRH). Even though they don’t have any sub-grantees, they provide Navigator services statewide and have created a strong Navigator Consortium this past year by leveraging existing relationships with Arizona’s 14 Critical Access Hospitals (CAH), 17 CAH-affiliated Rural Health Clinics, and the five regional Area Health Education Centers, and establishing new partners. Their consortium prioritizes hard to reach rural and urban underserved consumers with historically low participation rates – Latino, American Indian, rural, urban underserved, and special populations in each county. Through their outreach, education and enrollment efforts by their 16 Navigators (6 Navigators and 10 university staff certified as Navigators), they project to reach 50,000 consumers for the 2016-2017 budget year. Navigators are strategically placed in six areas throughout Arizona including Yuma, Flagstaff, Phoenix, Casa Grande, Tucson, and Nogales and have office hours at trusted, accessible community sites. They also collaborate with Certified Assisters and Benefit Coordinators in all 15 counties to reach the underserved, uninsured and vulnerable consumers.
## DELAWARE

### Chatman, LLC

Southern Illinois Healthcare Foundation is a community-based Federally Qualified Health Center network with health centers located in Southern Illinois. Southern Illinois Healthcare Foundation serves as the consortium lead, with members serving 31 counties in Illinois. Southern Illinois Healthcare Foundation has served as a Navigator grantee since 2013, targeting vulnerable, low income, uninsured and underinsured consumers with low health literacy, as well as Spanish speaking consumers and individuals with disabilities. They will continue to target these populations and conduct outreach through the community health centers in their service area.

Affiliated Service Providers of Indiana, Inc. (ASPIN) served as a 2013 and 2014 Navigator grantee and plans to build on their ASPIN Health Navigator Program. They will build on the community based, mobile office model created over the last two years with key collaborating partners; the program will utilize a network of 17 currently certified and trained navigators cross trained as community health workers. They will conduct statewide outreach/enrollment and operate a statewide call center, website and market the program through social media. The ASPIN Navigators will focus on statewide enrollment of consumers with disabilities, students, rural areas, Latino communities, small businesses, veterans, homeless consumers, African Americans, criminal offenders, and LGBTQ populations as well as other special populations identified.

Planned Parenthood of the Heartland (PPHeartland) is a private, non-profit community-based health care agency that has served as a Navigator grantee since 2013. This year, PPHeartland plans to have Navigators covering 78 counties and will work collaboratively with community organizations to identify the best avenues to reach the target population and strategically base Navigators in regions across Iowa.
The Visiting Nurse Services of Iowa has served as a Navigator grantee since 2013 and will continue to target vulnerable populations, correctional/judicial systems, young adults and non-traditional college students, and minority populations this year. They plan to expand their coverage area this year and will now serve 49 of Iowa’s 99 counties. The Visiting Nurse Services will provide navigator services through public awareness, education and assistance in enrolling individuals in qualified health plans. They also will continue to partner with other organizations with considerable expertise in eligibility, enrollment, and knowledge of other health programs such as Medicaid and CHIP.

Oak Hill Missionary Baptist Church Ministries will continue serving consumers on a statewide basis this year. In 2013, Oak Hill originally began their Navigator work serving only in the lower Mississippi River Delta region. Throughout the years, Oak Hill has strengthened the collaborative work with Get Covered Mississippi! (GCMS and has worked with Mississippi-based faith and community organizations in ACA outreach, education, enrollment activities, and health training. Oak Hill has trained clergy to be health ambassadors that will reach out to uninsured residents and provide information about enrollment into the Marketplace.

The Mississippi Health Access Collaborative (MHAC) is a proposed replication of the highly successful University of Southern Mississippi (USM) School of Social Work and City of Hattiesburg’s E³ (Educate, Enroll, Empower) Health Initiative. The MHAC will serve underserved populations and communities in rural areas. Specifically, MHAC will target the MS State Department of Health districts (VII, VIII, and IX) that encompass twenty-four counties. The MHAC will continue the focus on mothers and children as part of its strategic plan to eliminate health disparities and improve access to health care in south Mississippi.

Mountain Projects, Inc. (MPI) is a nonprofit community action agency founded in September of 1965, as a part of President Johnson’s “War on Poverty” and has served as a Navigator grantee since 2013. MPI will deploy Navigators into impoverished and isolated rural, mountain locations for open enrollment periods to eliminate historical challenges such the cost and means of transportation. Navigators will also participate in community health fairs, including Harrah’s Cherokee Casino Wellness Fair, the Veterans Stand Down, hospital health fairs, Manna Food Bank distribution sites, wedding and bridal events, H2A Farmworker work camps and night clinics, Charitable Clinic financial screening days and fundraisers, conventions, street festivals and rival high school football games.

**Randolph Hospital, Incorporated**

2016 Grant Award Amount: $265,036
Randolph Hospital has served as a Navigator grantee since 2013. They will continue to use a two-pronged approach for educating and informing eligible individuals about their health plan options. Navigators will work in the community, geo-targeting specific areas that have large populations of uninsured people and work with community organizations in those areas to leverage resources and reach the most people immediately. At the same time, Randolph Hospital’s financial counselors will be providing the same service internally.

The strength of PA PMFHP comes from the diversity of strategies, breadth of geographic reach, and depth of reach into vulnerable and hard-to-reach communities that Consortium Partners bring. Through the Consortium, Navigator services will be provided throughout northern and southeastern Pennsylvania counties. External and internal referral
systems that were established during their first year as a Navigator grantee in 2013, Consortium and community partners seamlessly refer consumers to Navigators within the PA PMFHP network.

Brazos Valley Council of Governments (BVOG) will continue to provide outreach, education and health insurance enrollment for eligible uninsured individuals living in the Brazos Valley eight county region. BVOG will build and strengthen partnerships to provide increased outreach and improved awareness of the benefits available through the ACA. BVOG will also continue to provide outreach and educational events to inform the community and raise awareness of ACA eligibility, and when low income consumers are not eligible for CSR or APTC, BVOG will provide referrals to FQHC, VA, and other community resources for accessing health care.

Change Happens
2016 Grant Award Amount: $1,330,000
Change Happens is the lead agency and administrator for “The Right Plan. My Choice. My Care.” Consortium. They target the uninsured, underinsured, and consumers needing post-enrollment assistance. The Consortium, consisting of Change Happens and nine sub-grantees, has 22 bilingual Navigators out of a total of 36, who are strategically stationed throughout their five county contiguous area, consisting of Harris, Brazoria, Fort Bend, Galveston, and Montgomery Counties. They propose to reach 2,500,000 consumers through education, outreach, marketing, and enrollment activities in 2016-2017. In addition, the make-up of the Consortium brings together unique strengths and perspectives from each of their communities to meet the language, limited English proficiency, disability, and other needs and circumstances of the people they serve.

Coastal Bend Center for Independent Living
2016 Grant Award Amount: $375,277

Primary Contact: Christina Buttler
Phone: 361-334-2980

The East Texas Behavioral Health Network (ETBHN) has served as a Navigator grantee since 2013 as a horizontal network comprised of eleven community mental health and developmentally disability centers. ETBHN works with these partners to provide strategic, operation, and technology solutions thus creating economies of scale and broadening the reach for its members. This year, membership has been extended to Betty Hardwick Center for the Navigator program. This year they will continue to target the uninsured, underinsured, and self-employed populations in 55 counties across Texas. ETBHN’s Navigators assist consumers with understanding new healthcare programs, taking advantage of consumer protections, and navigating the health insurance system in order to find the most affordable coverage that meets their needs.

The Latino HealthCare Forum (LHCF) project continues to focus on select population groups in and around Austin, Texas. LHCF will continue to pursue a “no wrong door” approach. That is, to assist for whichever forms of assistance consumers would be eligible. Marketplace premium credits, Medicaid, or CHIP. The LHCF will continue assisting and educating clients to the appropriate program for enrollment. They will also continue to utilize both broad and targeted outreach strategies in efforts to reach eligible clients for all types of public assistance.

**Light and Salt Association**

2016 Grant Award Amount: $448,606

Primary Contact: Sunny Lin
Phone: 713-988-4724
Email: sunnyembrace@gmail.com

Light and Salt Association’s project is a joint effort of eleven Asian American (AA) community-based organizations to implement culturally and linguistically appropriate in-person assistance and public education for AAs who need assistance in shopping for and enrolling in health insurance coverage through the Health Insurance Marketplace and Medicaid/CIP applications in Houston, Dallas/Fort Worth, and Austin metropolitan statistical areas of Texas. Light and Salt Association became a Navigator grantee in 2014 and works to use their experience to target communities that have significantly large and growing Asian and foreign-born populations that have higher rates of health illiteracy and experience greater than average cultural, linguistic, and structural barriers to accessing quality health care.

Migrant Health Promotion (MHP) works to improve health in farmworker and border communities. They have served as a Navigator grantee since 2013. Its project focused on enrolling and educating migrant populations in the Rio Grande Valley of Texas. Learning from last year’s successes, this year MHP will continue co-facilitating Enroll RGV, a region-wide consortium established during the first open enrollment period to facilitate communication and coordination of services among organizations providing outreach and enrollment assistance related to the Affordable Care Act and Health Insurance Marketplace. The target population served by MHP Salud encompasses uninsured, low-income individuals with limited English proficiency; however, MHP Salud also has strategies in place to promote the Marketplace and Navigator services to the broader uninsured population in the Valley, including employers, employees, self-employed individuals, and communities that may have been underserved during the previous open enrollment periods, such as extremely rural populations.

The Utah Health Policy Project (UHPP) is a nonprofit organization dedicated to lasting solutions to the crisis of the uninsured and rising health care costs. Since becoming a Navigator grantees in 2013, Utah Health Policy Project has led the Take Care Utah Navigator Hub that connects nonprofit community-based organizations with resources on health coverage options. UHPP seeks to enhance the work of the past two years as a navigator grantee and build on a successful statewide network for enrollment with a statewide call center and website (2-1-1; takecareutah.org) by expanding into underserved counties and focusing on communities that are disproportionately uninsured. Take Care Utah Navigator Hub, features two other hub leaders - the Association for Utah Community Health (AUCH) and United Way of Salt Lake.

Forest County Potawatomi Community has served as a Navigator grantee since 2014. They focus on providing Tribal consumers with direct access to culturally competent Navigator assistance. Navigators are trained and housed within each tribal community. This project provides Tribal governments in Wisconsin and Michigan with sustainable access to information about and assistance with enrollment in Qualified Health Plans (QHP) and state Medicaid programs through Federally-Facilitated Marketplaces. Forest County Potawatomi Community also serves as a Navigator grantee in Michigan.

The Northwest Wisconsin Concentrated Employment Program, has served as a Navigator grantee since 2013, continuing this year to lead a Navigator project in their region aimed at promoting accessibility to health insurance Marketplace and the health care system in Wisconsin. They will conduct education and enrollment events at Job Center offices and at rural outreach sites, including libraries, schools, community centers, partner entity worksites and hospitals. They will also provide direct assistance for either face-to-face or phone contact for either enrollment, re-enrollment or other related services, including assistance with filing for exemptions, handling grievances, applying for Medicaid or CHIP, making changes to their application and working with tax forms.

The Board of Regents has served as a Navigator grantee since 2014 and leads the Covering Kids and Families-Wisconsin (CKF) Wisconsin Navigator Collaborative. This year, CKF plans to build upon their existing service area where gaps exist and substantial vulnerable populations remain underserved. This includes, but not limited to—uninsured, underinsured, farmers, small business owners and their employees, migrant workers, racial and ethnic minorities, including Latino and Hmong consumer, and those who have limited English proficiency or financial and health literacy skills.

First Choice Services, Inc., (FCS), a community and consumer focused non-profit organization based in Charleston, West Virginia, serves all 55 counties of West Virginia. They will focus on offenders re-entering the community after incarceration, while continuing to serve consumers who are seeking substance abuse and mental health treatment and lack insurance coverage to pay for services. This is accomplished through direct referrals received from the HELP4WV substance abuse and mental health helpline that is also operated by FCS and partnering with community behavioral health centers and other mental health providers.

The West Virginia University Research Corps’ (WVHS) Navigator Project will expand their coverage this year, increasing their ability to provide outreach, education, and assistance into the northern and eastern panhandles of West Virginia for the 2016-2017 budget period. The WVHS Navigator Project will implement all components of a quality program; increased outreach, direct assistance, and public education; and strengthening the Navigator and coordination with other assisters network across the region and state.

• 2-1-1 |

Memorial Hospital of Laramie has served as a Navigator grantee since 2013, leading "Enroll Wyoming," a statewide effort to reach out to the uninsured in Wyoming. Enroll Wyoming’s vision is to educate, enroll, and re-enroll the uninsured and underserved community members while embedding knowledge and understanding of the Health Insurance Marketplace with community allies. Enroll Wyoming maintains a robust organizational structure by providing an on-the-ground marketplace enrollment/re-enrollment strategy while continuing to expand their umbrella model to provide long-term sustainability throughout a network of trusted messenger allies.

• Western WY Family Planning

Wyoming Health Council became a Navigator grantee in 2015, increasing the capacity for five Title X agencies to assist individuals in navigating and enrolling in the coverage through the Health Insurance Marketplace. On-site assistance is provided within family planning clinics, resulting in more clients accessing the Marketplace, and ultimately enrolling in a coverage. Navigators also assist clients and the general public with re-enrollment activities, troubleshooting and assisting in resolving problems. In addition to on-site assistance in family planning clinics, Navigators conduct outreach events at locations around the state.
