I. EXECUTIVE SUMMARY

Background

Maine Community Health Options (Community Health Options) is a Federally-facilitated Exchange (FFE) issuer that offered Preferred Provider Organization (PPO) qualified health plans (QHPs) in the individual market in Maine during the 2014 benefit year. Community Health Options submitted their final restated 2014 benefit year data in their November 2015 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of $137,923,172.27 in advance premium tax credit (APTC) and advance (cost-sharing reductions) CSR payments and paid a total of $5,436,511.24 in FFE user fees for the 2014 benefit year individual market plans.

This report presents the results of the work performed to assess Community Health Options’ compliance with the APTC, advance CSR, and FFE user fee programs established in sections 1311, 1401 and 1402 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 and implementing regulations (collectively referred to throughout as PPACA).

Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs

Title 45 of the Code of Federal Regulations (CFR), sections 156.480 and 156.705, allow the Department of Health and Human Services (HHS) to conduct audits of issuers that offer a QHP in the individual market through an Exchange to assess compliance with the APTC, advance CSR, and FFE user fee program requirements. The audit supports the Centers for Medicare & Medicaid Services (CMS) objectives to:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit\(^1\) is part of a program established by CMS to validate the enrollment and payment data reported on the final 2014 EPDW and analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

---

\(^1\) Audits are not performed in accordance with Generally Accepted Government Auditing Standards (GAGAS); however the procedures were defined and executed consistent with the competence, integrity, objectivity, and independence required for performance audits as defined by GAGAS. The reporting approach was designed to provide the flexibility needed in determining the audit objectives, criteria, and processes when standing up a new oversight program.
Results of Review

CMS’s procedures identified two findings for Community Health Options. The findings involved the following:

- Inclusion of incorrect premium amount for one of the 45 selected subscribers.
- Inclusion of enrollment and payment data for subscribers who were not effectuated in the issuer’s systems.
II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

A. Background

Sections 1401 and 1402 of the PPACA established the APTC and advance CSR programs to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the PPACA allowed the FFE to charge participating issuers user fees to support FFE operations.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC, advance CSR, and FFE user fee programs. As such, CMS established this audit program.

Interim Payment Process

For the 2014 benefit year, CMS implemented a temporary process (“interim payment process”) to calculate and make monthly payments of APTC and advance CSR amounts and to calculate and collect monthly FFE user fee amounts based on data submitted by issuers at the QHP level. On a monthly basis, CMS required submitters to use a standard template, i.e. the EPDW that CMS staff created and maintained, to submit payment data. The EPDW was preprogramed with individual submitter data that allowed the submitter to self-validate data prior to submission to CMS. The EPDW included the option to restate prior months’ data or indicate no change in data since the last submission. CMS required submitters to send the following information at the QHP plan variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total FFE User Fee amount
9. Total effectuated enrollment groups
10. Total effectuated enrollment groups with APTC
11. Total effectuated enrollment groups with advance CSR
12. Total effectuated members
13. Total effectuated members with APTC
14. Total effectuated members with advance CSR

Issuers and State-based Exchanges (SBEs) on behalf of issuers were required to calculate the QHP level enrollment and payment amounts submitted on the EPDW using their internal source data.
B. Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs

CMS established an audit protocol that is organized around the following regulations governing APTC, advance CSR, and FFE user fee programs, and the procedures required to assess compliance with these applicable regulations:

- 45 CFR 156.50: Financial Support;
- 45 CFR 156.460: Reduction of enrollee’s share of premium to account for advance payments of the premium tax credit;
- 45 CFR 156.480: Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs;

Refer to Appendix 1 for the specific requirements established under the authorities listed above.

C. Objectives

The objectives of these audits are to:

(1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for the APTC, advance CSR, and FFE user fee programs;
(2) Identify potential CMS payment errors resulting from issuer data reporting errors; and
(3) Test accuracy and integrity of processes for reducing an enrollee’s share of premium to account for APTCs (45 CFR 156.460).
D. Scope and Methodology

CMS selected Community Health Options for an audit under the above-mentioned regulation(s). As established by CMS, the audit centered on evaluating activity at Community Health Options related to the 2014 benefit year (January 1, 2014, through December 31, 2014), individual market data reported on the final EPDW(s) submitted by the issuer to support APTC and advance CSR payments, and FFE user fee collections.

CMS informed Community Health Options via electronic letter on November 16, 2016, that it would be audited. Community Health Options then received a letter on November 18, 2016, from CMS’s audit contractor, identifying data requirements required to conduct the audit. CMS’s audit contractor reviewed Community Health Options’ information provided and performed the procedures to assess compliance with APTC, advance CSR and FFE user fee program rules and regulations as defined in the CMS protocols.

CMS’s audit contractor applied audit protocol procedures to obtain sufficient and appropriate evidence to establish reasonable bases for the findings related to the audit objectives identified in section II.C of this report. CMS’s audit contractor performed the following procedures:

- Validations of the APTC/CSR Desk Audit File\(^2\) data submitted to CMS:
  - EPDW Validations: Comparison of the final 2014 EPDW submitted to CMS to the APTC/CSR Desk Audit File from Community Health Options’ systems.
  - Duplicate Check: Review of the APTC/CSR Desk Audit File containing subscriber level data from Community Health Options’ systems to verify duplicate Exchange-assigned subscriber IDs (i.e. Exchange-assigned subscriber IDs that were reported on the file twice in the same month) were not reported on the file.
  - Unreconciled Subscribers Review: Review and comparison of the subscribers reported on the APTC/CSR Desk Audit File to the subscribers included in CMS’s systems to determine if the subscribers existed and were effectuated (i.e. the amount the subscriber is responsible to pay toward the first month’s total premium amount has been paid in full by the subscriber) in CMS’s systems.

- Validations on samples of issuer system data:
  - 45 Subscriber Review: Review and comparison of the data from the issuer’s systems to the corresponding data included in CMS’s systems for a selected sample of 45 subscribers.
  - 15 Subscriber Review: Analysis and review of data and documentation from the issuer’s systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of 15 subscribers.

- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

---

\(^2\) The APTC/CSR Desk Audit File is CMS’s standard document for issuers to provide information in support of this audit.
III. RESULTS OF REVIEW

EPDW Validations
There were no findings noted in the comparison of the final 2014 EPDW to Community Health Options’ APTC/CSR Desk Audit File.

Duplicate Check
There were no findings in the review of Community Health Options’ APTC/CSR Desk Audit File to verify duplicate Exchange-assigned subscriber IDs were not reported on the file.

Unreconciled Subscribers Review
There was one finding noted in the review of Community Health Options’ APTC/CSR Desk Audit File to determine if the subscribers reported on the file existed and were effectuated in CMS’s systems. Refer to Finding No. 1 included in section IV for details on the finding.

45 Subscriber Review
There was one finding noted in the review and comparison of the data from Community Health Options’ systems to the corresponding data included in CMS’s systems for a selected sample of 45 subscribers. Refer to finding No. 2 included in section IV for details on the finding.

15 Subscriber Review
There were no findings noted in the analysis and review of the data and documentation from Community Health Options’ systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of 15 subscribers.

Policy and Procedure Review
There were no findings noted in the review of Community Health Options’ APTC policies and procedures.
IV. FINDINGS

A finding is an identification of an instance of issuer non-compliance with CMS requirements that requires a corrective action. CMS’s audit procedures identified two findings. The two findings resulted in a change to Community Health Options’ reported EPDW for individual market plans for the 2014 benefit year. In light of the two findings, the adjusted 2014 benefit year EPDW APTC and advance CSR payments and FFE user fee amounts for individual market plans are shown in the following table.

* Note: The advance CSR financial impact is for informational purposes only.

The net financial impact of the two audit findings is a refund from CMS of $(753.61) consisting of $(1,047.61) in FFE user fees and $294.00 in APTC. The two audit findings along with the criteria, cause, effect, corrective actions, and Community Health Options’ responses are as follows:

**Issuer Management Response to the Draft Audit Report Findings (See Appendix 3)**

Please provide management’s response to the findings identified in the draft audit report and complete the attached Appendix 3, Issuer Management Response to Net Financial Adjustment, within 30 calendar days from the draft audit report date. Management’s response should indicate agreement or disagreement.

**Agreement**

If management agrees with the two findings, complete the “Issuer Management Response” field of the findings in the draft audit report, and initial “Agree” and sign the attached Appendix 3 - Issuer Response to Net Financial Adjustment. Return the draft audit report including Appendix 3 within 30 calendar days from the draft audit report date. Upon receipt of the signed Issuer Response to Net Financial Adjustment, CMS will finalize and publish the report within 15 calendar days. CMS will process the final adjustment amount in the next available monthly payment cycle.

**Disagreement**

If management disagrees with the two findings and corrective action plans, complete the “Issuer Management Response” field of the findings in the draft audit report, and initial “Disagree” and
sign the attached Appendix 3 - Issuer Response to Net Financial Adjustment. Return the draft
audit report including Appendix 3 and any supporting documentation that substantiates
management’s response within 30 calendar days from the draft audit report date. This will be the
final opportunity to provide information or supporting documentation to correct any inaccuracies
in the report before it is finalized.

CMS will review the written explanations in the “Issuer Management Response” field of the
findings and any supporting documentation to determine if the report can be amended in a
mutually-acceptable manner. If you and CMS are unable to come to a mutually-acceptable result,
your response to this report will be included in the final published audit report.

CMS will provide a final audit report, including the stated final adjustment amount along with an
updated Appendix 3 - Issuer Response to Net Financial Adjustment within 30 calendar days after
receipt of management’s response. Please return the updated Appendix 3 - Issuer Response to
Net Financial Adjustment within 15 calendar days. Upon receipt of the signed Issuer Response to
Net Financial Adjustment, CMS will publish the report within 15 calendar days. CMS will
process the final adjustment amount in the next available monthly payment cycle.

Appendix 3 – Issuer Response to Net Financial Adjustment

Issuer HIOS ID: 33653
Issuer Name: Maine Community Health Options
Issuer Address: 150 Mill Street Lewiston, ME 04240

The undersigned Chief Executive Officer (CEO), Chief Financial Officer (CFO) or other individual who can legally and financially bind this issuer has reviewed the information included in the Audit report of the issuer’s 2014 benefit year, resulting in a refund from CMS of $753.60 and:

(INITIAL) __________ Agrees with the audit net adjustment amount above, confirming the audit finding(s), and as such this report will be considered final and published.

Or

(INITIAL) __________ Disagrees and requests a review of additional information that may impact the audit net adjustment amount resulting from the 2014 benefit year audit. If review is requested, CMS will consider this draft only a preliminary audit report. If the review option is selected, you must provide a written explanation with any additional documentation when you return this response within 30 calendar days of the date of this draft audit report. CMS will review the written explanation and any supporting documentation to determine if the report can be amended in a mutually-acceptable manner. If you and CMS are unable to come to a mutually-acceptable result, your response to this report will be included in the final published audit report.
