

MEDICARE-MEDICAID COORDINATION OFFICE

DATE: October 4, 2017
TO: Rhode Island Medicare-Medicaid Plan
FROM: Lindsay P. Barnette
Director, Models, Demonstrations and Analysis Group
SUBJECT: Final Rhode Island-Specific Reporting Requirements

The purpose of this memorandum is to announce the release of the final Medicare-Medicaid Capitated Financial Alignment Model Reporting Requirements: Rhode Island-Specific Reporting Requirements. The document provides guidance and technical specifications for the state-specific measures that the Rhode Island Medicare-Medicaid Plan (MMP) is required to collect and report under the demonstration. Also included is the final Rhode Island-Specific Value Sets Workbook, which contains all codes needed to report certain measures.

These state-specific measures directly supplement the Medicare-Medicaid Capitated Financial Alignment Model Core Reporting Requirements, which can be found at the following website: <http://www.cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialAlignmentInitiative/InformationandGuidanceforPlans.html>.

The specifications for the state-specific measures include their reporting frequency and due dates. Given the delay in releasing the final Rhode Island-Specific Reporting Requirements, we are not requiring implementation period monthly submissions for any measures. However, quarterly and annual backlog submissions are due according to the following schedule:

- **Measures RI1.1, RI1.2, RI1.3, and RI2.1:** The Quarter 3 2016 through Quarter 2 2017 reporting periods for these measures will be due on November 30, 2017.
- **Measures RI1.4, RI4.6, RI4.7, RI4.8, RI4.9, and RI4.10:** The Quarter 3 2016 through Quarter 2 2017 reporting periods for these measures will be due on January 31, 2018.
- **Measures RI3.1, RI4.2, RI4.3, RI4.4, and RI4.5:** The Calendar Year 2016 reporting period for these measures will be due on February 28, 2018.

Starting with the Quarter 3 2017 and Calendar Year 2017 reporting periods (as applicable per each measure), the due date will follow the timeframe articulated in the measure specifications.

As outlined in the memorandum of understanding and three-way contract, the Rhode Island MMP will also be required to meet established thresholds on certain quality withhold measures in order to earn back a withheld percentage of the capitation rate. Specifications for the state-specific quality withhold measures are included in the Rhode Island-Specific Reporting Requirements, and additional details about the applicable benchmarks will be provided in subsequent guidance.

Please contact the Medicare-Medicaid Coordination Office at mmcocapsreporting@cms.hhs.gov with any questions.
