

**Updated<sup>1</sup> Funding Apportionment, Per FFM/State Partnership Marketplace Service Area  
(\$600,000 minimum per state)**

<b>States with a FFM or State Partnership Marketplace</b>	<b>Number of Uninsured (under age 65)*</b>	<b>Total Funding Apportioned to the FFM/State Partnership Marketplace Service Area**</b>
Alabama	616,153	\$1,246,577
Alaska	141,912	\$600,000
Arizona	965,973	\$1,954,321
Arkansas	460,989	\$932,656
Delaware	70,217	\$600,000
Florida	3,357,788	\$6,793,355
Georgia	1,642,966	\$3,323,989
Illinois	1,427,650	\$2,888,370
Indiana	900,982	\$1,822,835
Iowa	241,306	\$600,000
Kansas	331,205	\$710,145
Louisiana	753,820	\$1,525,101
Maine	136,625	\$600,000
Michigan	1,120,744	\$2,267,448
Mississippi	510,549	\$1,032,924
Missouri	813,471	\$1,645,785
Montana	182,574	\$600,000

---

<sup>1</sup> This table was originally published in the *2014 Cooperative Agreement to Support Navigators in Federally-facilitated and State Partnership Marketplaces*.

Nebraska	177,297	\$600,000
New Hampshire	125,644	\$600,000
New Jersey	887,699	\$1,795,960
North Carolina	1,368,912	\$2,769,534
North Dakota	73,934	\$600,000
Ohio	1,315,129	\$2,660,721
Oklahoma	637,202	\$1,289,163
Pennsylvania	1,188,504	\$2,404,538
South Carolina	724,577	\$1,465,937
South Dakota	88,000	\$600,000
Tennessee	837,837	\$1,695,081
Texas	4,812,930	\$9,737,344
Utah	340,429	\$688,743
Virginia	867,488	\$1,755,070
West Virginia	267,700	\$600,000
Wisconsin	491,510	\$994,404
Wyoming	87,659	\$600,000

\*Population data for the total number of non-elderly uninsured legal residents in each State are based on the Assistant Secretary for Planning and Evaluation (ASPE) tabulations from the CY 2012 American Community Survey (ACS) Public Use Microdata Sample (PUMS) adjusted to exclude estimated undocumented people<sup>2</sup>. The ACS PUMS files are available online at <http://www.census.gov>.

\*\*Should a state not currently included in this list revert from a State-based Marketplace to a FFM or SPM, CMS will determine how to establish funding for a Navigator program in that State at that time.

---

<sup>2</sup> The adjustment methodology is based on imputations of immigrant legal status in ASPE's TRIM3 micro simulation model (<http://trim.urban.org/>). The imputations of immigrant legal status were used to estimate the probability that an uninsured noncitizen in the ACS PUMS data was a legal resident of the United States. These probabilities – varying by state, race/ethnicity, income, and age – were then used to reweight the ACS PUMS data and produce the adjusted tabulations.
