

## Don't forget.

Medicare Open Enrollment is the time to compare your current plan with all your options for 2013. By carefully comparing, you may find better coverage, higher quality or lower cost. And with the health care law, people with Medicare are now eligible for a number of free\* preventive benefits, like annual wellness visits and some cancer screenings, as well as over 50% off brand name prescription drugs if you're in the donut hole.

### Medicare Open Enrollment: Now's the time.

\*When using qualified and participating physicians or providers.

PLEASE KEEP THIS CONTACT INFORMATION FOR YOUR REFERENCE

Medicare Open Enrollment: October 15 – December 7, 2012
