

# Final CY 2017 Marketing Guidance for Rhode Island Medicare-Medicaid Plan

Issued: August 24, 2016

## Introduction

All Medicare Advantage-Prescription Drug (MA-PD) plan sponsor requirements in the CY 2017 Medicare Marketing Guidelines (MMG), posted at <http://www.cms.gov/Medicare/Health-Plans/ManagedCareMarketing/FinalPartCMarketingGuidelines.html>, apply to the Medicare-Medicaid plan (the MMP) participating in the Rhode Island capitated financial alignment model demonstration, except as noted or modified in this guidance document.<sup>1</sup>

This guidance document provides information only about those sections of the MMG that are not applicable or that are different for the MMP in Rhode Island; therefore, this guidance document should be considered an addendum to the CY 2017 MMG. This MMP guidance is applicable to all marketing done for CY 2017 benefits. The table below summarizes those sections of the CY 2017 MMG that are clarified, modified, or replaced in this guidance for the Rhode Island MMP.

**Table 1: Summary of Clarifications, Modifications, or Replacements of MMG Guidance**

Medicare Marketing Guidelines (MMG) Section	Change in This Guidance Document
Section 10 – Introduction	Adds requirements for an annual marketing plan submission.
Section 20 – Materials Not Subject to Marketing Review	Provides one exception to the list of materials not subject to marketing review and submission processes in this section of the MMG.
Section 30.5 – Requirements Pertaining to Non-English Speaking Populations	Clarifies the requirements of this section for the MMP.
Section 30.5.1 – Multi-Language Insert	Clarifies the requirements of this section for the MMP.
Section 30.6 – Required Materials with an Enrollment Form	Clarifies that the requirements of this section are not applicable to the MMP.
Section 30.7 – Required Materials for New and Renewing Enrollees at Time of Enrollment and Thereafter	Replaces current guidance in the MMG with new guidance for the MMP.

---

<sup>1</sup> Note that any requirements for Special Needs Plans (SNPs), Private Fee-for-Service (PFFS) plans, Preferred Provider Organizations (PPOs), and Section 1876 Cost-Based Plans (cost plans) in the MMG do not apply unless specifically noted in this guidance.

Section 150 – Use of Medicare Mark for Part D Sponsors	Clarifies the requirements of this section for the MMP.
Section 160.4 – Sending Non-plan and Non-health Information Once Prior Authorization is Received	Replaces current disclaimer in this section with a new disclaimer for the MMP.

### ***Use of Independent Agents and Brokers***

We clarify that all requirements applicable to independent agents/brokers throughout the MMG are inapplicable to the MMP because the use of independent agents/brokers is not permitted. The State's enrollment broker must process all MMP enrollment transactions.

### ***Model Materials***

We note that materials the MMP creates should take into account the reading level requirements established in the three-way contract. Available model materials reflect acceptable reading levels. Current Part D models are acceptable for use as currently provided, and the MMP must add required disclaimers in section 50 of this guidance and section 50 of the MMG, as appropriate. Adding required MMP disclaimers to Part D models does not render the documents non-model when submitted for review or accepted as File & Use materials.

We refer the MMP to the following available model materials:

- MMP-specific model materials tailored to the MMP in Rhode Island, including a Summary of Benefits (SB), Annual Notice of Change (ANOC), Evidence of Coverage (EOC) (Member Handbook), comprehensive integrated formulary (List of Covered Drugs), combined Provider and Pharmacy Directory, single Member ID Card, integrated denial notice, and welcome letters for opt-in and passively enrolled individuals: <http://cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialAlignmentInitiative/InformationandGuidanceforPlans.html>.
- Required Part D models, including the Part D Explanation of Benefits, Excluded Provider Letter, Prescription Transfer Letter, and Transition Letter: <http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/Part-D-Model-Marketing-Materials.html>.
- Part D appeals and grievances notices and models (including those in Chapter 18 of the Prescription Drug Benefit Manual): <https://www.cms.gov/Medicare/Appeals-and-Grievances/MedPrescriptDrugApplGriev/index.html> and <https://www.cms.gov/Medicare/Appeals-and-Grievances/MedPrescriptDrugApplGriev/PlanNoticesAndDocuments.html>.
- Part C appeals and grievances notices and models (including those in Chapter 13 of the Medicare Managed Care Manual): <http://www.cms.gov/Medicare/Appeals-and-Grievances/MMCAG/Guidance.html> and <http://www.cms.gov/Medicare/Appeals-and-Grievances/MMCAG/Notices.html>.
- MMP-specific ANOC/EOC errata model: <https://www.cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialAlignmentInitiative/InformationandGuidanceforPlans.html>. This MMP errata model, based on the Medicare Advantage errata model, may be helpful to the MMP in creating its own errata notices.

### ***Provider and Pharmacy Directory Requirements***

Starting CY 2017, guidance related to Provider and Pharmacy Directories is no longer included in the MMG and is, instead, available in Chapter 4 of the Medicare Managed Care Manual and Chapter 5 of the Prescription Drug Benefit Manual. This guidance on general, update, dissemination and timing, online directories, disclaimers, and submission requirements for directories applies to the MMP's directory with the following modifications:

- The MMP is required to make available a single combined Provider and Pharmacy Directory. Separate pharmacy and provider directories are not permitted. However, as provided in section 110.2.1 of Chapter 4 of the Medicare Managed Care Manual, the MMP may print separate directories for PCPs and specialists provided both directories are made available to enrollees at the time of enrollment.
- The single combined Provider and Pharmacy Directory must include all network providers and pharmacies, regardless of whether they provide Medicare, Medicaid, or additional benefits.
- The MMP must use the model Provider and Pharmacy Directory document provided by CMS and the State. The model will be consistent with directory requirements in the three-way contract. A non-model directory is not permitted.
- For multi-county service areas, the combined Provider and Pharmacy Directory may be provided for all providers by county, provided the directory includes a disclaimer that the directory only includes providers in that particular county (or counties) and that the enrollee may contact the plan's customer service call center to request assistance with locating providers in other counties or to request a complete Provider and Pharmacy Directory.
- The MMP Provider and Pharmacy Directory is considered a marketing material and must be submitted in the HPMS marketing module. The MMP may obtain more information about the specific review parameters and timeframes for the Provider and Pharmacy Directory under the Rhode Island capitated financial alignment model demonstration in the Marketing Code Look-up functionality in the HPMS marketing module. In addition, we note that the guidance on HPMS submission and material IDs in section 110.2.6 of Chapter 4 of the Medicare Managed Care Manual does not apply to the MMP with respect to the submission of updates and/or addenda pages. The MMP must submit directory updates and/or addenda pages in HPMS consistent with the parameters for review for the Rhode Island MMP Provider and Pharmacy Directory.

### ***Compliance with Section 1557 of the Affordable Care Act of 2010***

The MMP should carefully review the guidance provided in the August 8, 2016 HPMS memorandum, "Guidance regarding implementation of the procedural requirements under the regulation implementing Section 1557 of the Affordable Care Act of 2010 – Nondiscrimination Communication Requirements and Grievance Procedures," for impacts on CY 2017 marketing and non-marketing materials. As provided in that guidance, the MMP will be required to take steps to notify beneficiaries, enrollees, and prospective members of their rights and of covered entities' obligations under Section 1557.

We note that all model documents issued to the MMP by MMCO and the State under the Rhode Island capitated financial alignment model demonstration may be altered to include the required language about nondiscrimination and accessibility requirements (whether that is addition of the Nondiscrimination Notice (“Notice”) for significant communications and publications, or the Nondiscrimination Statement (“Statement”) for small-size significant communications and publications) within the document. For CY 2017, the MMP will also be permitted to attach the Notice or Statement to the populated model materials. Sample Notice and Statement language can be found at: [https://www.federalregister.gov/articles/2016/05/18/2016-11458/nondiscrimination-in-health-activities?utm\\_campaign=subscription+mailing+list&utm\\_medium=email&utm\\_source=federalregister.gov#h-139](https://www.federalregister.gov/articles/2016/05/18/2016-11458/nondiscrimination-in-health-activities?utm_campaign=subscription+mailing+list&utm_medium=email&utm_source=federalregister.gov#h-139). The MMP is not expected to resubmit any previously submitted and/or approved marketing materials if the only purpose for their resubmission is addition of Notice/Statement and tagline information.

In addition, as clarified in the August 8, 2016 HPMS memorandum, the MMP must place an alternate language tagline in:

- The top 15 languages spoken by individuals with limited English proficiency (LEP) in Rhode Island on significant communications and publications (note that this includes both marketing and non-marketing materials); and
- The top 2 languages spoken by individuals with LEP in Rhode Island on small-size significant communications and publications (note that this includes both marketing and non-marketing materials).

The August 8, 2016 HPMS memorandum clarifies that the MMP may use the Multi-Language Insert (described in section 30.5.1 of the MMG and section 30.5.1 of this guidance) to meet the alternate language taglines requirements. In addition, the August 8, 2016 HPMS memorandum provides more information about the types of documents that constitute significant communications and publications, including those that are small-size.

Following are the Rhode Island MMP-specific modifications to the MMG for CY 2017.

## **Section 10 – Introduction**

Annually, the MMP must submit a marketing plan to the State for review and approval. For CY 2017, the MMP must submit the marketing plan to the State prior to conducting any marketing activity. If there are substantial/material changes, the MMP must submit the revised marketing plan to the State for review and approval. Marketing plans should be submitted to the State via RI EOHHS' usual (non-MMP) process for managed care plans to submit marketing materials for review.

## **Section 20 – Materials Not Subject to Marketing Review**

The requirements of section 20 of the MMG apply to the MMP with the following modification:

- The MMP Provider and Pharmacy Directory is considered a marketing material and must be submitted in the HPMS marketing module. The MMP may obtain more information about the specific review parameters and timeframes for the Provider and Pharmacy Directory under the Rhode Island capitated financial alignment model demonstration in the Marketing Code Look-up functionality in the HPMS marketing module.

## **Section 30.5 – Requirements Pertaining to Non-English Speaking Populations**

The standard articulated in this section for translation of marketing materials into non-English language will be superseded to the extent that Rhode Island's standard for translation of marketing materials is more stringent. The Rhode Island standard requires translation if fifty (50) or more enrollees speak a single language other than English as a primary language. Guidance on the translation requirements for all plans, including the Rhode Island MMP, is released via HPMS annually each fall. Required languages for translation for the MMP are also updated annually, as needed, in the HPMS Marketing Module.

For CY 2017, it is our expectation that the Rhode Island MMP will translate the following required materials into Spanish, as well as any additional languages that meet the aforementioned translation standard: the Summary of Benefits (SB), ANOC/EOC (Member Handbook), formulary (List of Covered Drugs), Provider and Pharmacy Directory, the distinct and separate notice alerting enrollees how to access or receive the Provider and Pharmacy Directory described in Chapter 4 of the Medicare Managed Care Manual, the integrated denial notice, and the Part D transition letter.<sup>2</sup>

MMPs must have a process for ensuring that enrollees can make a standing request to receive the materials identified in this section, in alternate formats and in all non-English languages identified in this section and in the HPMS Marketing Module, at the time of request and on an ongoing basis thereafter.

Final populated translations of all marketing materials must be submitted in HPMS (see section 90.2 of the MMG for more information about the material submission process).

---

<sup>2</sup> CMS will make available Spanish translations of the Rhode Island MMP SB, formulary (List of Covered Drugs), Provider and Pharmacy Directory, and ANOC/EOC (Member Handbook). These are posted at <http://cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialAlignmentInitiative/InformationandGuidanceforPlans.html>. CMS makes available a Spanish translation of the Part D transition letter to all Medicare health plans at <https://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/Part-D-Model-Marketing-Materials.html>.

### **Section 30.5.1 – Multi-Language Insert**

Consistent with the revised language for section 30.5.1 of the MMG provided in the August 8, 2016 HPMS memorandum, “Guidance regarding implementation of the procedural requirements under the regulation implementing Section 1557 of the Affordable Care Act of 2010 – Nondiscrimination Communication Requirements and Grievance Procedures,” we clarify that the MMP will be required to include a Multi-Language Insert with its demonstration-specific SB and ANOC/EOC (Member Handbook) documents, as is the case for other plan sponsor types. The MMP must follow the guidance in revised section 30.5.1 of the MMG regarding the inclusion of alternate tagline language, as well as the translation of that tagline language into at least the top 15 languages spoken by individuals with LEP in Rhode Island. The MMP should refer to revised section 30.5.1 of the MMG for additional guidance on these requirements.

### **Section 30.6 – Required Materials with an Enrollment Form**

Because the Medicare-Medicaid Coordination Office (MMCO) is in the process of developing a Star Ratings system for MMP performance, the MMP will not be subject to the Star Ratings requirements in the MMG. Therefore, the MMP will not be required to include the Star Ratings Information document when a beneficiary is provided with any enrollment information. We further clarify that the responsibility for sending enrollment and disenrollment notices to enrollees will be delegated to Rhode Island or its designated vendor.

### **Section 30.7 – Required Materials for New and Renewing Enrollees at Time of Enrollment and Thereafter**

This section is replaced with the following revised guidance:

#### **Section 30.7 – Required Materials for New and Renewing Enrollees at Time of Enrollment and Thereafter**

42 CFR 422.111(c)(1), 423.128(c)(1), 422.2264(a), 423.2264(a)

The following materials must be provided to enrollees at the time of enrollment and annually thereafter:

- ANOC/EOC (Member Handbook), or simply an EOC (Member Handbook), as applicable and described in the replacement guidance below for section 60.6 of the MMG.
- A comprehensive integrated formulary (List of Covered Drugs) that includes Medicare and Medicaid outpatient prescription drugs and over-the-counter pharmacy drugs or products provided under the MMP.
- A combined Provider and Pharmacy Directory that includes all providers of Medicare, Medicaid, and additional benefits, or distinct and separate notice alerting enrollees how to access or receive the directory (required at the time of enrollment and annually thereafter).

- A single Member ID Card for accessing all covered services under the plan (required at the time of enrollment and as needed or required by the MMP post-enrollment).
- For individuals enrolled through passive enrollment, a demonstration plan-specific SB containing a concise description of the important aspects of enrolling in the plan, as well as the benefits offered under the plan, including copays, applicable conditions and limitations, and any other conditions associated with receipt or use of benefits. Because the EOC (Member Handbook) may not be provided until just prior to the effective date of a passive enrollment, the SB must be provided to individuals enrolled through passive enrollment prior to receipt of the EOC (Member Handbook) to ensure that they have sufficient information about plan benefits to make an informed decision prior to the passive enrollment effective date. Refer to the revised guidance for section 60.6 contained in this document for more information about when the MMP must send an SB to current enrollees post-enrollment.

The MMP must send enrollees who opt in to the demonstration the following materials for receipt no later than eight (8) calendar days from receipt of confirmation of enrollment or by the last day of the month prior to the effective date, whichever occurs later. We clarify that this group of enrollees who opt in includes individuals who are eligible for passive enrollment and initiate an earlier enrollment date than their passive enrollment effective date. For late-month enrollment transactions (those for which CMS confirmation of enrollment is received less than eight (8) calendar days before the end of the month prior to the effective date), the MMP must send enrollees these materials for receipt no later than eight (8) calendar days from receipt of confirmation of enrollment. The MMP should refer to the date of the Enrollment E-file to identify the start of the eight (8) calendar-day timeframe.

- A welcome letter, which must contain 4Rx information, consistent with a model developed jointly by CMS and the State
- A comprehensive integrated formulary (List of Covered Drugs)
- A combined Provider and Pharmacy Directory, or distinct and separate notice alerting enrollees how to access or receive the directory, consistent with the requirements in Chapter 4 of the Medicare Managed Care Manual
- A single Member ID Card
- An EOC (Member Handbook)

The MMP must send enrollees who are passively enrolled the following materials for receipt no later than 30 calendar days prior to the effective date of enrollment:

- A welcome letter, which must contain 4Rx information, consistent with a model developed jointly by CMS and the State
- A comprehensive integrated formulary (List of Covered Drugs)

- A combined Provider and Pharmacy Directory, or distinct and separate notice alerting enrollees how to access or receive the directory, consistent with Chapter 4 of the Medicare Managed Care Manual.
- An SB

In addition, the MMP must provide enrollees who are passively enrolled an EOC (Member Handbook) and a single Member ID Card for receipt by the end of the month preceding the month the enrollment will take effect (e.g., the Member ID card must be received by a beneficiary by January 31 for a February 1 effective enrollment date).

After the time of initial enrollment for both enrollees who are passively enrolled and enrollees who opt in to the demonstration, the ANOC and EOC (Member Handbook) must also be received annually consistent with the replacement guidance below for section 60.6 of the MMG.

Additional informational materials related to benefits or plan operations may be included in these required mailings to new and current enrollees – both at the time of enrollment and annually thereafter – consistent with the requirements of section 60.3 of the MMG.

The following tables summarize the requirements of this section.

**Section 30.9 – Star Ratings Information from CMS**

Because MMCO is in the process of developing a Star Ratings system for MMP performance, the MMP will not be subject to the Star Ratings requirements in the MMG. Therefore, this section does not apply to the MMP.

**Section 30.9.1 – Referencing Star Ratings in Marketing Materials**

Because MMCO is in the process of developing a Star Ratings system for MMP performance, the MMP will not be subject to the Star Ratings requirements in the MMG. Therefore, this section does not apply to the MMP.

**Section 30.9.2 – Plans with an Overall 5-Star Rating**

Because MMCO is in the process of developing a Star Ratings system for MMP performance, the MMP will not be subject to the Star Ratings requirements in the MMG. Therefore, this section does not apply to the MMP.

## **Section 40.6 – Hours of Operation Requirements for Marketing Materials**

In addition to the requirements of this section, the MMP must also provide the phone and TTY/TDD numbers and hours of operation information for the State’s enrollment broker at least once in any marketing materials that are provided prior to the time of enrollment and where a customer service number is provided for current and prospective enrollees to call.

## **Section 40.8 – Marketing of Multiple Lines of Business**

We clarify that the MMP may only market its MMP product in its MMP materials.

### **Section 40.8.3 – Marketing Materials from Third Parties that Provide Non-Benefit/Non-Health Services**

In addition to the guidance in this section, CMS and the State clarify that materials produced by the State and its vendors do not constitute non-benefit/non-health service-providing third-party marketing materials. Therefore, such materials do not need to be submitted to the plan for review prior to their use. As indicated in section 20 of the MMG, the MMG does not apply to communications by state governments, and materials created by the State do not need to be reviewed or submitted in HPMS. However, CMS and the State agree to work together in the development of these materials.

In addition, we clarify that Rhode Island MMPs may not distribute materials from non-benefit/non-health service providing third party entities.

## **Section 40.10 – Standardization of Plan Name Type**

As is the case for other Medicare health plans, the MMP is required to include the plan type in each plan’s name using standard terminology consistent with the guidance provided in this section. CMS created the standardized plan type label “Medicare-Medicaid Plan” to refer generically to all plans participating in a capitated financial alignment model demonstration. The MMP must use the “Medicare-Medicaid Plan” plan type terminology following its plan name at least once on the front page or beginning of each marketing piece, consistent with the requirements of section 40.10 of the MMG.

## **Section 50.1 – Federal Contracting Disclaimer**

This section is replaced with the following revised guidance:

### **Section 50.1 – Federal and State Contracting Disclaimer**

42 CFR 422.2264(c), 423.2264(c)

All marketing materials must include the statement that the MMP contracts with both the Federal and the State government. The MMP should include the contracting statement either in the text or at the end/bottom of the piece. The following statement must be used:

“<Plan’s legal or marketing name> is a health plan that contracts with both Medicare and Rhode Island Medicaid to provide benefits of both programs to enrollees.”

NOTE: In addition to the exceptions noted in the introduction to section 50 of the MMG, radio and television, and Internet banner ads do not need to include the Federal and State contracting disclaimer.

### **Section 50.2 – Disclaimers When Benefits Are Mentioned**

This section is replaced with the following revised guidance:

#### **Section 50.2 – Disclaimers When Benefits Are Mentioned**

42 CFR 422.111(a) and (b), 422.2264, 423.128(a) and (b), 423.2264

The following disclaimers must be used when benefit information is included in marketing materials:

Only for summary documents like the SB: “This is not a complete list. The benefit information is a brief summary, not a complete description of benefits. For more information contact the plan or read the Member Handbook.”

“Limitations [, copays] and restrictions may apply. For more information, call <plan name> <Member Services name> or read the Member Handbook.”

“Benefits [and/or copays] as well as the List of Covered Drugs and/or pharmacy and provider networks may change throughout the year. We will send you a notice before we make a change that affects you.”

### **Section 50.3 – Disclaimers When Plan Premiums Are Mentioned**

This section does not apply to the MMP, as the MMP is not permitted to assess plan premiums, and the State will pay Medicare Part B premiums on behalf of Medicare-Medicaid enrollees in the MMP.

### **Section 50.4 – Disclaimer on Availability of Non-English Translations**

This section is replaced with the following revised guidance:

#### **Section 50.4 – Disclaimer on Availability of Non-English Translations**

42 CFR 422.2264(e), 423.2264(e)

The MMP must place the following alternate language disclaimer on all marketing materials:

“You can get this information for free in other languages. Please call Member Services at <toll-free phone and TTY numbers>, <days and hours of operation>. The call is free.”

The alternate language disclaimer must be provided in both English, Spanish, and all other languages that meet the standard described in section 30.5 of this guidance. The non-English

disclaimer must be placed below the English version and in the same font size as the English version.

NOTE: Member ID Cards are excluded from this requirement. Radio, print ads, and post cards are only required to include the disclaimer in the same language as the ad.

### **Section 50.5 – Disclaimer on SNP Materials**

We clarify that the prohibition on discussion of numeric Special Needs Plan (SNP) approval scores in marketing materials or press releases also applies to the MMP. The MMP may only include the following information related to their National Committee for Quality Assurance (NCQA) Model of Care approval:

“<Plan name> has a Model of Care approved by the National Committee for Quality Assurance (NCQA) and Rhode Island Medicaid until <last contract year of NCQA and State approval of Model of Care> based on a review of <plan name>’s Model of Care.”

### **Section 50.6 – Disclaimer When Cost-Sharing is Mentioned on D-SNP Materials Targeting Potential Enrollees**

This section is replaced with the following revised guidance:

#### **Section 50.6 – MMP Materials Including Part D Benefit Information**

42 CFR 422.4(a)(1)(iv), 422.111(b)(2)(iii), 422.2264, 423.2264

The following disclaimer must be on any MMP materials that mention Part D benefits unless the plan charges \$0 copays for all Part D drugs:

“Copays for prescription drugs may vary based on the level of Extra Help you get. Please contact the plan for more details.”

### **Section 50.12 – Disclaimer for Plans Accepting Online Enrollment Requests**

This section does not apply to the MMP, as the Online Enrollment Center on the Medicare Plan Finder website is not available to the MMP.

### **Section 50.13 – Disclaimer When Using Third Party Materials**

This section does not apply to the MMP because it is not permitted to distribute materials developed by a non-benefit/non-health service providing third party entity that is not affiliated or contracted with the MMP.

### **Section 50.14 – Disclaimer When Referencing Star Ratings Information**

Because MMCO is in the process of developing a Star Ratings system for MMP performance, the MMP will not be subject to the Star Ratings requirements in the MMG. Therefore, this section does not apply to the MMP.

### **Section 50.18 – Pharmacy/Provider Directory and Formulary Disclaimers**

Because similar disclaimer language regarding formulary (List of Covered Drugs) and Provider and Pharmacy Directory changes is already included in the disclaimer requirements of section 50.2 of this guidance, the disclaimer in this section of the MMG is not applicable to the MMP.

### **Section 60.1 – Summary of Benefits (SB)**

This section is replaced with the following revised guidance:

#### **Section 60.1 – Summary of Benefits (SB)**

42 CFR 422.111(b)(2), 423.128(b)(2)

The MMP must use the Summary of Benefits (SB) model document provided by CMS and the State. The SB must contain a concise description of the important aspects of enrolling in the plan, as well as the benefits offered under the plan, including applicable copays, applicable conditions and limitations, and any other conditions associated with receipt or use of benefits.

The Multi-Language Insert must be included with the SB.

### **Section 60.2 – ID Card Requirements**

The MMP is required to meet the Member ID card content requirements in sections 60.2, 60.2.1, and 60.2.2 of the MMG. We clarify, however, that the MMP must issue a single Member ID Card meeting these requirements for all services offered under the plan. Separate pharmacy and health benefits Member ID Cards are not permitted. The MMP must use the model Member ID Card document provided by CMS and the State.

### **Section 60.4 – Formulary and Formulary Change Notice Requirements**

The requirements of section 60.4, 60.4.1, 60.4.2, 60.4.3, 60.4.4, 60.4.5, and 60.4.6 of the MMG apply to the MMP with the following modifications:

- The MMP must provide a comprehensive integrated formulary (List of Covered Drugs) that includes Medicare and Medicaid outpatient prescription drugs and over-the-counter pharmacy drugs or products provided under the plan;
- The MMP is only permitted to provide a comprehensive, not abridged, formulary (List of Covered Drugs);

- The MMP must use the model formulary (List of Covered Drugs) document provided by CMS and the State; and
- Formulary change notices must be sent for any negative formulary change (as described in section 30.3.3, “Midyear Formulary Changes,” and section 30.3.4, “Provision of Notice Regarding Formulary Changes,” of Chapter 6 of the Prescription Drug Benefit Manual), regardless of whether the negative formulary change applies to an item covered under Medicare or Medicaid, or as an additional drug benefit under the plan. Consistent with the guidance in the MMG, this notice must be provided to affected enrollees at least 60 calendar days prior to the change.

### **Section 60.6– Annual Notice of Change (ANOC) and Evidence of Coverage (EOC)**

This section is replaced with the following revised guidance:

#### **Section 60.6 – Annual Notice of Change (ANOC) and Evidence of Coverage (EOC) (Member Handbook)**

42 CFR 422.111(a)(3), 422.111(d)(2), 423.128(a)(3)

The MMP is required to send an ANOC summarizing all major changes to the plan’s covered benefits from one contract year to the next prior to the beginning of the second contract year of the demonstration and annually thereafter. The MMP may send the ANOC and EOC (Member Handbook) as a combined document or separately, as provided below.

The MMP must send the ANOC for member receipt by September 30 each year. The EOC (Member Handbook) may be sent as a standalone document as follows:

- The MMP must send new enrollees (whether they opt in to the demonstration or are passively enrolled) an EOC (Member Handbook) for member receipt by the end of the month preceding the month the enrollment will take effect (e.g., the document must be received by a beneficiary by June 30 for a July 1 effective enrollment date). For late-month enrollment transactions (those for which confirmation of enrollment is received less than eight (8) calendar days before the end of the month prior to the effective date), the MMP must send these materials for receipt no later than eight (8) calendar days from receipt of confirmation of enrollment.
- After the time of initial enrollment, the MMP must annually send an EOC (Member Handbook) for member receipt by December 31. If the MMP chooses this option (rather than a combined ANOC/EOC (Member Handbook) by September 30), it must also send an SB with the ANOC.

New enrollees with an effective date of October 1, November 1, or December 1 should receive both an EOC (Member Handbook) for the current contract year, as well as a combined ANOC/EOC (Member Handbook) document for the upcoming contract year. We clarify that, for these members, the combined ANOC/EOC (Member Handbook) for the upcoming year, as well as the formulary (List of Covered Drugs), and the Provider and Pharmacy Directory (or distinct

and separate notice alerting enrollees how to access or receive the directory) for the upcoming year, must be received by one month after the effective date of enrollment, but not later than December 15<sup>th</sup>.

Additional informational materials beyond the materials required to be sent with the ANOC/EOC (Member Handbook) or ANOC and EOC (Member Handbook) may be included with the ANOC, EOC (Member Handbook), or ANOC/EOC (Member Handbook) mailings consistent with the requirements of section 60.3 of the MMG.

To ensure that the MMP is mailing its annual ANOC/EOC (Member Handbook) in a timely manner, it must indicate the actual mail date and the number of enrollees who were mailed the documents in HPMS within fifteen (15) calendar days of mailing. This includes mail dates for alternate materials. If the MMP mails in waves, it should enter the actual mail date for each wave. The MMP may enter up to ten waves of mailings. For instructions on meeting this requirement, refer to the *Update Material Link/Function* section of the Marketing Review User Guide in HPMS.

The MMP must use an errata notice to notify enrollees of any errors in their original mailings. We clarify that errata notices should only be used to notify enrollees of plan errors in plan materials. Any mid-year changes, including but not limited to mid-year legislative benefit additions or removals and changes in enrollment policies, should be communicated to current enrollees consistent with section 60.7 of this guidance and section 60.7 of the MMG.

### **Section 60.7 – Other Mid-Year Changes Requiring Enrollee Notification**

The notification requirements for mid-year Medicare benefit changes described in this section are also applicable to mid-year Medicaid or required demonstration additional benefit changes affecting the MMP.

#### **Section 70.1.1 – Nominal Gifts**

The requirements of section 70.1.1 of the MMG apply to the MMP with the following modifications:

- Gifts must be of nominal value (up to \$10).
- If a nominal gift is one large gift (e.g., a concert, raffle, drawing), the total fair market value must not exceed the nominal per person value based on attendance. For example, if 10 people are expected to attend an event, the nominal gift may not be worth more than \$100 (\$10 for each of the 10 anticipated attendees).
- Nominal gifts may not be in the form of cash or other monetary rebates, regardless of their worth.

## **Section 70.2 – Marketing of Rewards and Incentives Programs**

The MMP may market rewards and incentives programs to current enrollees as provided in section 70.2 of the MMG. Any rewards and incentives programs must be consistent with section 100 of Chapter 4 of the Medicare Managed Care Manual with the following modifications:

- MMP reward and incentives programs must promote engagement in specific behaviors (e.g., guideline-recommended clinical screenings and PCP visits and wellness initiatives).
- The MMP must take measures to monitor the effectiveness of such rewards and incentives programs and revise incentives as appropriate, with consideration of enrollee feedback.
- MMPs must submit to EOHHS, at the direction of EOHHS, ad hoc report information relating to planned and implemented enrollee rewards and incentives programs and ensure that all such programs comply with all applicable CMS and State guidance and all relevant State and Federal laws.

## **Section 70.5 – Marketing through Unsolicited Contacts**

Section 70.5 of the MMG provides examples of unsolicited direct contact with current and prospective enrollees. We reiterate that marketing via conventional mail and other print media (e.g., advertisements, direct mail) is not considered unsolicited contact and, therefore, is permissible. We also clarify, both here and in section 70.6 of this guidance, that the MMP's marketing to current enrollees (including those enrolled in other product lines such as its Medicaid managed care product) is not considered unsolicited direct contact and, therefore, is permissible.

## **Section 70.6 – Telephonic Contact**

The requirements of section 70.6 of the MMG apply with the following clarifications:

- Consistent with section 70.6 of the MMG, calls made by the MMP to current members (including those enrolled in other product lines) are not considered unsolicited direct contact and are therefore permissible. The MMP may call its current non-MMP enrollees (for example, those in Medicaid managed care products), including individuals who have previously opted out of passive enrollment into an MMP, to promote its MMP offering.
- The MMP may use reasonable efforts to contact current non-MMP enrollees who are eligible for MMP enrollment to provide information about its MMP product. Callers with questions about other Medicare program options should be warm transferred to 1-800-MEDICARE or to the State Health Insurance Assistance Program (The Point) for information and assistance.

## **Section 70.7 – Outbound Enrollment and Verification Requirements**

Since all enrollments into the MMP will be submitted by the State's enrollment broker, the requirements of this section do not apply.

## **Section 70.8 – Prospective Enrollee Educational Events**

In addition to the guidance in this section, the MMP must notify CMS and the state of educational events via HPMS consistent with the guidance for marketing events in section 70.9.1 of the MMG.

## **Section 70.9 - Marketing/Sales Events and Appointments**

In addition to requirements in this section of the MMG, the MMP must convene all educational and marketing events at sites within the plan’s service area that are physically accessible to all enrollees or potential MMP enrollees, including persons with disabilities and persons using public transportation.

### **Section 70.9.2 – Personal/Individual Marketing Appointments**

Since the MMP is not allowed to market directly to individual, potential MMP enrollees, one-on-one appointments with potential MMP enrollees are generally not permitted. We clarify, however, that if a current or prospective MMP enrollee proactively requests a one-on-one appointment and the MMP has a documented incoming request for the one-on-one appointment, the MMP may meet with the enrollee subject to the requirements of sections 70.9.2 and 70.9.3 of the MMG.

### **Section 70.11.5 – Comparative and Descriptive Plan Information Provided by a Non-Benefit/Non-Health Service-Providing Third Party**

We clarify that the guidance in this section referring to materials provided by a “State agency” also applies to materials produced by the State and/or distributed by the State’s enrollment broker.

## **Section 80.1 – Customer Service Call Center Requirements**

This section is replaced with the following revised guidance:

### **Section 80.1 – Customer Service Call Center Requirements**

42 CFR 422.111(h)(1), 423.128(d)(1)

The MMP must operate a toll-free call center for both current and prospective enrollees seven (7) days a week, at least from 8:00 a.m. to 8:00 p.m. ET, except as provided below. During this time period, current and prospective enrollees must be able to speak with a live customer service representative. The MMP may use alternative technologies on Saturdays, Sundays, and State and Federal holidays other than New Year’s Day in lieu of having live customer service representatives. For example, an MMP may use an interactive voice response (IVR) system or similar technologies to provide the required information listed below, and/or allow a beneficiary to leave a message in a voice mail box. A customer service representative must then return the call in a timely manner, no more than one business day later.

The use of a call center and the provision of information through a call center are mandatory for the MMP.

The call center must meet the following operating standards:

- Provide information in response to inquiries outlined in sections 80.2 - 80.4 of the MMG. If callers are transferred to a third party for provision of the information listed in sections 80.2 and 80.4 of the MMG, all other requirements in section 80.1 apply to the services as performed by the third party.
- Follow an explicitly defined process for handling customer complaints.
- Provide interpreter services to all non-English speaking, limited English-proficient, and hearing impaired beneficiaries.
- Inform callers that interpreter services are “free.” Interpreters should be available within seven (7) minutes of reaching the CSR.
- Provide TTY service to all hearing impaired beneficiaries. CSRs through the TTY service should be available within seven (7) minutes of the time of answer.
- Limit average hold time to two (2) minutes. The average hold time is defined as the time spent on hold by the caller following the IVR system, touch-tone response system, or recorded greeting and before reaching a live person.
- Answer eighty (80) percent of incoming calls within thirty (30) seconds.
- Limit the disconnect rate of all incoming calls to five (5) percent. A disconnected call is defined as a call that is unexpectedly dropped by the plan while the caller was navigating the IVR or connected with a CSR.

Hold time messages (messages played when an enrollee or prospective enrollee is on hold when calling the plans) that promote the MMP or include benefit information must be submitted in HPMS for review as marketing materials (see section 90.2 of the MMG for more information about the material submission process). The MMP is prohibited from using hold time messages to sell other products.

For Pharmacy Technical Help or Coverage Determinations and Appeals Call Center requirements, refer to Appendix 3 in the MMG.

### **Section 80.2 – Informational Scripts**

We clarify that informational calls to plan call centers that become enrollment calls at the proactive request of the beneficiary must be transferred to the State’s enrollment broker. The MMP should refer to section 120.6 of this guidance, as well as section 120.6 of the MMG, for clarification of the types of activities conducted by a plan customer service representative that do not require the use of State-licensed marketing representatives. The MMP must use a State-licensed (and, when required, appointed) marketing agent for any activity that meets the definition of marketing in Appendix 1 of the MMG.

### **Section 80.3 – Enrollment Scripts/Calls**

This section does not apply to MMPs because enrollment requests must be transferred to Rhode Island or its designated vendor.

### **Section 90 – The Marketing Review Process**

Any references in this section of the MMG, and in all subsections thereunder, to CMS in its role in reviewing marketing materials are also references to the State for purposes of MMP marketing material review.

#### **Section 90.2.1 – Submission of Non-English and Alternate Format Materials**

The requirements of this section apply without modification. We note, however, that the MMP should use state-specific MMP errata codes. For more information about errata codes, the MMP should consult the Marketing Code Look-up functionality in the HPMS marketing module.

#### **Section 90.2.3 – Submission of Multi-Plan Materials**

This section does not apply to the MMP.

### **Section 90.3 – HPMS Material Statuses**

We clarify that, for purposes of MMP materials, there is no “deeming” of materials requiring either a dual review by CMS and the State or a one-sided State review, and materials remain in a “pending” status until the State and CMS reviewer dispositions match. Materials that require a CMS-only review deem after the respective 10- or 45-day review period. The MMP may obtain more information about the specific review parameters and timeframes for marketing materials under the Rhode Island capitated financial alignment model demonstration in the Marketing Code Look-up functionality in the HPMS marketing module. All other guidance in this section of the MMG and its subsections applies.

### **Section 90.5 – Time Frames for Marketing Review**

We clarify that, for purposes of MMP materials, there is no “deeming” of materials requiring either a dual review by CMS and the State or a one-sided State review, and materials remain in a “pending” status until the State and CMS reviewer dispositions match. Materials that require a CMS-only review deem after the respective 10- or 45-day review period. The MMP may obtain more information about the specific review parameters and timeframes for marketing materials under the Rhode Island capitated financial alignment model demonstration in the Marketing Code Look-up functionality in the HPMS marketing module. All other guidance in this section of the MMG and its subsections applies.

### **Section 90.6 – File & Use Process**

We clarify that the File & Use certification for the MMP is included in the three-way contract. All other guidance in section 90.6 of the MMG and all its subsections applies.

### **Section 90.6.1 – Restriction on the Manual Review of File & Use Eligible Materials**

This section does not apply to the MMP.

### **Section 100.2 – Required Content**

In addition to the requirements outlined in this section, the MMP must also include information on how to access the State's enrollment broker, including its website (if available), on its plan website. The MMP must also include information on the potential for contract termination (i.e., a statement that the MMP may terminate or non-renew its contract, or reduce its service area, and the effect any of those actions may have on MMP enrollees, as required under 42 CFR 422.111(f)(4)), and information that materials are published in alternate formats (e.g., large print, braille, audio).

### **Section 100.2.2 – Required Documents for All Plans/Part D Sponsors**

The requirements of this section apply with the following modifications:

- The MMP will not be required to post the LIS Premium Summary Chart as this document will not be applicable to the MMP.
- Because MMCO is in the process of developing a Star Ratings system for MMP performance, the MMP will not be subject to the Star Ratings requirements in the MMG. Therefore, the MMP will not be required to post a CMS Star Ratings document on its website.

### **Section 100.3 – Electronic Enrollment**

This section is not applicable to the MMP. The Online Enrollment Center is not enabled for the MMP, and the MMP is not permitted to directly enroll individuals through a secure Internet website. All enrollments are processed via the State's enrollment broker.

### **Section 100.4 – Online Formulary, Utilization Management (UM), and Notice Requirements**

Formulary change notices applicable to all formulary changes (not just Part D drug changes) must be maintained on the MMP's website as required in this section. All other guidance in this section applies without modification.

### **Section 120 – Marketing and Sales Oversight and Responsibilities**

The provisions in this section of the MMG and all its subsections applicable to independent agents/brokers do not apply to the MMP since the use of independent agents/brokers is not permitted. All MMP enrollments will be processed by the State's enrollment broker. We clarify that CMS does not regulate compensation of employed agents.

We also clarify that MMP staff conducting marketing activity of any kind – as defined in Appendix 1 of the MMG – must be licensed in the State (and, when required, appointed) as an insurance broker/agent.

### **Section 120.6 – Activities That Do Not Require the Use of State-Licensed Marketing Representatives**

Consistent with section 120.6 of the MMG, we clarify that in order to provide more than factual information, MMP outbound callers must be State-licensed (and, when required, appointed) marketing agents. The MMP must use State-licensed (and, when required, appointed) marketing agents for any activity that meets the definition of marketing in Appendix 1 of the MMG.

### **Section 150 – Use of Medicare Mark for Part D Sponsors**

We clarify that the MMP is required to sign a licensing agreement to use the official Medicare Mark as part of the three-way contract rather than through the HPMS contracting module. All other guidance in section 150 of the MMG and all its subsections applies.

### **Section 160.4 – Sending Non-plan and Non-health Information Once Prior Authorization is Received**

The disclaimer described in this section should be modified as follows:

“Neither Medicare nor Rhode Island Medicaid has reviewed or endorsed this information.”
