# Portal User Manual Change History

## April 2016 Revisions

The Manage Data Changes tab and its functionality are added for Admin user and CCIIO Approver roles. Added Release 20.00 functionality screens. In this release, the Manage an Organization page of the HIOS Home page, has an extra tab called “Manage Data Changes” tab for Admin users. Company Admins, Issuer Admins, and Organization Admins can create and review data change requests through this tab.

The Approvals tab of the HIOS Home page has an extra tab called “Manage Data Changes” through which CCIIO users will review, approve, or deny the change requests and is implemented in Portal release 20.00.00.

## December 2015 Revisions

Added a tool tip for the NAIC Company Code field on the Manage Organization- View Page

Role Management- Removed the User type field for modules ERE, Non Fed, QHP Issuer Module, QHP Benefits and Service Area, QHP Rating, State Evaluation and Unified Rate Review modules.

## April 2015 Revisions

Modified to reflect current release and date, updated Figures 9 & 10 and related text for new Portal “Access Catalog” screens.

## February 2015 Revisions

Added Release 19.00.00 updated screens and functionality changes. In this release, the HIOS Main Home Page has an extra button at the top navigation bar labeled “Access PM”. The Approval pages have been updated to allow for multiple role request approvals. Lastly, the confirmation message text has changed.

## December 2014 Revisions

Added Release 17.00.00 updated screens and functionality changes. In release 17.00.00, the system will be collecting both US and Non-US addresses for Other Organization Type.

## October 2014 Revisions

Added Release 16.00.00 updated screens and functionality changes. Main addition for this release is including Other Organization Types as an option in the organization type dropdown.

## August 2014 Revisions

Added Release 15.02.00 updated screens and text related to the TPA Edge Server Role Requests and prerequisites to be followed.

## May 2014 Revisions

The following updates have been made to Section 3.3 to show the new Organizational User Role Approvals page. Has been updated to illustrate the view modules the Organizational User Role Approvals can be used for (ERE and Non-Fed role requests)

# 1 Introduction

The Center for Consumer Information and Insurance Oversight (CCIIO), a division of the Department of Health and Human Services (HHS), is charged with helping implement many provisions of the Affordable Care Act. The Health Insurance Oversight System (HIOS) is a federal system of record and provides a centralized, multi-user interface for insurance issuers and state/territory regulators to submit, and CCIIO to store information on individual and small group major medical insurance. Information submitted to HIOS is transferred in accordance with CCIIO regulations to provide data updates to Healthcare.gov. The Healthcare.gov website displays this information to provide assistance to consumers in locating health insurance coverage available in the market.

## 1.1 Pre-requisites and Information for HIOS System Access

---

These technical instructions explain how the HIOS application works within any compatible Internet browser application such as:

1. Internet Explorer (version 7 or higher)
2. Mozilla Firefox (version 5 or higher)
3. Chrome (version 9.0 or higher)

Prior to accessing HIOS, users will need to obtain their Enterprise Identity Management System (EIDM) credentials. The credentials are obtained by completing registration through the EIDM secure authentication process. Once registered, these credentials will be used to access CMS Enterprise Portal.

**CMS Enterprise Portal:** CMS Enterprise Portal is used for accessing CMS systems. HIOS is one of the systems that can be accessed through the CMS Portal using EIDM authentication and authorization. Only users who are authenticated with the EIDM procedures will be allowed to access the HIOS system.

**Enterprise Identity Management System (EIDM):** EIDM provides authentication and authorization capabilities and is tightly integrated with the CMS Enterprise Portal. Users must register for an EIDM account and obtain an EIDM User ID and Password to access the CMS Enterprise Portal.

### **Pre-Requisites for HIOS Access:**

- All users will be required to complete the Enterprise Portal registration process, which includes Identity Verification (ID Proofing).
- ID Proofing verifies that the individual referenced in the account is the same person creating the account.
- Additional information collected includes the following Personally Identifiable Information (PII) for purposes of the ID Proofing process: Social Security Number, Date of Birth, Home Address and Primary Phone Number.

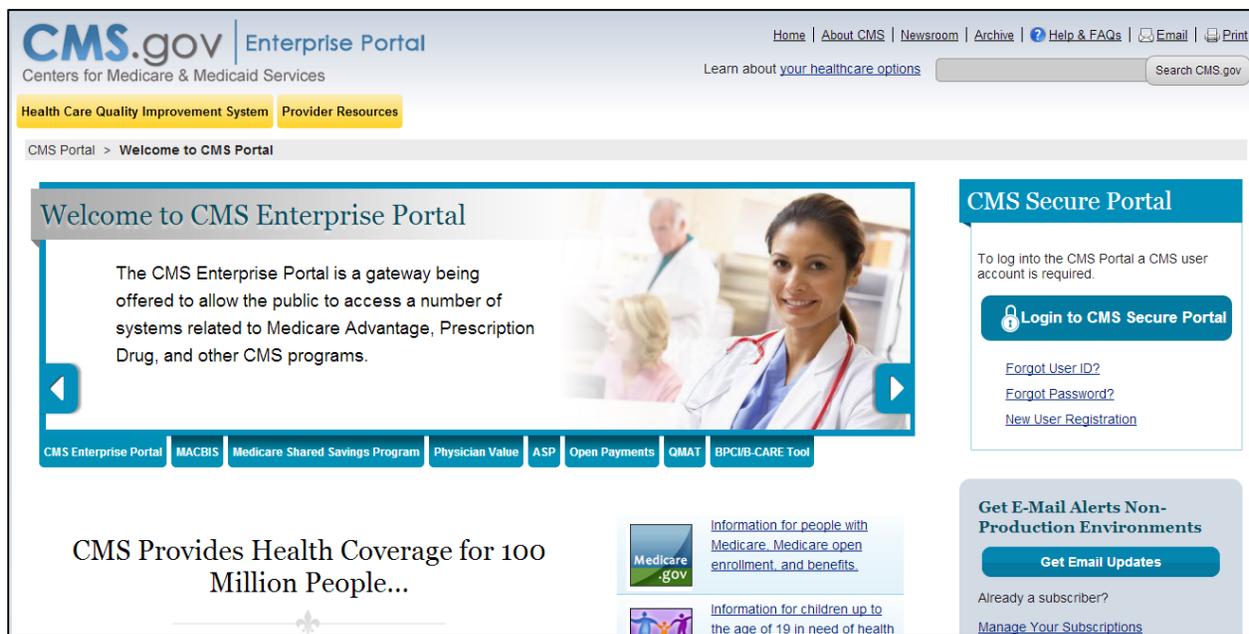

## 2 HIOS System Access

All EIDM authorized and authenticated users will be able to access the HIOS system by navigating to the CMS Enterprise Portal using the secure URL: <https://portal.cms.gov/>. Users will be required to enter their credentials obtained by registering through the EIDM system to access HIOS.

This manual provides steps and instructions on how new and existing users can get access to HIOS and use its different functionalities.

Figure 1 displays the CMS Enterprise Portal Home page.

**Figure 1: CMS Enterprise Portal Main Screen**

### 2.1 New User Registration

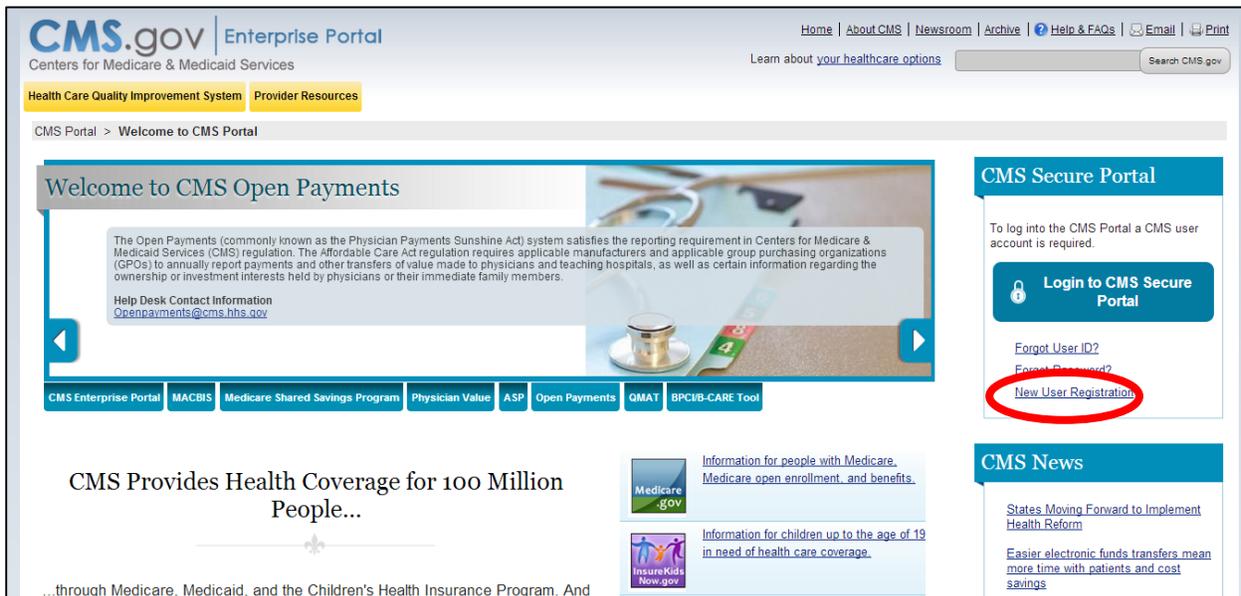

New users must complete the following steps to access HIOS.

1. Register for an EIDM account.
2. Request access to HIOS through the CMS Enterprise Portal.

**Step 1:** Register for an EIDM Account: New users will navigate to the CMS Enterprise Portal at <http://www.portal.cms.gov> to start the registration process. This registration process will require some personally identifiable information (PII) such as (Social Security number, Date of Birth, Home Address, Full name, Phone number, etc.).

Figure 2 displays the “New User Registration” link on the CMS Enterprise Portal main screen:

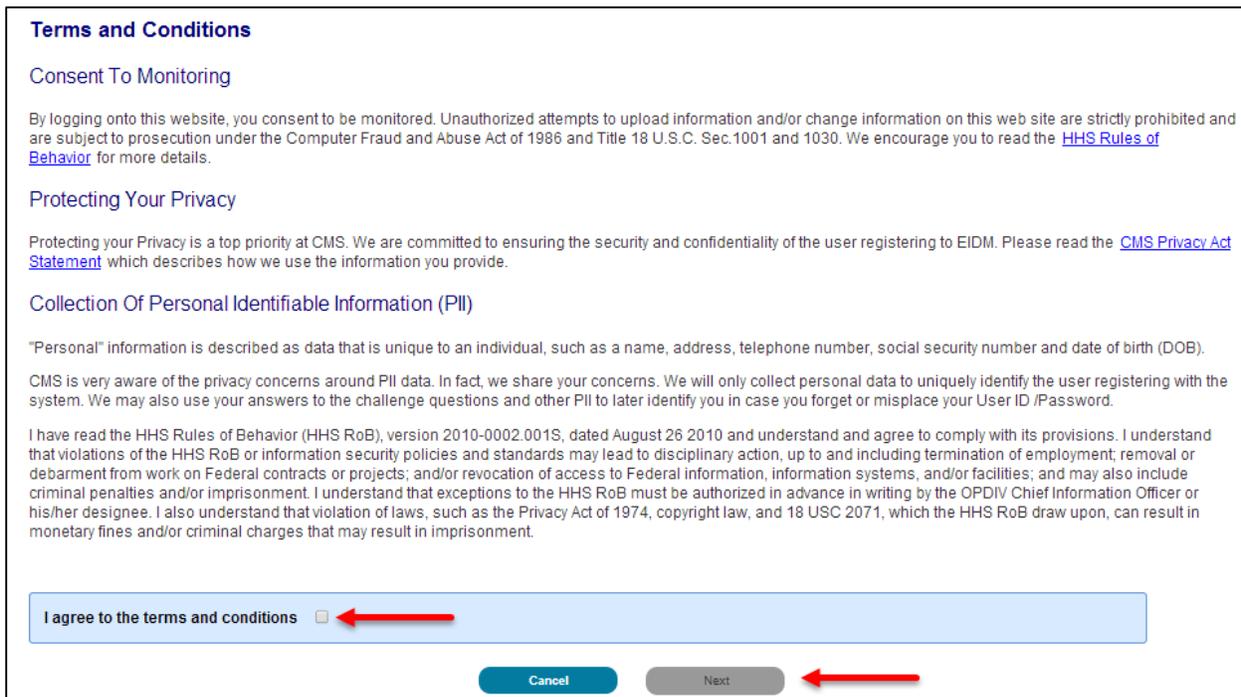

Figure 2: CMS Enterprise Portal

In order to register as a new user, all users must agree to the terms and conditions by selecting the “I agree to the terms and conditions” checkbox. Once that checkbox is selected, the Next button will be made available.

Figure 3 displays the EIDM ID Proofing Screen:

Figure 3: EIDM ID Proofing Screen

Users will then be navigated to an Additional Questions page, where they must enter additional fields required for ID proofing that are not collected in HIOS. Attributes already collected in HIOS will be pre-populated and read-only.

Figure 4 displays the Additional Questions page:

**Figure 4: Additional Questions Page**

The screenshot shows a web form titled "Your Information" with the following sections:

- First Name:** Text input field.
- Middle Name:** Text input field.
- Last Name:** Text input field.
- Suffix:** Dropdown menu.
- E-mail Address:** Text input field.
- Confirm E-mail Address:** Text input field.
- Social Security Number:** Text input field with a mask.
- Date of Birth:** Three text input fields for MM/DD/YYYY.
- Home Address Line 1:** Text input field.
- Home Address Line 2:** Text input field.
- City:** Text input field.
- State:** Dropdown menu.
- Zip Code:** Text input field.
- Zip Code Extension:** Text input field.
- Country:** Pre-populated as "USA".
- Primary Phone Number:** Text input field with a mask.

At the bottom of the form, there are two buttons: "Cancel" and "Next". A red arrow points to the "Next" button.

Based on the information provided, the users will be required to answer four questions for identity verification. User information is submitted to Experian and unique questions and answers are provided to each user for ID Proofing.

Users must then set their password and set up challenge questions and answers as shown below.

Figure 5 displays one of the Identity Verifications screen:

Health Care Quality Improvement System Provider Resources

CMS Portal > Registration

Your Information Choose User ID and Password Complete Registration

### Registration Complete

You have now successfully completed your registration to CMS Enterprise Identity Management (EIDM). You will receive an E-mail acknowledging your successful registration to EIDM and the E-mail will include your User ID.

Please wait 5 minutes before logging in. Selecting the 'OK' button will direct you to the CMS Portal Landing page.

**Step 2:** Once users receive the acknowledgement email that contains their User ID, they will need to request access to the HIOS System by signing into CMS Enterprise Portal.

Figure 7 displays the CMS Enterprise Portal login screen:

Figure 7: CMS Enterprise Portal - Login

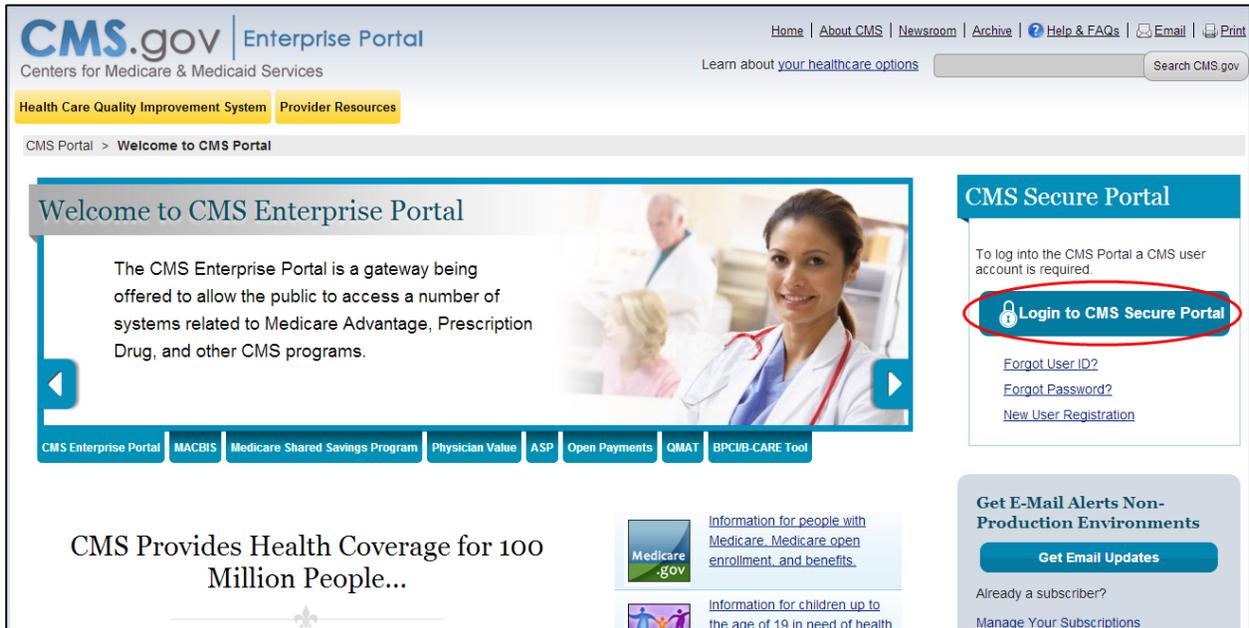

Figure 8 displays the Terms and Conditions page through CMS Portal:

Figure 8: Terms and Conditions Page - CMS Portal

Enter your User ID and select the “Next” button in Figure 8a:

**Figure 9a: CMS Enterprise Portal – Enter User ID**

The screenshot shows the CMS.gov Enterprise Portal login page. At the top, there is a navigation bar with links for Home, About CMS, Newsroom, Archive, Help & FAQs, Email, and Print. Below the navigation bar, the CMS.gov logo and 'Enterprise Portal' text are displayed, along with the text 'Centers for Medicare & Medicaid Services'. Two yellow buttons are visible: 'Health Care Quality Improvement System' and 'Provider Resources'. A blue banner reads 'Welcome to CMS Enterprise Portal'. The main content area features a 'User ID' label next to a text input field. Below the input field are two blue buttons: 'Next' and 'Cancel'. At the bottom of the main content area, there are two links: 'Forgot User ID?' and 'Need an account? Click the link - New user registration'.

Enter your Password and select the “Log In” button in Figure 8b:

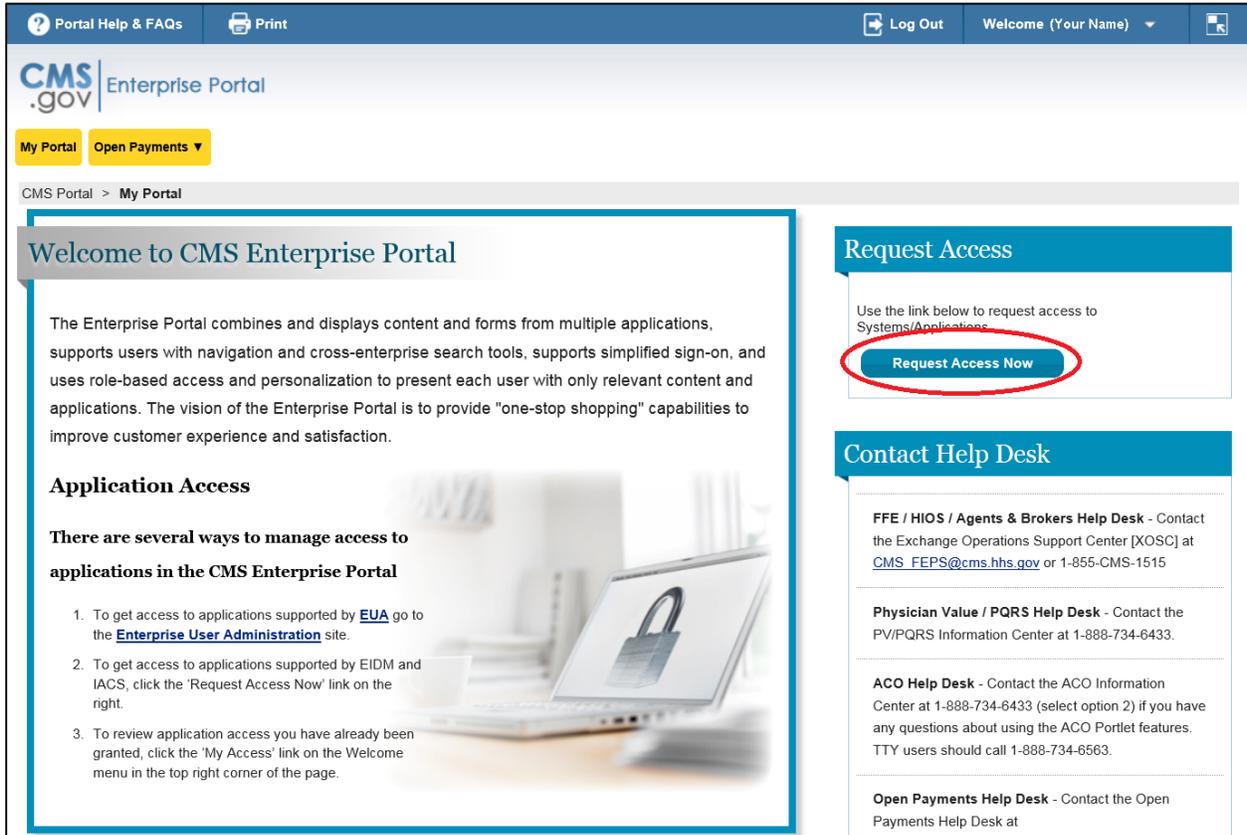

**Figure 8b: CMS Enterprise Portal – Enter Password**

The screenshot shows the CMS.gov Enterprise Portal login page, specifically the password entry step. The layout is identical to Figure 9a, but the input field is labeled 'Password'. The 'Next' button is replaced by a 'Log In' button. The 'Forgot User ID?' link is replaced by a 'Forgot Password?' link. The 'Need an account? Click the link - New user registration' link remains at the bottom of the main content area.

Once the Terms and Conditions have been accepted, the users will need to log in by entering their EIDM credentials. The users would then select “Request Access Now” as shown in the image below.

Figure 9 displays the “Request Access Now” link through the CMS Portal:

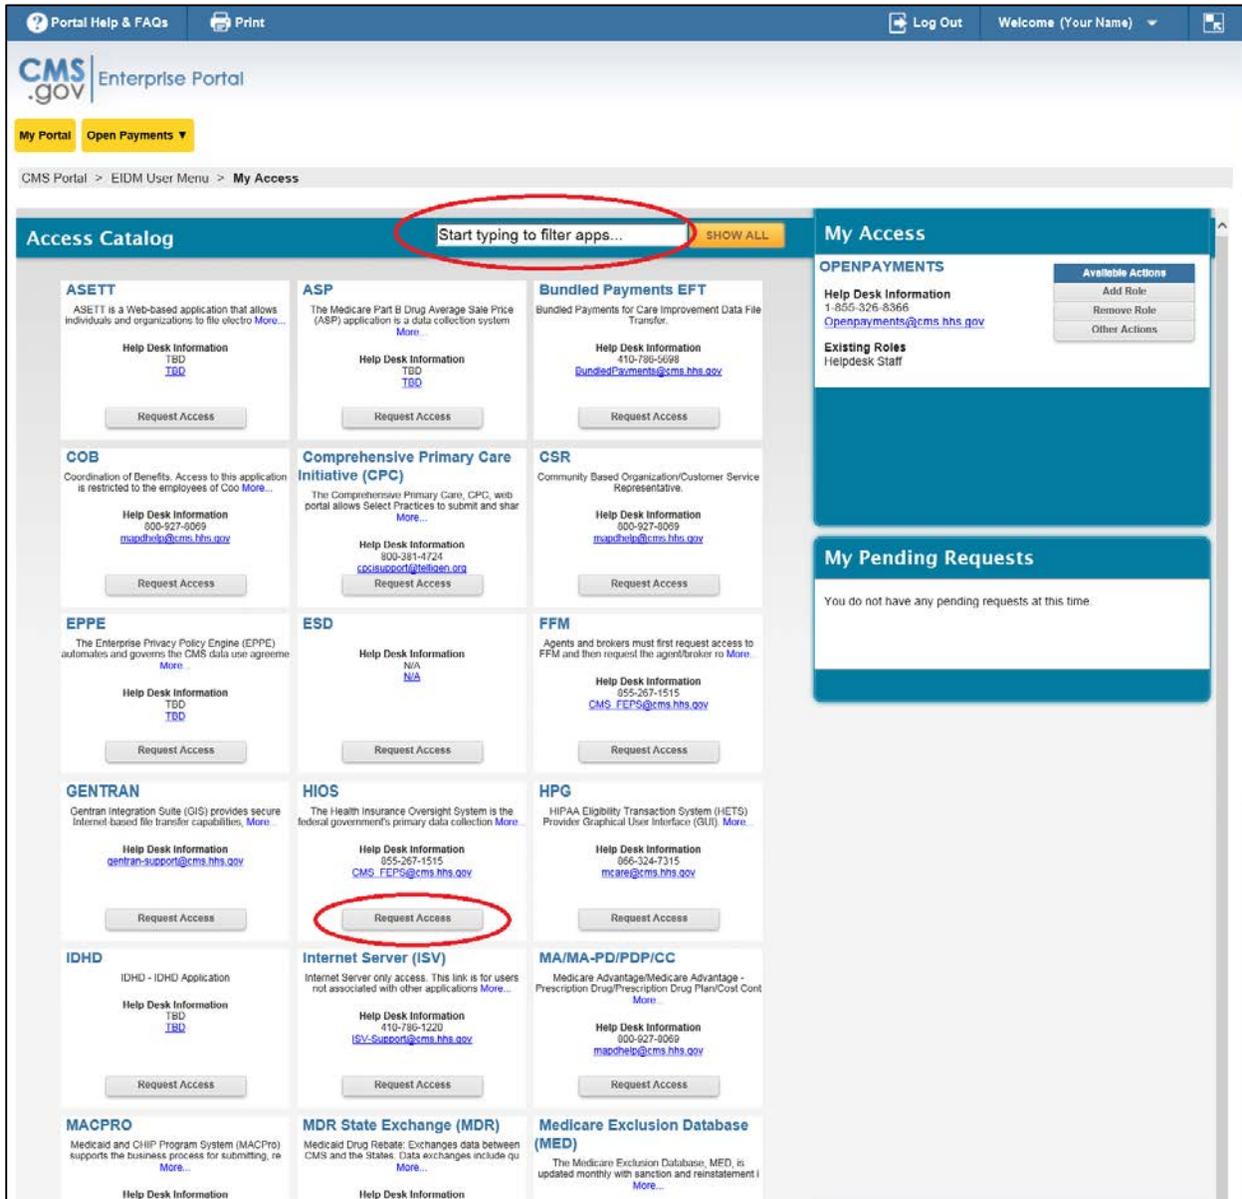

Figure 10: CMS Enterprise Portal Page

From the Access Catalog page, users will select the “Request Access” link by scrolling down to the HIOS application, or filtering the list by entering “HIOS” in the filter box, as shown below.

Figure 10 below displays the “Request Access” Link:

Figure 11: Request Access Link

Users will select “HIOS Issuer” from the Role Dropdown. New users will need to register in HIOS by selecting the link circled below. The HIOS Registration page will open.

Figure 11 displays the Request New Application Access page:

Once approved, authenticated users will receive an email with their HIOS credentials, account information and an authorization code to request access to HIOS in the Enterprise Portal.

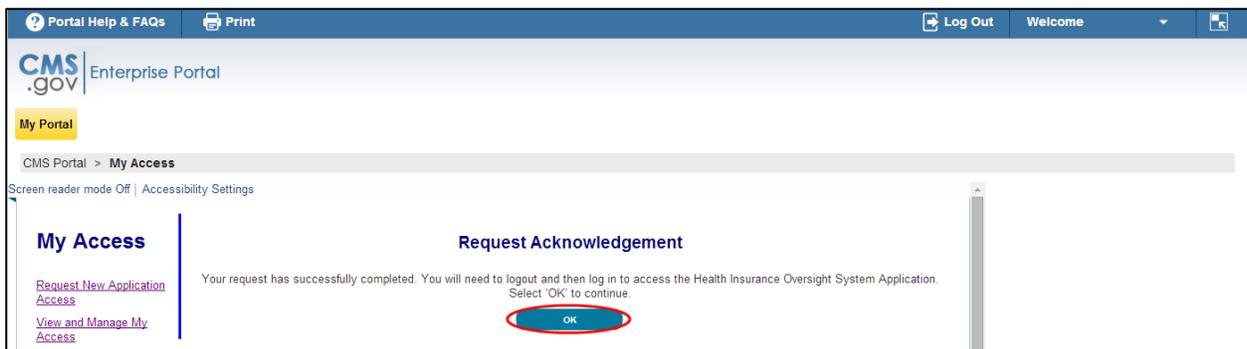

Once the users receive the email from HIOS registration along with the authorization code, they are required to enter the authorization code in the “HIOS Authorization Code” field on the Request New Application Access page as illustrated in Figure 14.

Figure 15: New HIOS User-Enter Authorization Code screen

Once the system has acknowledged the request, users will be granted permission to access HIOS as shown in Figure 15.

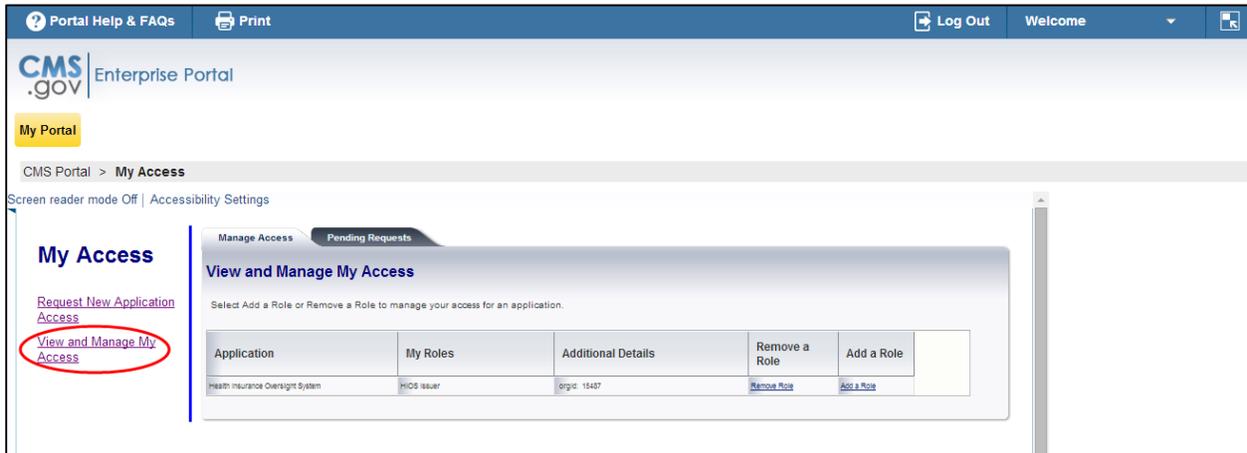

Figure 16: Request Acknowledgement Screen

Access to HIOS will appear under the View and Manage My Access page, after the user logs out of the Portal and logs back in for the changes to take effect.

Figure 16 displays the View and Manage My Access page.

Figure 17: View and Manage My Access Page

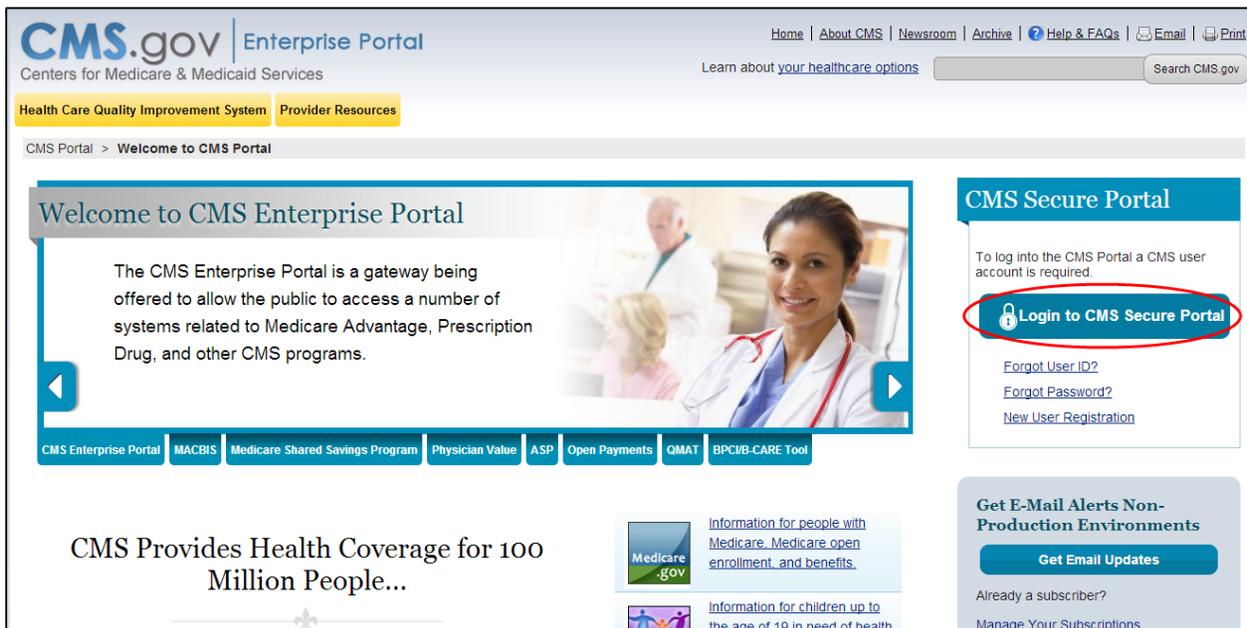

## 2.2 Existing HIOS Users

Existing HIOS Users will follow the steps below to access HIOS once they have completed the EIDM registration process and have been granted access to the HIOS system. Users must first log out of the system for their profile updates to take effect. Users will then log back into the Enterprise Portal with their EIDM user ID and password.

Figure 17 displays the CMS Enterprise Portal Page.

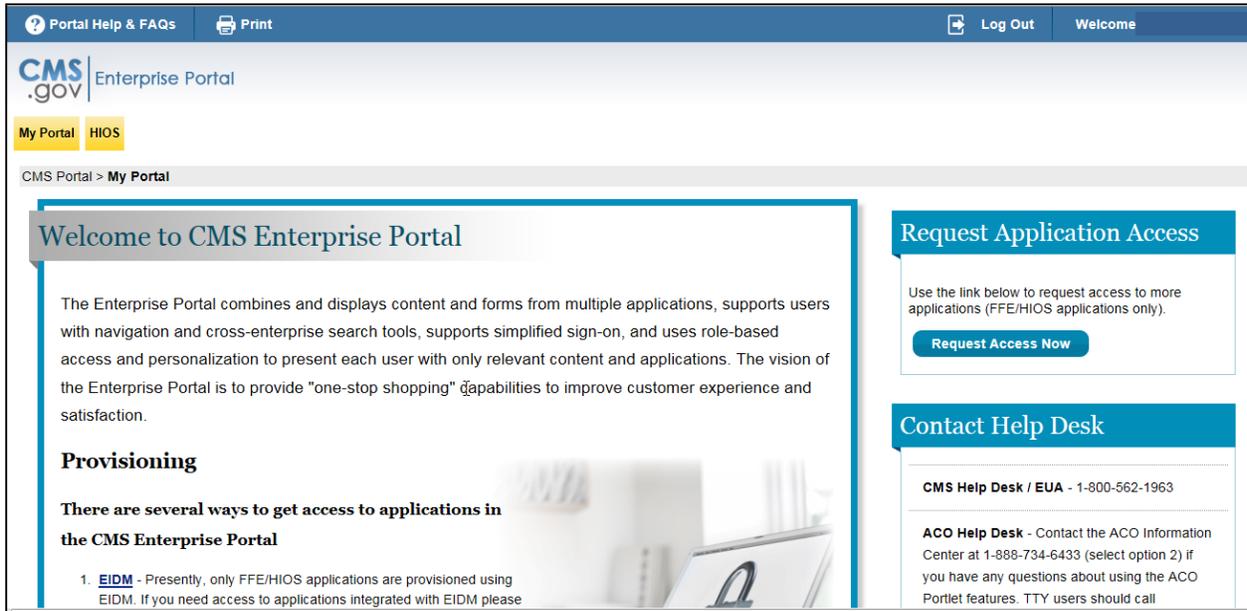

Figure 18: CMS Enterprise Portal Page - Login with EIDM Credentials

After users have logged into the CMS Enterprise Portal, they will have access to HIOS in the Portal. Selecting the “HIOS” tab will open the HIOS landing page.

## HIOS Home Page

**Organization Management & Administrative Functions:**

- Manage Account
- Manage an Organization
- Role Management

### HIOS Main Page Announcements:

#### Obtaining a Health Plan Identifier (HPID)

Users needing to obtain an HPID for their organization will need to take the following steps in HIOS:

1. Register the organization in HIOS
2. Request access to the HPOES module through user role management
3. Complete an HPID application within the HPOES module
4. Once an HPID application has been successfully submitted, an HPID number will be assigned

Users may also access an HPID Quick Guide that provides an easy step-by-step reference for completing the necessary steps in HIOS and HPOES to obtain an HPID. You can view the Quick Guide in [graphic](#) or a [text](#) form at <http://www.cms.gov/Regulations-and-Guidance/HIPAA-Administrative-Simplification/Affordable-Care-Act/Health-Plan-Identifier.html>.

Welcome to the Health Insurance Oversight System (HIOS).  
HIOS will be accessible through the CMS Enterprise Portal.

The following Modules are now live in HIOS:

- HIOS Portal
- Plan Finder and Product Data Collection Module (PF)
- Rates and Benefits Information System (RBIS)
- Consumer Assistance Program (CAP)
- Medical Loss Ratio Data Collection System (MLR)
- Rate Review System (RRJ)
- Rate Review Grants Reporting System (RRG)
- Health Plan and Other Entity Enumeration System (HPOES)
- Document Collection Module- Form Filing Module (DCM- FFM)
- Document Collection Module- Market Conduct Module (DCM-MCM)
- Document Collection Module- State Document Collection (SDC)
- Minimum Essential Coverage (MEC)
- Non Federal Governmental Plan (Non-Fed)
- Assister (NAV)

For any further inquiries or questions, please contact the Exchange Operations Support Center (XOSC) at [CMS\\_FEPS@cms.hhs.gov](mailto:CMS_FEPS@cms.hhs.gov) or 1-855-267-1515.

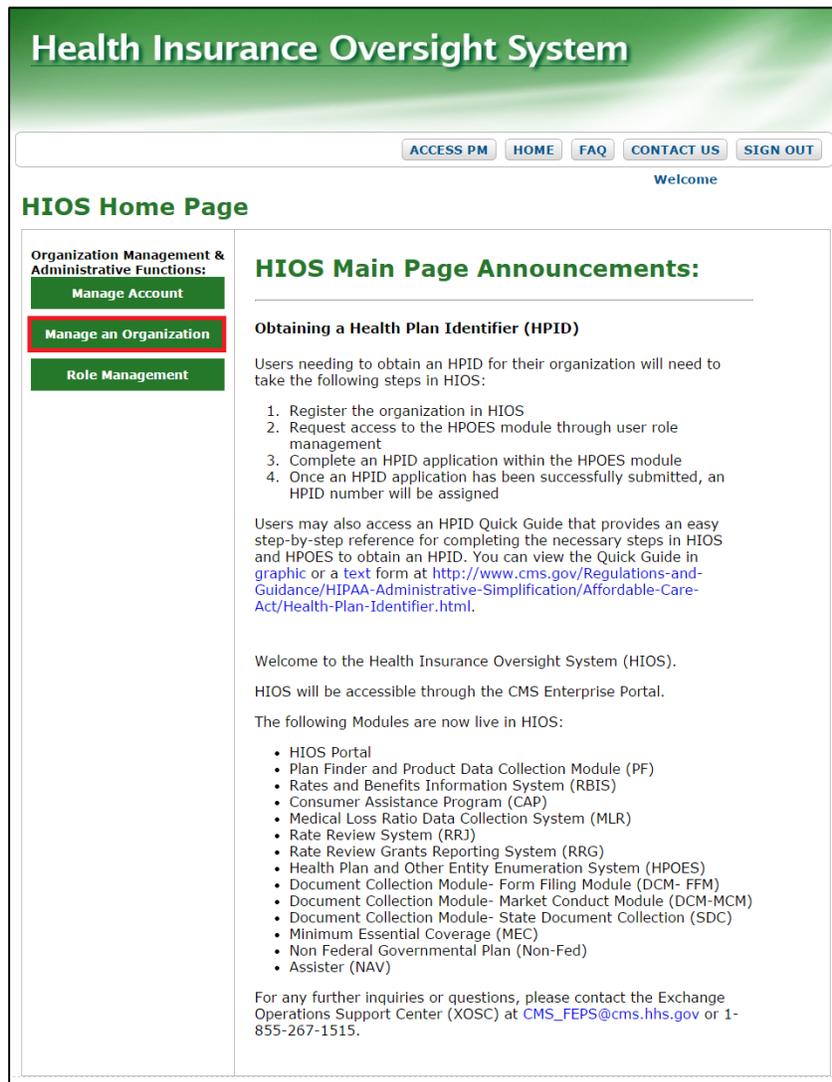

### 3.1 Manage an Organization

The Manage Organization functionality allows users to verify an organization exists in HIOS, or create a new organization or attach an issuer to an organization within HIOS. The organization must be actively registered in HIOS in order for users to request access or role permissions to the account.

Most of the modules within and controlled by HIOS will require the user to be cross-referenced (or associated) to at least one organization, company, issuer, or self-funded, non-federal governmental plans before a user can gain access to the module. The module's access button will not be visible to the user until the user has an approved role to an existing or approved new Organization/Company.

In order to view or add an organization to HIOS, the users will need to navigate to the Manage an Organization page. It can be accessed by selecting its corresponding button as illustrated in Figure 21.

Figure 22: HIOS Portal – Manage an Organization

### 3.1.1 Creating an Organization

Once the user is on the Manage an Organization page, they will be able to input three or four fields, depending on Organization Type. The first selection will be the primary purpose of the visit to the Manage an Organization page, selecting either Create New Organization or Edit Existing Organization in the dropdown menu. The user can then select the hyperlink to view the list of organization types and their definitions, and then select the appropriate Organization Type from the options: Company, Non Insurance, Non-Federal Governmental Plans, and Other Organization Type. The final input will be Federal Employee Identification Number or Tax Identification Number (EIN/TIN), unless the user selects Other Organization Type as the Organization Type. If the user selects Other Organization Type, the Manage an Organization menu will display a checkbox stating the following: My Organization does not have an FEIN. If the checkbox is checked, a free form text box will appear where the users can input the Organization name being searched.

Figure 22 displays the search organization screen.

Welcome

**Manage an Organization** Manage Organization Relationships Manage Data Changes

### Manage an Organization

Please specify the primary purpose of your visit:

Please click [Organization Types \(PDF - 160KB\)](#) for a list of organization types and their definitions.

Please select the type of organization:

Please enter your organization's 9 digit Federal EIN /TIN below and select 'FEIN/TIN Search' to determine if your organization currently exists in HIOS.

Federal EIN/TIN  [FEIN/TIN Search](#)

My organization does not have an FEIN

In the search bar below, please provide the name of the Organization being requested. After pressing the 'Organization Search' button, only those matching organizations that are currently registered in the HIOS system and do not contain an FEIN will be returned for your review. If your organization has an FEIN, please use Search by FEIN/TIN option above. If none of the organizations provided are associated with the requesting organization, please press the 'Create Organization' button.

Please enter the organization name to search:  [Organization Search](#)

[Accessibility](#) | [Rules of Behavior](#) | [Web Policies](#) | [File Formats and Plug-Ins](#)

If there is an existing organization within HIOS, it will be displayed under the search box. Section 3.1.2 explains this portion in detail. If there is no existing organization with the FEIN/TIN or Organization Name (only when Other Organization Type is selected) the users provided, they will have the option to create a new organization.

**Note:** If the users logged in belong to an Organization with a Non-US address, the checkbox for My Organization does not have an FEIN will be selected by default. Users can uncheck the check box if they would like to enter an FEIN for their organization.

### 3.1.1.1 Company

---

This section will cover the process of creating a new Company organization.

If organization type selected is Company and no FEIN was found, the users will have the option to create a new organization. The user can select the Create Organization button to begin the process.

Figure 23 displays the select organization type screen.

### 3.1.3 Editing Company Information

Users with the Company Administrator role who are cross-referenced to an organization can edit the company's information. The following fields on the Edit Organization page are editable: Company Legal Name, Organization Name, Federal EIN/TIN, AM Best Number, Not for Profit, Co-Op, Address Type, Address Line 1, Address Line 2, City, State, ZIP Code, and ZIP Plus 4, "Are you a TPA?", and "TPA Type". **Note:** The NAIC Company Code, NAIC Group Code and Group Name fields shall be locked down and disabled for editing unless there are existing values. A **Company Administrator** is defined as: A representative of the Company who will be responsible for the editing of Company-level information as well as Issuer-level information for Issuers that are associated to the company. A company can have any number of Company Administrators. **Note:** A user with a submitter or validator role for an organization cannot be a Company Administrator.

When Company Administrators and Non-Administrator users access HIOS and locate their organization records, they will be able to check their company's FEIN validation status. The status is high-level and will only indicate whether the FEIN was successfully validated, failed

validation, or is pending validation. As indicated in the failure notifications, the Company Administrator may need to contact the help desk to receive further information on their failure scenario.

### Updating FEIN/LBN:

1. Request Organization Administrator role.
2. Access HIOS as Organization Administrator.
3. Select "Manage an Organization."
4. Enter FEIN/TIN in Search field.
5. Select "FEIN/TIN Search" button.
6. Select "Edit" in the Action column.
7. Review the Validation Status.
8. Edit Organization Legal Name (LBN) or Federal EIN/TIN as necessary.
9. Select "Review/Continue" button.
10. Review updated information.
11. Select "Submit" button.

**Note:** The FEIN and Company Legal Name fields will be locked down and disabled for editing when the FEIN Validation Status is "Validated", as illustrated in Figure 48.

Once the EDGE Server TPA attributes have been entered, the users will be asked to review the information and confirm that it is correct.

### 3.1.4 Issuer

Before creating a new issuer within HIOS, an associated company must be registered and approved in the system. The user must perform a Federal EIN Search to ensure the company is already registered within HIOS. If any of the details of the company are incorrect, please contact the Help Desk to submit corrections.

Figure 51 displays the beginning of the process to add a new issuer.

### 3.1.4.2 Editing Issuer Information

Users with the Company Administrator or Issuer Administrator role will have the capability to edit Issuer level information. Company Administrators will be able to edit the information of all Issuers associated to the company.

Users with the Issuer Administrator role who are cross-referenced to an issuer can edit the information for that issuer. The following fields on the Edit Issuer page are editable: Issuer Marketing Name, Market Coverage, Line of Business, Address Line 1, Address Line 2, City, State, ZIP Code, and ZIP Plus 4, “Are you a TPA?” and “TPA Type”. An **Issuer Administrator** is defined as: A representative of the Issuer who will be solely responsible for the editing of Issuer-level information. An Issuer can have any number of Issuer Administrators. **Note:** Users with a submitter or validator role for an issuer cannot be an Issuer Administrator.

Figure 55 displays the issuer edit links under the Manage an Organization page.

**Figure 56: Issuer Edit Link on Manage an Organization Page**

Company Legal Name	Federal EIN/TIN	Action
Test Demo Insurance Rename	123123123	<a href="#">View</a>

Company information can only be edited by an approved Company Administrator role. This role can be requested through the role request page.

**Issuers**

**\*TPA Type:**  EDGE Server

**Note:** Users can select multiple Market Coverage types. A validation check will be implemented to prevent a user from unselecting a Market Coverage type if that Issuer has a valid Product in that same Market Coverage type. Users can also select multiple Lines of Business for each Market Coverage type selected.

Figure 57 displays the market coverage notification page.

Figure 58: Market Coverage Notification

The screenshot displays the Health Insurance Oversight System interface. At the top, the title "Health Insurance Oversight System" is centered in a green banner. Below the banner, the date "Tuesday, December 03, 2013" is shown on the left, and navigation buttons for "HOME", "FAQ", "CONTACT US", and "SIGN OUT" are on the right. A "Welcome" message is positioned to the right of the date. A red error message is centered: "Error(s):" followed by a bullet point: "• Issuer Market Coverage cannot be changed as there exist product for the market coverage". Below the error, a section titled "Edit Issuer" is shown. It includes a note: "Please fill in the form below with your Issuer's information." and "Note: (\*) Indicates a required field." The form contains three fields: "Issuer ID:" with the value "38118", "\*Issuer Legal Name:" with the value "World Insurance Company", and "Issuer Marketing Name:" with the value "testing marketing name".

If an Issuer has been identified as an EDGE Server TPA, the users will need to provide further information unique to this type of Issuer as shown below in Figure 58 and Figure 59.

When the users have finished reviewing and submitting their Issuer Edit request, it will be queued up for approval. Once approved, the users will receive an email notification informing them that their request has been approved.

### 3.2 Role Management

All module access and role requests are to be completed in the Role Management section. Users will be able to view their existing roles and access status. The users will also be able to submit module access permission requests and cross-reference requests to registered companies, issuers, and states (for state users only) all under Role Management.

Figure 60 displays the role request page.

Figure 61: HIOS Portal – Role Management

The screenshot displays the HIOS Portal Home Page. At the top, there is a green header with the text "Health Insurance Oversight System". Below the header is a navigation bar with buttons for "ACCESS PM", "HOME", "FAQ", "CONTACT US", and "SIGN OUT". A "Welcome" message is positioned below the navigation bar. The main content area is titled "HIOS Home Page" and is divided into two columns. The left column, titled "Organization Management & Administrative Functions:", contains three menu items: "Manage Account", "Manage an Organization", and "Role Management", which is highlighted with a red border. The right column features a section titled "HIOS Main Page Announcements:" followed by a sub-section "Obtaining a Health Plan Identifier (HPID)". This section includes a list of four steps for obtaining an HPID and a link to an HPID Quick Guide. Below this, there is a welcome message and a list of modules currently live in HIOS.

## HIOS Home Page

**Organization Management & Administrative Functions:**

- Manage Account
- Manage an Organization
- Role Management**

### HIOS Main Page Announcements:

#### Obtaining a Health Plan Identifier (HPID)

Users needing to obtain an HPID for their organization will need to take the following steps in HIOS:

1. Register the organization in HIOS
2. Request access to the HPOES module through user role management
3. Complete an HPID application within the HPOES module
4. Once an HPID application has been successfully submitted, an HPID number will be assigned

Users may also access an HPID Quick Guide that provides an easy step-by-step reference for completing the necessary steps in HIOS and HPOES to obtain an HPID. You can view the Quick Guide in [graphic](#) or a [text](#) form at <http://www.cms.gov/Regulations-and-Guidance/HIPAA-Administrative-Simplification/Affordable-Care-Act/Health-Plan-Identifier.html>.

Welcome to the Health Insurance Oversight System (HIOS).

HIOS will be accessible through the CMS Enterprise Portal.

The following Modules are now live in HIOS:

- HIOS Portal
- Plan Finder and Product Data Collection Module (PF)
- Rates and Benefits Information System (RBIS)
- Consumer Assistance Program (CAP)
- Medical Loss Ratio Data Collection System (MLR)
- Rate Review System (RRJ)
- Rate Review Grants Reporting System (RRG)
- Health Plan and Other Entity Enumeration System (HPOES)
- Document Collection Module- Form Filing Module (DCM- FFM)
- Document Collection Module- Market Conduct Module (DCM-MCM)
- Document Collection Module- State Document Collection (SDC)
- Minimum Essential Coverage (MEC)
- Non Federal Governmental Plan (Non-Fed)
- Assister (NAV)

For any further inquiries or questions, please contact the Exchange Operations Support Center (XOSC) at [CMS\\_FEPS@cms.hhs.gov](mailto:CMS_FEPS@cms.hhs.gov) or 1-855-267-1515.

### 3.2.1 View Existing Roles

The users can view their existing roles and access permissions on the View Existing Roles tab as displayed below in Figure 61.

Figure 62: View Existing Roles

Role Approver Administrator	Issuer	
HIOS User Account Approver		
HIOS User Role Approver	Module	External Review Election (ERE)
HIOS User Role Approver	Module	HIOS Portal

#### EDGE Server Management

Role	Association Type	Association	User Type	User Sub-Type
Issuer EDGE Registration Request Submitter	Company	10085 - FFE RR Test Issuer 528 - NE	Submitter	Primary Contact
Issuer EDGE Registration Request Approver	Issuer	10085 - FFE RR Test Issuer 528 - NE	Approver	Primary Contact
TPA EDGE Registration Submitter	Issuer	10085 - FFE RR Test Issuer 528 - NE	Submitter	Primary Contact

To view existing roles, complete the following steps:

1. From the HIOS Portal Home Page, select the “Role Management” button.
2. Select the “View Existing Roles” tab.

### 3.2.2 Requesting a Role

To request an additional role or module access, a role request must be submitted. Be sure to review the Module Descriptions chart to ensure that the correct module and role is requested within the module.

To request a role, complete the following steps:

1. From the HIOS Portal Home Page, select the “Role Management” button.
2. Select the “Request Role” tab.
3. Select the Module needed.
4. Select the Requested Role. The system will only display the specific roles that apply to the module selected.
5. If applicable for the module selected, select the User Type from the drop down menu.
  - The USER TYPE field shall **NOT** be displayed for the following modules:
    - ERE
    - Non Fed
    - Financial Management
    - QHP Issuer Module
    - QHP Rating Module
    - QHP Benefits and Service Area
    - State Evaluation module
    - Unified Rate Review System
6. If applicable for the module selected, selected the User Sub-Type from the drop down menu.
7. If the module requires a cross-reference to a company, issuer, or state, enter the information and select Search. If a Search Result is not displayed, the user must register the organization first or verify that the issuer or state reference provided is accurate.
8. Select the “Review/Continue” button.
9. Select the “Submit” button. The “Back” button is also an option if the user needs to make changes to prior to this page.

Figure 62, Figure 63, and Figure 64 display the role request for the Ratings/Reports Viewer role within the Marketplace Quality Management (MQM) module.

### HIOS Main Page Announcements:

#### Obtaining a Health Plan Identifier (HPID)

Users needing to obtain an HPID for their organization will need to take the following steps in HIOS:

1. Register the organization in HIOS
2. Request access to the HPOES module through user role management
3. Complete an HPID application within the HPOES module
4. Once an HPID application has been successfully submitted, an HPID number will be assigned

Users may also access an HPID Quick Guide that provides an easy step-by-step reference for completing the necessary steps in HIOS and HPOES to obtain an HPID. You can view the Quick Guide in [graphic](#) or a [text](#) form at <http://www.cms.gov/Regulations-and-Guidance/HIPAA-Administrative-Simplification/Affordable-Care-Act/Health-Plan-Identifier.html>.

Welcome to the Health Insurance Oversight System (HIOS).

HIOS will be accessible through the CMS Enterprise Portal.

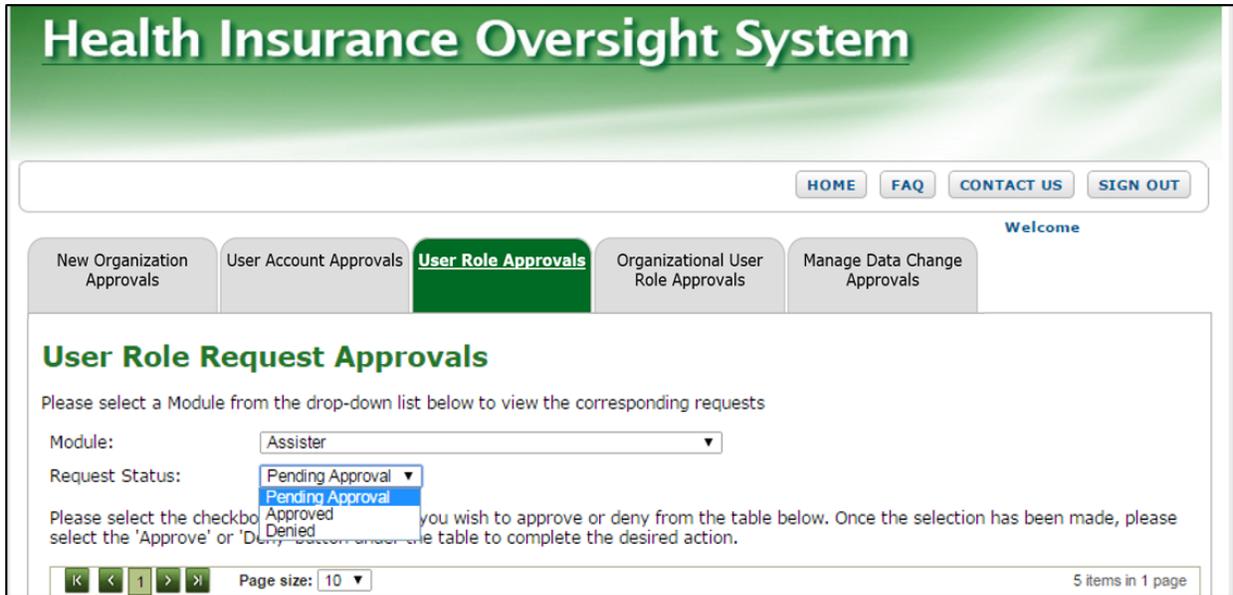

The following Modules are now live in HIOS:

- HIOS Portal
- Plan Finder and Product Data Collection Module (PF)
- Rates and Benefits Information System (RBIS)
- Consumer Assistance Program (CAP)
- Medical Loss Ratio Data Collection System (MLR)
- Rate Review System (RRJ)
- Rate Review Grants Reporting System (RRG)
- Health Plan and Other Entity Enumeration System (HPOES)
- Document Collection Module- Form Filing Module (DCM- FFM)
- Document Collection Module- Market Conduct Module (DCM-MCM)
- Document Collection Module- State Document Collection (SDC)
- Minimum Essential Coverage (MEC)
- Non Federal Governmental Plan (Non-Fed)
- Assister (NAV)

For any further inquiries or questions, please contact the Exchange Operations Support Center (XOSC) at [CMS\\_FEPS@cms.hhs.gov](mailto:CMS_FEPS@cms.hhs.gov) or 1-855-267-1515.

Under the Approvals tabs, users will have the option to view all Pending Approval, Approved, and Denied requests as displayed in Figure 69.

**Figure 70: Approval Tabs – Request Status**

Users with the HIOS User Role Approver role will see the User Role Approvals tab, as displayed in Figure 70. Under this tab, users can approve or deny role requests for the modules for which they have permissions.

### Organizational User Role Request Approvals

Please select a Module from the drop-down list below to view the corresponding requests

Module:

Request Status:

Please select the checkboxes for the records you wish to approve or deny from the table below. Once the selection has been made, please select the 'Approve' or 'Deny' button under the table to complete the desired action.

Page size: 10 1 item in 1 page

Select	Requestor Username	Job Title	Module	Role	Association Type	Association	User Type	User Sub-Type	Requested Date
<input type="checkbox"/>	Mimi.Le@cgifederal.com	Tester	External Review Election (ERE)	ERE Submitter	Non-Federal Governmental Plans	Test Non-Federal Org 10	Submitter	Primary Contact	2015-02-11 21:37:56.763

In order to approve or deny a record within one of the approvals tabs, the users would need to select the checkboxes next to the record, and then select the Approve or Deny button to approve or deny the selected records.

Once the users have selected at least one record's checkbox and selected the Approve or Deny button, the users will be redirected to a Confirmation page where the users will be notified of a successful request, and/or if the system encountered any errors in processing the request. Figure 72 displays the User Role Approvals Confirmation page where the system encountered an error in processing an Approval or Denial request.

Figure 73: User Role Request Approvals Confirmation Page

The screenshot shows the 'Health Insurance Oversight System' interface. At the top, there is a green header with the system name. Below the header, the date 'Thursday, February 19, 2015' is displayed on the left, and navigation buttons for 'HOME', 'FAQ', 'CONTACT US', and 'SIGN OUT' are on the right. A 'Welcome Rxxx Pxxxxxx' message is visible. A menu bar contains five items: 'New Organization Approvals', 'User Account Approvals', 'User Role Approvals' (highlighted in green), 'Organizational User Role Approvals', and 'Manage Data Change Approvals'. The main content area is titled 'User Role Request Approvals Confirmation' and contains the text: 'The following role requests have been successfully Approved for the HIOS Portal module:'. Below this text is a table with the following data:

Role	Requestor Username	Association Type	Association	User Type	User Sub-Type
Issuer Administrator	kkussow@humana.com	Issuer	30613 - Humana Insurance Company - MO		

Below the table is a 'Continue' button.

Records that encountered an error will return to the “Pending Approval” Request Status once the users select the Continue button if it was not already successfully approved by any other user.

Figure 73 displays the Organizational User Role Approvals Confirmation page where the approval request was partially successful.

### Organizational User Role Approvals Confirmation

Error in approving the following requests:

Role	Requestor Username	Association Type	Association	User Type	User Sub-Type
NonFed Submitter	Patrick.Fakhry@cgifederal.com	Non-Federal Governmental Plans	Diligence	Submitter	Primary Contact

The following role requests have been successfully Approved for the Non-Federal Governmental Plans (Non-Fed) module:

Role	Requestor Username	Association Type	Association	User Type	User Sub-Type
NonFed Submitter	Patrick.Fakhry@cgifederal.com	Non-Federal Governmental Plans	insertvalidationStatus	Submitter	Primary Contact
NonFed Submitter	Patrick.Fakhry@cgifederal.com	Non-Federal Governmental Plans	non fed smoke test3	Submitter	Primary Contact

Continue

The confirmation page will display the records that encountered error on top of the records that were successfully approved or denied.

To approve or deny further records, the users may select the Continue button to be redirected to the previous page.

### 3.4 Manage Data Changes

The Manage Data Changes functionality allows authorized users with the Company/Issuer/Organization Administrator roles to create change requests for editing certain data elements related to Organization, Issuers, Products, etc. along with a reason for the change. In order to view the Manage Data Changes tab, the users will need to navigate to the Manage an Organization page. It can be accessed by selecting its corresponding button as illustrated in Figure 74.

The Manage Data Changes tab will be available for the following roles in the HIOS Portal:

- Company Administrator
- Issuer Administrator
- Organization Administrator

Users with the roles above will have the ability to submit data change requests via the Manage Data Changes page for data elements not editable on the user interface. In addition to submitting

data change requests, Company/Issuer/Organization Administrators can VIEW the latest status of their data change requests and view previous requests and request statuses.

To create new data change requests, users will click on the “Create Request for Data Change” button on the Manage Data Changes page as illustrated in Figure 74. In addition, “Create requests for data change” link will also be available on the “Edit” page for Company Administrator, Issuer Administrator, and Organization Administrators. It can be accessed by navigating through the link demonstrated in Figure 75 and 76.

### 3.4.1 Company Administrator – Data Changes

Company Administrator can create, review, and submit data change requests through Manage Data Changes tab. Company Administrator can also create new data change requests through the “Create Request for Data Change” link available on the “Edit” page for Company Administrator.

#### 3.4.1.1 Create Data Change Requests

Once the Company Administrator is on the Manage Data Changes page, they will be able to “Create Request for Data Change” by clicking on the button at the bottom of the “Manage Data Changes” page. The “What values would you like to change” drop down menu displays the data values that can be changed for Company, Issuer, and Product as illustrated in Figure 77.

Figure 77: Create Data Change Requests

Once the value for the data change is selected, Company Administrators of multiple organizations will see a list of companies displayed in the drop-down menu. Company Administrators will then select the Company for which they are making the data change (FEIN/TIN, Organization Legal Name, Organization Type) in the drop-down menu. The current value will be displayed and the Company Administrator will need to enter the New Value, or select from a predefined list of values, and enter a Reason for change (250 characters max) before clicking the “Submit” button. See Figures 78 and 79.

- Unable to Process
- Completed

Figure 87: Change Request Statuses

Issuer Administrators can review the data of the change requests displayed through the “View” link of the Action column as illustrated in Figure 88.

Figure 88: View Change Request

### 3.4.3 Organization Administrator – Data Changes

Organization Administrator can create, review, and submit data change requests through the Manage Data Changes tab. Organization Administrator can also create new change requests through the “Create Request for Data Change” link available on the “Edit” page for Organization Administrator.

#### 3.4.3.1 Create Data Change Requests

Once the Organization Administrator is on the Manage Data Changes page, they will be able to “Create Request for Data Change” through the button at the bottom of the Manage Data Changes page. The “What values would you like to change” drop-down menu displays the values for that particular Organization. Once the value for the data change is selected, the current value of the field to be changed will be displayed and the Organization admin will need to enter the New Value, or select from a predefined list of values, and enter a Reason for change (250 characters max) before clicking the “Submit” button.

Organization Administrator will have to select the incorporated state, if changing the Organization Type from Non Fed to either Company or Non Insurance Company as illustrated in Figure 89.

Figure 89: Non Federal Government Plans to Company

The screenshot shows the 'Health Insurance Oversight System' interface. At the top, there is a header with the date 'Tuesday, February 23, 2016' and navigation buttons for 'HOME', 'FAQ', 'CONTACT US', and 'SIGN OUT'. Below the header, the page title is 'Create Data Change Request' with a 'Welcome' message. The form contains several fields: 'What values would you like to change?' with a dropdown menu showing 'Organization Type'; 'Choose the organization' with a dropdown menu showing 'Joyful - FEIN -555555555 - Non-Federal Governmental Plans'; a table with three columns: 'Current Value' (displaying 'Non-Federal Governmental Plans'), '\*New Value' (dropdown menu showing 'Company'), and '\*Reason for change' (text input field); 'Please select an incorporated state:\*' with a dropdown menu showing '-Please select a state-'. At the bottom, there are 'Back' and 'Submit' buttons.

Current Value	*New Value	*Reason for change
Non-Federal Governmental Plans	Company	

Organization Administrator of “Other Org” selects the fields displayed for that particular type of organization. For multiple organizations, the Organization Administrator will see a list of organizations displayed in the drop-down menu and will need to select the organization for making the data change as illustrated in Figure 90. The current value will be displayed and the

user will need to enter the New Value, or select from a predefined list of values, and enter a Reason for change (250 characters max) before clicking the “Submit” button.

**Figure 90: Multiple Organizations**

Once the Organization Administrator clicks the “Submit” button on the Manage Change Request page, a **Request ID** will be assigned, along with a “Pending Approval” status. An on-screen Confirmation message will display as illustrated in Figure 92.

**Figure 92: Confirmation Page for Change Request**

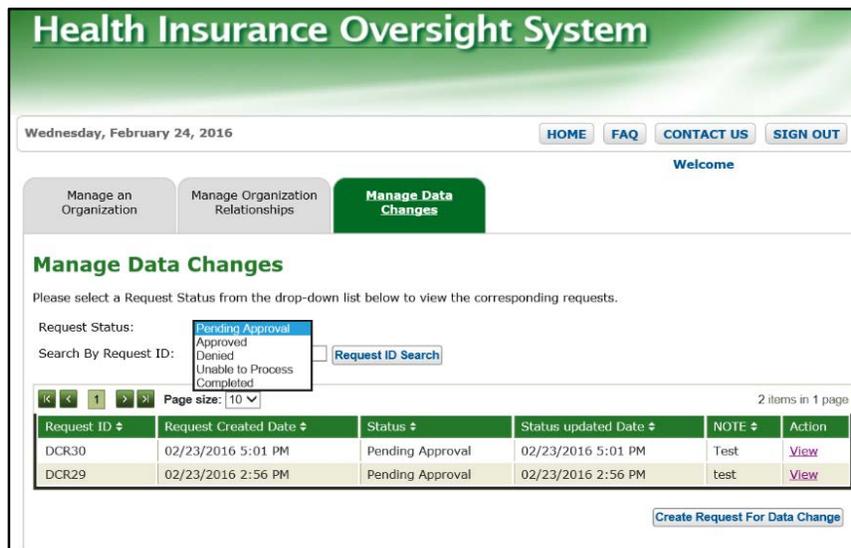

### 3.4.3.2 View Data Change Requests

Organization Administrators can view data change requests on Manage Data Changes page. When the user selects the status of the change request from the “Request Status” drop-down menu or enter a valid Request ID in the “Request ID field” and clicks the “Request ID Search” button a summary of the change requests and its statuses will be displayed in search results as illustrated in Figure 93. The following statuses can be filtered on the Manage Data Changes page.

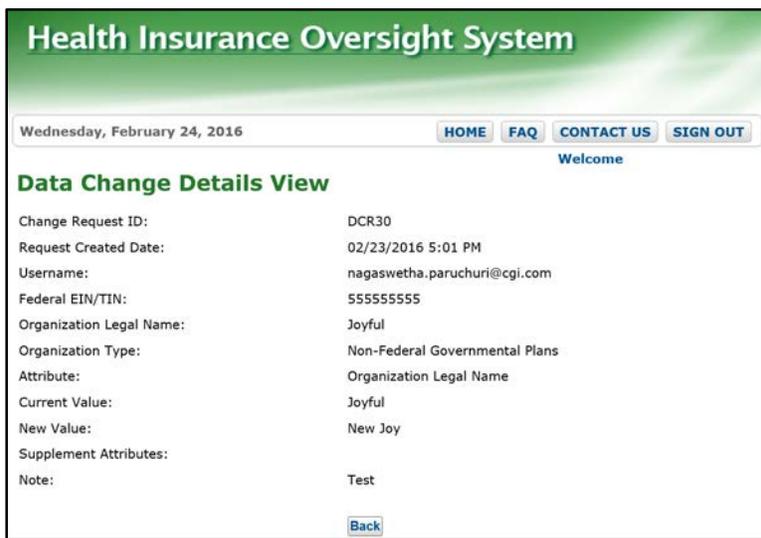

- Pending Approval
- Approved
- Denied
- Unable to Process
- Completed

**Figure 93: Change Request Statuses**

Organization Administrators can review the details of the data change request by clicking the “View” link in the Action column as illustrated in Figure 94.

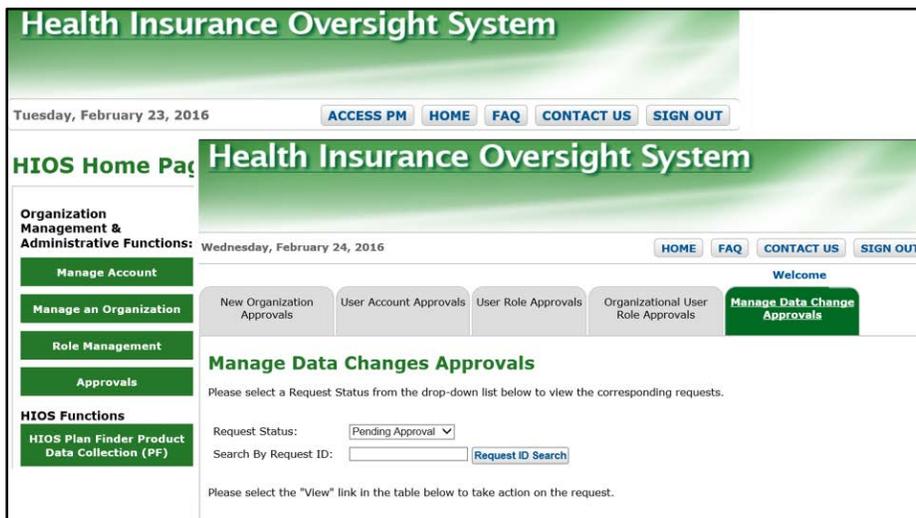

**Figure 94: View Change Requests**

### 3.5 Manage Data Changes Approvals

The Manage Data Changes approval functionality allows authorized CCIIO users to review, approve, and deny the change requests received. CCIIO users review the change requests related to Organization, Issuers, and Products. In order to navigate to Manage Data Changes Approvals tab, the CCIIO users will need to select the Approvals tab on the HIOS Home page and then the Manage Data Change Approvals button as illustrated in Figure 95.

Figure 95: Manage Data Change Approvals

### 3.5.1 CCIIO Users

Company, Issuer, and Organization Administrators submit the change request to CCIIO users. CCIIO users will receive an email as soon as the data change requests are received. Authorized users with the CCIIO user role can review the reason for change and then approve or reject the change requests received. Once approved, CCIIO users cannot edit the data change requests that are already approved.

#### 3.5.1.1 Approve the Pending Approval Change Request

CCIIO users navigate to the Manage Data Change Approvals page by selecting the Approvals tab on the HIOS Home page as illustrated in Figure 95. The Manage Data Change Approval page displays all the pending approvals. CCIIO users can enter a Request ID and click the "Request ID Search" button to search for the desired pending approval request. A "View" link is available for CCIIO users to review the details of the change requests as illustrated in Figure 96.

### Data Change Details

Change Request ID:	DCR19
Request Created Date:	02/22/2016 1:41 PM
Username:	GreeneA
Federal EIN/TIN:	911161450
Issuer Legal Name:	LifeWise Assurance Company
Issuer ID:	22653
Attribute:	Issuer Legal Name
Current Value:	LifeWise Assurance Company
New Value:	LifeWise Assurance Co.
Note (Reason for change):	Issuer Legal Name

I approve this request  
 I deny this request

\* Please enter a reason for the action on the request. (Required field. Maximum 250 characters)

[Back](#) [SUBMIT](#)

CCIIO user selects “I approve this request” radio button to approve the request received (See Figure 97). CCIIO user enters a reason for the approval in the text box. This is a required field and accepts a maximum of 250 characters only. CCIIO user then clicks the “Submit” button to send the change request to the HIOS Admin for further process. An email is sent to HIOS Administrators to process the requests approved by the CCIIO user.

### 3.5.1.2 Deny the Pending Approval Change Request

CCIIO users navigate to the Manage Data Change Approvals page by selecting the Approvals tab on HIOS Home page as illustrated in Figure 95. The Manage Data Change Approval page display all the pending approvals. CCIIO users can enter a Request ID and click the “Request ID Search” button to search for the desired pending approval request. A “View” link is available for CCIIO users to select and review the data of the change requests as illustrated in Figure 96. All the pending approval will have the following two radio buttons as illustrated in Figure 97

- I approve this request
- I deny this request

CCIIO user selects the “I deny this request” radio button to deny the request received (See Figure 97). CCIIO user enters a reason for the denial in the text box displayed in figure 97. This is a

required field and accepts a maximum of 250 characters only. CCIIO user then clicks the “Submit” button to save the changes made. An email is sent to the Company, Issuer, or Organization Administrators about the denial of the change requests.

### 3.5.1.3 View Approved Change Requests

Data change requests that are approved by the CCIIO user are the approved change requests. CCIIO user selects “Approved” status from the “Request Status” drop-down menu to display the data change requests that are in Approved status (See Figure 98). CCIIO user can also search the Approved requests by entering the Request ID and then click on the “Request ID Search” button.

CCIIO user clicks on the “View” link in the Action column in Figure 104 to review the data details of the Completed change requests.

### 3.5.2 HIOS Data Management Administrator

CCIIO users submit the approved change requests, which are then picked up by the HIOS Data Management Administrators. HIOS Data Management Admins will receive an email as soon as the change requests are approved. Authorized users with HIOS Data Management Admin role can review the Status of Request and also the Reason Code (entered by CCIIO Approver) and can process and complete the data changes. HIOS Admin can review the data changes of the change requests that are in the following status.

- Pending Approval
- Approved
- Denied
- Completed
- Unable to Process

HIOS Data Management Admin users click on the “View” link of the approved request to process them and selects one of the following radio buttons (See Figure 105):

- This request is now complete
- Unable to process the request

HIOS Data Management Admin will need to enter the reason for their action before submitting. System will send emails to data change requestors and CCIIO approvers, once the data change request is either Completed or is moved to Unable to Process status.

Note:	Reason for reject of this change request entered by the CCIIO Approver goes here.

At the bottom left of the details section, there is a 'Back' button.

### 3.5.3 Manage Data Changes – Requests and Approval Emails

---

Emails are sent to different user roles during the status change of the data change requests.

#### 3.5.3.1 Pending Approval Status

---

Recipient: CCIIO Approver

Trigger: When the Company, Issuer or Organization Administrators submit the Request for Data Change

Content: Subject: Action required – Change Request [insert Change Request ID] is pending approval:

A change request [Request ID] has been submitted by [Username] and is currently pending your approval. Please login to the HIOS system Approvals page to view the details of the request.

### **3.5.3.2 Approved Status**

---

Recipient: - HIOS Data Management Administrator

Trigger: Once the CCIIO Approver user has completed Approving the Data Change Request, the HIOS Data Management Admin user shall receive the email.

Content: Subject: Action required – Change Request [ Request ID] has been approved.

Request [Request ID] has been approved by CCIIO Approver [insert Username]. Please login to the HIOS Admin Tool to make the updates on the Data Management tab. After taking action on this request, please login to HIOS and either select the “Completed” or “Unable to Process” link on the Change Request Approvals tab.

### **3.5.3.3 Denied Status**

---

Recipient: Data Change Request Creator (Company, Issuer, and Organization Administrator user roles).

Trigger: Once the CCIIO Approver has denied the data change request, the data change request creator shall receive the email.

Content: Subject: Change Request [Request ID] has been denied.

Change Request [Request ID] has been denied. If you have any questions regarding this email notification, please contact the Exchange Operations Support Center (XOSC) at CMS\_FEPS@cms.hhs.gov or 1-855-267-1515.

### **3.5.3.4 Completed Status**

---

Recipient: Data Change Request Creator (Company, Issuer, and Organization Administrator user roles) and CCIIO Approver User.

Trigger: Once the HIOS Data Management Admin has completed the data change request, the data change request creator and the CCIIO Approver shall receive the email.

Content: Subject: Change Request [Request ID] has been Completed.

Change Request [Request ID] has been Completed. Please login to the HIOS system to check the data that has been modified as part of the change request.

### **3.5.3.5 Unable to Process Status**

---

Recipient: Data Change Request Creator (Company, Issuer, and Organization Administrator user roles) and CCIIO Approver User.

Trigger: Once the HIOS Data Management Administrator has selected the “Unable to process this request” option, the data change request creator and the CCIIO Approver shall receive the email.

Content: Subject: Change Request [Request ID] Unable to Process.

Due to the following reason:

[Reason Code] we are currently unable to Process Change Request [Request ID].

If you have any further questions regarding this email notification, please contact the Exchange Operations Support Center (XOSC) at [CMS\\_FEPS@cms.hhs.gov](mailto:CMS_FEPS@cms.hhs.gov) or 1-855-267-1515.

## **4 Troubleshooting and FAQ**

### **4.1 FAQs**

---

**Question 1:** I forgot my password. What do I do?

**Answer:** Select the “Forgot Password” link on the CMS Enterprise Portal.

**Question 2:** I do not see the module access button for the application I would like access. What do I do?

**Answer:** Refer to the User Role Request section.

**Question 3:** I received an error stating that I am locked out of my account. What should I do?

**Answer:** Contact the Exchange Operations Support Center (XOSC) at 1-855-CMS-1515 or email them at [CMS\\_FEPS@CMS.HHS.gov](mailto:CMS_FEPS@CMS.HHS.gov).

**Question 4:** I do not see the specific issuer or company information I am looking for within a specific module. What should I do?

**Answer:** Refer to User Role Request section.

### **4.2 Support**

---

#### **CMS Help Desk**

For additional assistance, please call the Exchange Operations Support Center (XOSC) at 1-855-CMS-1515 or email them at [CMS\\_FEPS@CMS.HHS.gov](mailto:CMS_FEPS@CMS.HHS.gov).
