**Medicare-Medicaid Coordination Office**

---

**DATE:** January 26, 2015

**TO:** All Medicare-Medicaid Plans (MMPs)

**FROM:** Sharon Donovan, Director, Program Alignment Group, Medicare-Medicaid Coordination Office (MMCO)

**SUBJECT:** Reminder of deadline for submitting 4Rx data

This memorandum serves as a reminder to all Medicare-Medicaid Plans (MMPs) participating in the Capitated Financial Alignment Demonstrations that 4Rx data must be submitted to CMS in accordance with existing Medicare Part D requirements in “Chapter 14- Coordination of Benefits” (please see: <http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/PartDManuals.html>) . This applies to both opt-in and passive enrollments as noted in the “Medicare-Medicaid Plan Enrollment and Disenrollment Guidance” released on June 14, 2013, specifically section 30.2.M - Processing the Voluntary Enrollment -- 4Rx Data”.

4Rx data includes: RxBIN, RxPCN, RxGRP and RxID. These data sets must be submitted by a MMP within 72 hours after the Medicare Advantage Prescription Drug (MARx) system accepts the MMP’s enrollment transaction and returns a **successful reply on the Daily Transaction Reply Report (DTRR)**.

For example, a DTRR date is 01/15/2015; 1:10 am. The MMP has 72 hours to submit 4Rx data to CMS. CMS should receive the 4Rx data by 01/18/2015.

The MMCO will continue to monitor MMPs timely submission of 4Rx data to ensure that enrollees will have access to prescription drugs. **If there are any mitigating circumstances that impede the MMP of submitting 4Rx data to CMS within 72 hours then the MMP must contact its Regional Office (RO), Contract Management Team (CMT) representative that handles Part D concerns immediately.**

Thank you for your continued work to provide accurate and timely prescription drug eligibility information for Medicare-Medicaid enrollees.
