

Virginia Commonwealth Coordinated Care

This contract was re-executed on April 14, 2016 in order to:

- Perform general clean-up and make technical changes to streamline provisions across all three-way contracts for the capitated model demonstrations under the Medicare-Medicaid Financial Alignment Initiative.
- Add the encounter data process measure as a quality withhold for demonstration years 2 and 3.
- Reflect current federal or state law or regulatory guidance, including:
 - Additional clarification regarding use of consumer directed services outside the EDCD waiver.
 - Changes to Substance Use Disorder services to reflect State law.
 - Addition of requirements related to the State All Payer Claims Database.
 - Updates to State regulation citations.
 - Updates to marketing requirements.
- Updates to savings percentages for demonstration years 2 and 3.
