Initial Submission
State Data Submission Template

- You will receive an Excel template and technical instructions on how to complete the data entry.
- Once completed and prior to May 21, 2010, you should email your template to hios_submissions@hhs.gov.
- Towards the middle of May, we will begin to process the templates. You will receive an email that either indicates a successful submission or highlights errors with your submission.
  - If there are errors with your submission, you will need to correct the file, and submit the entire corrected file to the same email address.
System Requirements

- Excel 2003 or greater
- We recommend the following for your macro settings:
  - Excel 2003 – Security set to Medium. Select ‘Enable Macros’ upon opening the file
  - Excel 2007 – Security set to ‘Disable all macro with notification’. You must enable the content prior to opening the file
The state template has 2 tabs:

- **General State Info**
  - Gather data about the submitting state and contact information.

- **Issuer & Product Info**
  - Gather data about the different issuers in the corresponding state and quantify their offerings within the state.

*Microsoft Excel - State Data Entry Forms*
Data Entry
Issuer & Product Info Tab

- One row per combination of Issuer/Market type.
- If an Issuer covers both the Individual and Small Market group, you will need to enter 2 rows for that issuer.
- Columns H – M are required; If the issuer does not have any offerings for that product type, enter 0.
Validating your Data

- The State Data Entry workbook has validations built in to help you validate the correctness and accuracy of your data prior to submission.
- It is strongly recommended that you validate your data throughout the data entry process by clicking on the ‘Validate’ button or by clicking CTRL+SHIFT+V.
- Red circles will appear surrounding the cells that require your attention. A message box will also describe these errors.

Correcting your Data

- In some cases, the red circle will disappear upon correcting the data.
- In other cases, you will need to click “Validate” again to verify that the red circle is no longer valid.
- Once you have no red circles, you are ready for the finalization process.
Finalizing your File

- Once all the data is entered and validated, click “Validate&Finalize” or click CTRL+SHIFT+S.
- If there are critical validations that fail, the file will not finalize and an error message will appear.
Finalization – Critical Errors

Error on State General Info worksheet:
Individual Market Comparison Tool at E9 is required.
Website Address at E10 is required.
Submission Primary Contact Name at D14 is required.
Submission Primary Contact Phone at D15 is required.
Submission Primary Contact Email at D16 is required.
Preview Primary Contact Name at D25 is required.
Preview Primary Contact Phone at D26 is required.
Preview Primary Contact Email at D27 is required.

Please correct. Any remaining data was not checked.
Finalizing your File

- Once all critical errors have been checked, the finalization process will continue:
  - A new READ ONLY file will be created in the same location as your working file.
  - This file will be generated based on a special naming convention.
    - If you modify the name of the finalized file, it will not be processed.
    - You may name your working file as you wish.
  - **YOU MUST SUBMIT YOUR FINALIZED FILE. DO NOT SUBMIT YOUR WORKING FILE; IT WILL NOT BE PROCESSED.**
Next Steps

• Once your file is processed, you will either need to correct the data and resubmit, or verify your data online.

• Online verification of data will be available on 5/21/10. Website information will be made available prior to that date.

• In the near future, you will be able to upload your files directly to the website, as well as edit online.
Access to the Website

- The data submission and validation contacts contained in your submitted templates will be granted access to the Health Insurance Oversight System.
