The information provided in this presentation is intended only as a general, informal summary of technical legal standards. It is not intended to take the place of the statutes, regulations, and formal policy guidance that it is based upon. This presentation summarizes current policy and operations as of the date it was presented. Links to certain source documents have been provided for your reference. We encourage learners to refer to the applicable statutes, regulations, and other interpretive materials for complete and current information about the requirements that apply to them.

This document generally is not intended for use in the State-based Marketplaces that do not use HealthCare.gov for eligibility and enrollment. Please review the guidance on our Agents and Brokers Resources webpage (http://go.cms.gov/CCIIOAB) and Marketplace.CMS.gov to learn more.

Unless indicated otherwise, the general references to “Marketplace” in the presentation only includes Federally-facilitated Marketplaces (FFMs) and State-based Marketplaces on the Federal Platform.

This communication was printed, published, or produced and disseminated at U.S. taxpayer expense.

Helping Consumers Apply and Enroll in Marketplace Coverage

Preview 2020 plans & prices now!

Check out plans now. Enroll or renew from November 1 to December 15.

PREVIEW 2020 PLANS & PRICES

Availability of “See Plans and Prices” for Plan Year 2020
Using the “See Plans & Prices” Tool

- To get estimates on HealthCare.gov without logging in, a consumer can select “Preview 2020 Plans & Prices.”
- First, the consumer should answer general questions in the tool about his or her household and expected income.
Next, the consumer will see an estimate of what he or she might be eligible for, including whether the consumer may be eligible for a premium tax credit or other savings.

Important: This tool is a fast way to preview plans and price estimates before logging in; it is not a coverage application. Consumers may find a plan they like before logging in and creating an account. Then, consumers can add more details, see plan options with final prices, pick a plan, and enroll.
After selecting **View Plans**, the consumer will see plans that are available in their area.

To **estimate total yearly costs**, the consumer selects this option at the top of results or on any plan.

The consumer sees examples about the expected medical care needs and can select Low, Medium, or High levels of utilization for each person.

When the consumer returns to plan results, he or she will see estimated total yearly costs for each plan based on the level of utilization chosen.
See if Doctors and Prescription Drugs Are Covered

• The consumer can check to see if his or her household’s doctors and medical facilities participate in the plans being displayed, and if specific prescription drugs are covered.

• The consumer can select to search for both medical providers and prescription drugs, or just one.

• Smart search suggestions are available to help with spelling as the consumer types.
After searching for a doctor, facility, or drug, the consumer must confirm the name and identifying information of the entity or drug by selecting the correct option from the search list that populates, and then check the box to select the providers and drugs that match.

After the consumer selects his or her doctors and drugs and returns back to plan results, the consumer can see which plans cover them.
Plan results include the number of plans available and high-level details for each plan, including plan name, plan category, premium amount, deductible amount, and associated out-of-pocket maximum.

Filter plans by feature to see plans by category, company, cost, and more.

Select plans to compare by choosing up to three plans to compare them side-by-side.
Using the **Compare Plans** feature, the consumer can see his or her different plan options side-by-side and compare plan specifics, such as the estimated monthly premium, the deductible, the out-of-pocket maximum, and costs for specific types of medical care.

Note that health plans can change which doctors and facilities are in their networks on a continual basis, and providers can change locations and affiliations frequently. Encourage the consumers you assist to check with their providers and/or issuers to confirm the providers accept the chosen qualified health plan (QHP).
Next Steps

Once the consumer finds a plan that best suits his or her needs, the tool will direct the consumer to print or email the page and return to HealthCare.gov on or after November 1 to enroll in the plan.

Remember: This is a preview of available QHPs and not an actual eligibility determination or coverage application. Consumers will need to log in and apply for coverage after using these tools.
Helping Consumers Apply and Enroll in Marketplace Coverage

Reminder of Pathways to Assist Consumers Enrolling in Marketplace Coverage

- Marketplace Pathway (HealthCare.gov)
- Private Partner Website: Classic
- Private Partner Website: Enhanced
Agents and brokers registered with the FFM may assist consumers with enrollment in a Marketplace qualified health plan (QHP) through one of two pathways:

**Marketplace Pathway**
Use HealthCare.gov and work “side-by-side” with consumers.

**Private Partner Website Pathway**
Use an approved private third-party (issuer or web-broker) website (also known as Direct Enrollment (DE)).
Marketplace Pathway

In this Pathway, registered agents and brokers help a consumer obtain an eligibility determination and select a QHP directly at HealthCare.gov. The consumer creates an account, logs in to the site with a consumer account, and “drives” the process; the agent or broker does not log in to HealthCare.gov.

Most consumers with simple household scenarios will use a streamlined (shorter) HealthCare.gov application.
Issuers and web-brokers that are approved to participate in the Private Partner Website Pathway may offer different levels of service to agents and brokers for assisting consumers.

**Private Partner Website Pathway: Classic**

- Agents and brokers begin on an issuer’s or web-broker’s website, redirect to HealthCare.gov to submit an application and get an eligibility determination, and then are redirected back to the private partner’s website to complete plan selection and enrollment.
- This functionality is also known as the Classic Direct Enrollment or the “Double Redirect” Pathway.

**Private Partner Website Pathway: Enhanced**

- Some approved partners offer enhanced functionality that includes fully integrated platforms that provide a range of custom features and capabilities, enabling agents and brokers to more easily assist clients with year-round policy and client relationship management.
- This functionality is also known as the Enhanced Direct Enrollment (EDE) Pathway.
- The Marketplace remains responsible for making eligibility determinations.
Finding an Approved Private Partner

• You must use an approved issuer or web-broker to access the enhanced private partner enrollment and client management capabilities.
• You may find an issuer or web-broker that is approved to offer these services via the Issuer & Direct Enrollment Partner Directory.
• *NEW* The directory has an updated user experience for plan year 2020 that allows agents and brokers to search for issuers and DE partners by state.

Each Directory listing contains:
• Partner name
• Level of service offered (e.g., classic functionality, simplified or expanded application capabilities)
• Issuer agent/broker contact information
• Information on whether a partner offers Small Business Health Options Program (SHOP) plans and/or stand-alone dental plans

• The Directory also has information on DE partners that only offer the Classic Pathway (with the redirect to HealthCare.gov), and issuers that only enroll consumers through HealthCare.gov, that are interested in working with the agent and broker community.
Helping Consumers Apply and Enroll in Marketplace Coverage

How to Ensure Consumers Can Find You via Find Local Help
Find Local Help is designed to help consumers find you to assist them with Marketplace applications.

- Consumers can find the tool by visiting https://localhelp.healthcare.gov/ or by clicking the “Find Local Help” button on www.healthcare.gov.
- To use the Find Local Help tool to find help in their area, consumers simply search by city and state or ZIP code to view a list of local organizations (assisters) and/or individuals (agents and brokers) who can help them apply, pick a plan, and enroll.
Select one of the following options to be listed in Find Local Help.

In your Marketplace Learning Management System (MLMS) profile, you have the following four options to display your contact information:

- In the MLMS, you have the option of displaying your contact information for Find Local Help in all HealthCare.gov states where you have a valid license (options 1 and 2 above).
- You can also choose to display your information for your home state only (option 3 above).
- If you choose option 4 above, you will NOT be able to participate in Find Local Help until you update your settings in the MLMS.
After entering their city and state or ZIP code, consumers are presented with a list of results with contact information.

Consumers can select the "More details" button for office hours, and types of help offered, such as non-English language support, Medicaid or Children’s Health Insurance Program, and SHOP.
The default for display of search results is in order of distance to the centroid of the zip code, if you have elected to display all of your contact information.

The distance is indicated by the label on the top right corner of the listing.
Helping Consumers Apply and Enroll in Marketplace Coverage

Reminder of the Circle of Champions Qualification Requirements
What is the Marketplace Circle of Champions?

- The Marketplace Circle of Champions is an annual recognition program for Marketplace-registered agents and brokers who assist with at least 20 active enrollments in Marketplace coverage during Open Enrollment.
- There are three Circle of Champions recognition levels for agents and brokers.

**Circle of Champions**
Agents and brokers who complete 20-99 active enrollments

**Elite Circle of Champions**
Agents and brokers who complete 100-499 active enrollments

**Elite Plus Circle of Champions**
Agents and brokers who complete 500+ active enrollments
How do I qualify for the Circle of Champions?

- To qualify for the Circle of Champions, you must have assisted with at least 20 active new enrollments and/or re-enrollments in Marketplace coverage during Open Enrollment.
- An enrollment is considered “active” when the agent or broker helps:
  - A new enrollee apply for and enroll in Marketplace coverage, or
  - An existing enrollee review his or her application, make updates, and select a plan.
- Enrollments through HealthCare.gov and approved partner websites via the DE and EDE Pathways count toward qualification for the Circle of Champions.
- For enrollments to count, your clients must include your National Producer Number (NPN) on their Marketplace application.
- Enrollments are counted by individual and not groups (e.g., if you help enroll a family of four, you receive credit for four enrollments).
- Prior year, special enrollment period, and auto re-enrollments DO NOT count toward Circle of Champions eligibility.
What do I receive for joining the Circle of Champions?

• If you achieve Circle of Champion status at any of the three levels, you will receive a recognition package with the following materials:
  – Appreciation letter from CMS
  – Personalized certificate of recognition
  – Commemorative digital badge
  – Digital and social media toolkit

• Recognition materials can be used to promote your accomplishment among your peers and within your community.

• Recognition materials are electronically delivered by email to Circle of Champions qualifiers regularly throughout Open Enrollment and are not sent via postal mail.

• All recognition materials are digital and can be downloaded from links in the email.

*All times are Eastern Time.
Make Sure Clients Enter Your NPN in the HealthCare.gov Application

When you assist consumers using HealthCare.gov, the Application Help section is where they will enter your name and NPN to indicate you helped them.

Consumers can list multiple entities or individuals who provide assistance (e.g., an agent or broker and a Navigator).

The consumer should complete all applicable fields.

Do not forget to ask your clients to include your NPN. This is a critical step in completing the application in order for you to receive compensation for the enrollment.

Review this resource for more information.
In limited scenarios, a small number of consumers may experience a different application flow and will see a screen with the heading “Help applying for coverage” and the instruction to “Tell us if you’re getting help from one of these people.”

The consumer should select “Agent or Broker” and proceed to enter your name and NPN in the applicable fields.
When a consumer that you previously assisted uses the Marketplace Call Center to update his or her application, your NPN stays with the application unless the consumer actively requests that the Marketplace Call Center representative change the agent or broker of record on the application.

Even if there is a previous authorization/NPN record, instruct your client to always provide your name and NPN to any Marketplace Call Center representative who asks if anyone helped him or her.
Get Connected to Consumers Through Help On Demand

• Help On Demand is a real-time consumer assistance referral system provided by a third-party service that connects individuals on HealthCare.gov with Marketplace-registered, licensed agents and brokers in their area who can provide immediate assistance with Marketplace plan selection and enrollment.

• Only agents and brokers who have completed Marketplace training and registration are eligible to participate in Help On Demand.

• Complete the required, self-paced Help On Demand training at http://training-help-on-demand.ardx.us/.

• For more information regarding this service and how to participate, visit the Help On Demand Resources Page, which is accessible via the “Help On Demand” link under “Resources” on the right side of the Agents and Brokers Resources webpage (http://go.cms.gov/CCIIOAB).

Consumers can request assistance from a Marketplace-registered agent or broker using the Help On Demand tool by selecting “Get Contacted” on www.HealthCare.gov.
Every year, CMS establishes scheduled maintenance windows that provide periods of time when CMS and its partners can make updates or resolve issues. Maintenance will only occur within these windows when deemed necessary to provide consumers with a better shopping experience. Consumer access to HealthCare.gov may be limited or restricted when this maintenance is required.

- The purpose in scheduling these times is to minimize any consumer disruption. Like other IT systems, these scheduled maintenance windows are how we update and improve our systems to run optimally and are the normal course of business.

- In order to allow agents, brokers, assisters, and states to plan in advance of Open Enrollment, we are sharing the maximum potential windows of scheduled maintenance on HealthCare.gov for the upcoming Open Enrollment period. Similar to the last two years, this information is being provided in advance of Open Enrollment to accommodate requests from agents, brokers, assisters, and states.
• It is important to note that these times are the maximum scheduled potential windows when consumer access may be limited if maintenance is needed.

• As it has been in the past, CMS anticipates the actual maintenance periods will be shorter while we work to minimize disruption for consumers. Last year, while HealthCare.gov had set a total of 60 hours as the maximum potential period of scheduled maintenance during Open Enrollment, only 34.5 hours was used.

• Potential/maximum scheduled HealthCare.gov maintenance windows for this upcoming Open Enrollment period are:
  – Friday, November 1, 2019, early morning to make final preparations ahead of the start of the Open Enrollment period to ensure the website runs smoothly for consumers.
  – Sundays, 12:00 AM to 12:00 PM (maximum time allotted), except on December 15, 2019
• This year’s scheduled maintenance windows are similar to last year.

• Please note that due to a natural change in the calendar, this year’s Open Enrollment period contains one more Sunday than last year’s Open Enrollment period.
  – As a result, there is one additional potential maintenance window scheduled for this year compared to previous years.

• CMS plans to continue working with agents, brokers, assisters, and states to ensure they have the information necessary to plan for Open Enrollment.
