Introduction

All Medicare Advantage-Prescription Drug (MA-PD) plan sponsor requirements in the Contract Year (CY) 2019 Medicare Communications and Marketing Guidelines (MCMG), posted at http://www.cms.gov/Medicare/Health-Plans/ManagedCareMarketing/FinalPartCMarketingGuidelines.html, and the August 6, 2019, Health Plan Management System (HPMS) guidance memorandum, “Medicare Communications and Marketing Guidelines,” apply to Medicare-Medicaid plans (MMPs) participating in the California capitated financial alignment model demonstration, except as noted or modified in this guidance document.¹

This guidance document provides information only about those sections of the MCMG that are not applicable or that are different for MMPs in California; therefore, this guidance document should be considered an addendum to the CY 2019 MCMG. This MMP guidance is applicable to all marketing done for CY 2020 benefits.

Use of Independent Agents and Brokers

We clarify that California MMPs may compensate independent agents/brokers for certain opt-in enrollments as detailed in section 110 of this guidance. The requirements applicable to independent agents/brokers throughout the MCMG are, therefore, applicable to California MMPs in the scenarios described in section 110 of this guidance.

Compliance with Section 1557 of the Affordable Care Act of 2010

MMPs are subject to the disclosure requirements under Section 1557 of the Affordable Care Act. For more information, MMPs should refer to https://www.hhs.gov/civil-rights/for-individuals/section-1557/.

Formulary and Formulary Change Notice Requirements

California MMPs should refer to the November 1, 2018, HPMS guidance memorandum, “Part D Communication Materials,” for guidance on formulary and formulary change notice requirements. As noted in that memorandum, additional updates to reflect changes related to 42 CFR 423.120(b)(5), regarding notice of mid-year formulary changes and changes to the definition of an approved month’s supply, will be incorporated into the Medicare Prescription Drug Benefit Manual in a future release. In addition, we note that California MMPs are required to adhere to all new regulatory provisions and requirements.

The requirements of the November 1, 2018, HPMS guidance memorandum apply with the following modifications:

- Formulary change notices must be sent for any negative formulary change (as described in section 30.3.3, “Midyear Formulary Changes,” and section 30.3.4, “Provision of Notice Regarding Formulary Changes,” of Chapter 6 of the Prescription Drug Benefit Manual),

¹ Note that any requirements for Special Needs Plans (SNPs), Private Fee-for-Service (PFFS) plans, Preferred Provider Organizations (PPOs), and Section 1876 Cost-Based Plans (cost plans) in the MCMG do not apply unless specifically noted in this guidance.
regardless of whether or not the negative formulary change applies to an item covered under Medicare or Medicaid, or as an additional drug benefit under the plan.

- Formulary change notices applicable to all formulary changes (not just Part D drug changes) must be maintained on California MMP websites.

Additional Guidance for California MMPs

The following is an additional California MMP-specific modification for CY 2020 beyond those that modify the MCMG:

- We clarify that organizations offering both MMPs and non-MMP Medicare health plan options in a service area may only market MMP offerings in their MMP materials.

Section 20 - Communications and Marketing Definitions

MMPs are subject to marketing and beneficiary communications applicable to Medicare Advantage plans in 42 CFR Parts 422 and 423, as well as those applicable to Medicaid managed care organizations in 42 CFR Part 438. CMS has developed a joint review process (JRP) for MMP beneficiary materials under each Financial Alignment Initiative capitated model demonstration that combines state and CMS review requirements and parameters. Given these differences, CMS will continue to consider all CY 2020 MMP materials to be marketing materials as defined prior to the implementation of CMS-4182-F. As a result, this section of the MCMG and its subsections do not apply to MMPs. We provide additional detail about materials subject to HPMS submission in the guidance related to section 90.1.1 of the MCMG in this document. In addition, for any other references to communications throughout the MCMG, the previous definition of marketing materials applies.

Section 30.2 - Standardization of Plan Name Type

As is the case for other Medicare health plans, MMPs are required to include the plan type in each plan’s name using standard terminology consistent with the guidance provided in this section. CMS created the standardized plan type label “Medicare-Medicaid Plan” to refer generically to all plans participating in a capitated financial alignment model demonstration. MMPs must use the “Medicare-Medicaid Plan” plan type terminology following their plan name at least once on the front page or beginning of each marketing piece, excluding envelopes, consistent with the requirements of section 30.2 of the MCMG.

MMPs may also use state-specific plan type terminology in their marketing materials (e.g., a plan can state that Medicare-Medicaid Plans are also known as Cal MediConnect Plans in California), provided they comply with the guidance regarding use of the CMS standardized plan type in section 30.2 of the MCMG.

We also clarify that MMPs in California that offer Medicare Advantage products, including SNPs, in the same service area as their MMPs, may use the same plan marketing name for both those

---

products. However, in order to reduce beneficiary confusion, MMPs must include “Cal MediConnect Plan” in the plan marketing name.

Section 30.3 - Non-English Speaking Population

The requirements of section 30.3 of the MCMG apply with the modifications and clarifications included in this section. The standard articulated in this section for translation of marketing materials into non-English languages will be superseded to the extent that California’s standard for translation of marketing materials is more stringent. The Medi-Cal California translation standard is typically equivalent to or more stringent than the Medicare standard for translation for all California MMP service areas. Refer to https://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2017/APL17-011.pdf for the Medi-Cal translation standards updated on June 30, 2017. Guidance regarding the translation requirements for all plans, including California MMPs, is released annually each fall via HPMS. The required languages for translation for each MMP are also updated annually, as needed, in the HPMS Marketing Module. We expect the California standards for translation of required materials will continue to be the most stringent standard.

CMS and the state have designated materials that have been vital and, therefore, must be translated into the non-English languages specified in this section. This information is located in section 100.4 of this document.

MMPs must have a process for ensuring that enrollees can make a standing request to receive the materials identified in this section, in alternate formats and in all non-English languages identified in this section and in the HPMS Marketing Module, at the time of request and on an ongoing basis thereafter. The process should include how the MMP will keep a record of the member’s information and utilize it as an ongoing standing request so the member does not need to make a separate request for each material and how a member can change a standing request for preferred language and/or format.

For additional information regarding notice and tagline requirements, refer to Appendix A and Appendix B to Part 92 of Section 1557 of the Patient Protection and Affordable Care Act.

Section 30.4 - Hours of Operation Requirements for Materials

In addition to the requirements of this section, MMPs in the six counties with the enrollment broker must also provide the phone and TTY numbers and days and hours of operation information for the state’s enrollment broker in marketing materials that are provided prior to the time of enrollment and where a customer service number is provided for current and prospective enrollees to call. In the COHS counties, the MMP must provide the phone and TTY numbers and days and hours of operation information for the MMP customer service line for current and prospective enrollees.

---

Section 30.6 - Electronic Communication Policy

In addition to the requirements of this section, MMPs must include a disclaimer regarding messaging rates in electronic communications.

Section 40.2 - Marketing Through Unsolicited Contacts

Section 40.2 of the MCMG provides examples of unsolicited direct contact with current and prospective enrollees. We reiterate that marketing via conventional mail and other print media (e.g., advertisements, direct mail) is not considered unsolicited contact and, therefore, is permissible.

In addition to the requirements of section 40.2 of the MCMG, MMPs conducting permitted unsolicited marketing activities, such as conventional mail and other print media, are required to include the following disclaimer on all materials used for that purpose:

“For information on <Plan name> and other Cal MediConnect options for your health care, call the Department of Health Care Services at 1-800-430-4263 (TTY: 1-800-735-2922), or visit https://www.healthcareoptions.dhcs.ca.gov/.”

For purposes of this section, enrollment materials sent to passively enrolled individuals are not considered marketing through unsolicited contact.

Section 40.3 - Marketing Through Telephonic Contact

The requirements of section 40.3 of the MCMG apply with the following clarifications:

- Consistent with section 40.3 of the MCMG, calls made by MMPs to current members (including those enrolled in other product lines) are not considered unsolicited direct contact and, therefore, are permissible. Organizations that offer non-MMP and MMP products may call their current non-MMP enrollees (e.g., those in Medi-Cal managed care products), including individuals who have previously opted out of passive enrollment into an MMP, to promote their MMP offerings.

- Plans may use reasonable efforts to contact current non-MMP enrollees who are eligible for MMP enrollment to provide information about their MMP products. Callers with questions about other Medicare program options should be warmly transferred to 1-800-MEDICARE or to the Health Insurance Counseling and Advocacy Program (HICAP) for information and assistance.

Section 40.6 - Marketing Star Ratings

Because MMCO is in the process of developing a Star Ratings system for MMP performance, MMPs are not subject to the Star Ratings requirements in the MCMG. Therefore, this section does not apply to MMPs.
Section 40.6.1 - Marketing Plans/Part D Sponsors with an Overall 5-Star Rating

Because MMCO is in the process of developing a Star Ratings system for MMP performance, MMPs are not subject to the Star Ratings requirements in the MCMG. Therefore, this section does not apply to MMPs.

Section 40.8 - Marketing of Rewards and Incentives Programs

MMPs may market rewards and incentives to current enrollees, as provided in section 40.8 of the MCMG. Any rewards and incentives programs must be consistent with section 100 of Chapter 4 of the Medicare Managed Care Manual.

Section 50.1 - Educational Events

In addition to the guidance in this section, we note that, as provided under the three-way contract, the state may request that California MMPs provide current schedules of all educational events conducted for current or prospective enrollees.

Section 50.3 - Personal/Individual Marketing Appointments

The provisions of this section apply to MMPs, with the following modifications:

- MMP-employed sales agents are not permitted to conduct unsolicited personal/individual appointments.

- An individual appointment must only be set up at the request of the member or his/her authorized representative. An MMP can offer an individual appointment to a member who has contacted the MMP to request assistance or information. However, MMPs are prohibited from making unsolicited offers of individual appointments.

- An MMP must make reasonable efforts to conduct an appointment in the member’s preferred location. An MMP cannot require that an individual appointment occur in a member’s home.

In addition to the requirements outlined in this section, if enrollment applications are distributed during the course of a personal/individual marketing appointment or phone conversation, any and all associated cover pages must remain attached to the application. If plan customer service staff assist potential enrollees in filling out enrollment applications, the staff must direct the potential enrollee to first read any and all associated cover pages attached to the application. If contact is made via phone, staff must offer to read all pages aloud to the enrollee. Plan customer service staff who assist in completing an application must document their name on the application. Applications will then be forwarded to Health Care Options (HCO) to complete the enrollment process.

Section 60.1 - Provider-Initiated Activities

We clarify that the guidance in this section about referring patients to other sources of information such as the “state Medicaid office” also applies to materials produced by and/or distributed by the state’s enrollment broker.
Section 60.4.1 - Special Guidance for Plans/Part D Sponsors Serving Long-Term Care Facility Residents

The flexibility provided in the last paragraph of this section for long-term care facility staff to provide residents with an explanatory brochure is also applicable to MMPs. This flexibility is also applicable to staff in chronic and psychiatric hospitals for MMP-eligible individuals, post-stabilization.

Section 60.5 - Provider Affiliation Announcements

We clarify that the requirements of this section regarding announcements of new or ongoing provider affiliations also apply to MMPs.

Section 70.1.2 - Documents to be Posted on Website

The requirements of this section apply with the following modifications:

- MMPs are not required to post the low-income subsidy (LIS) Premium Summary Chart as this document is not applicable to MMPs.
- Because MMCO is in the process of developing a Star Ratings system for MMP performance, MMPs are not subject to the Star Ratings requirements in the MCMG. Therefore, MMPs are not required to post a CMS star ratings document on their websites.

Section 70.1.3 - Required Content

In addition to the requirements outlined in this section, MMPs (except those in COHS counties) must also include a direct link to the state’s enrollment broker website on their website. MMPs must also include information on the potential for contract termination (i.e., a statement that the MMP may terminate or non-renew its contract, or reduce its service area, and the effect any of those actions may have on MMP enrollees, as required under 42 CFR 422.111(f)(4)), and information that materials are published in alternate formats (e.g., large print, braille, audio).

Section 80.1 – Customer Service Call Center Requirements and Standards

We clarify that hold time messages that include marketing content must be submitted in HPMS, and California MMPs must use marketing material code 15172 for this purpose. All other guidance in section 80.1 of the MCMG applies to MMPs.

Section 80.1.1 - Customer Service Call Center Hours of Operations

We clarify that MMPs must operate a toll-free call center during usual business hours. In light of the scope and nature of the services and benefits provided by MMPs, CMS interprets usual business hours for customer service call centers for both current and prospective enrollees as meaning at least the following: seven (7) days a week, at least from 8 a.m. to 8 p.m. PT, except as provided below. Customer service call center hours and days must be the same for all individuals regardless of whether they speak English, a non-English language, or use assistive devices for communication. During this time period, current and prospective enrollees must be able to speak with a live customer service representative. MMPs may use alternative technologies on Saturdays, Sundays, and state and/or all federal holidays except New Year’s
Day, in lieu of having live customer service representatives. For example, an MMP may use an interactive voice response (IVR) system or similar technologies to provide the required information listed in section 80.1 of the MCMG, and/or allow a beneficiary to leave a message in a voice mail box. A customer service representative must then return the call in a timely manner, no more than one (1) business day later. All other guidance in section 80.1.1 of the MCMG applies to MMPs.

Section 80.3 - Informational Scripts

We clarify that informational calls to plan call centers that become enrollment calls at the proactive request of the beneficiary must be transferred to the state’s enrollment broker or utilize the streamlined enrollment process, except in the case of MMPs in the COHS counties. Plan customer service staff may not remain on the line once the call has been transferred to the state’s enrollment broker.

MMPs should refer to section 80.7 of this guidance, as well as section 80.7 of the MCMG, for clarification of the types of activities conducted by a plan customer service representative that do not require the use of state-licensed marketing representatives. MMPs must use a state-licensed (and, when required, appointed) marketing agent for any activity that meets the definition of marketing in section 20 of this guidance.

Section 80.4 - Telesales and Enrollment Scripts

Telesales and enrollment scripts are considered marketing and must be submitted to CMS as outlined in section 90 of this guidance. In addition, we clarify that MMPs should review the Streamlined Enrollment Script Checklist when developing enrollment scripts.

Section 80.7 - Activities That Do Not Require the Use of State-Licensed Marketing Representatives

Consistent with section 80.7 of the MCMG, we clarify that, in order to provide more than factual information, MMP outbound callers must be state-licensed (and, when required, appointed) marketing agents. MMPs must use state-licensed (and, when required, appointed) marketing agents for any activity that meets the definition of marketing in section 20 of this guidance.

Section 90 - Tracking, Submission, and Review Process

Any references in this section of the MCMG, and in all subsections thereunder, to CMS in its role in reviewing marketing materials are also references to the state for purposes of MMP marketing material review.

Section 90.1 - Material Identification

The second paragraph of this section of the MCMG is modified as follows for MMPs:

The material ID is made up of two parts: (1) MMP contract number, (i.e., H number) followed by an underscore and (2) any series of alphanumeric characters chosen at the discretion of the MMP. Use of the material ID on marketing materials must be immediately followed by the status of either approved or accepted (e.g., H1234_drugx38 Approved). Note that MMPs should include an approved status only after the material is approved and not when submitting the material for review.
In addition, when a third party, such as a pharmacy benefit manager (PBM), creates and distributes member-specific materials on behalf of multiple organizations, it is not acceptable to use the material ID for another organization for materials the third party provides to MMP enrollees. The material must be submitted in HPMS using a separate material ID for the MMP, and that material ID must be included on the material. The remainder of section 90.1 of the MCMG applies to MMPs, including the requirement that non-English and alternate format materials based on previously created materials may have the same material ID as the material on which they are based.

Section 90.1.1 - Materials Subject to Submission

CMS developed a JRP for MMP beneficiary materials under each Financial Alignment Initiative capitated model demonstration that combines state and CMS review requirements and parameters. Given these differences, CMS continues to consider all CY 2020 MMP materials to be marketing materials as defined prior to the implementation of CMS-4182-F.4

Section 90.4 - Submission of Websites and Webpages for Review

We clarify that the guidance in section 90.4 of the MCMG applies to California MMPs, with the following modification:

- All website content must be submitted in HPMS as a File & Use submission under the Internet Website marketing material code for CA.

Section 90.5 - Submission of Multi-Plan Materials

This section does not apply to MMPs.

Section 90.6 - Status of HPMS Material

We clarify that, for purposes of MMP materials, there is no “deeming” of materials requiring either a dual review by CMS and the state or a one-sided state review, and materials remain in a “pending” status until the state and CMS reviewer dispositions match. Materials that require a CMS-only review deem after the respective 10- or 45-day review period. MMPs may obtain more information about the specific review parameters and timeframes for marketing materials under the California capitated financial alignment model demonstration in the Marketing Code Lookup functionality in the HPMS Marketing Module. In addition, we note that the “non-marketing” status is not available for JRP marketing codes in HPMS for CY 2020. All other guidance in this section of the MCMG applies.

Section 90.8 - File & Use Process

We clarify that the File & Use certification process for MMPs is included in the three-way contract. All other guidance in section 90.8 of the MCMG applies.

Section 100 - Required Materials

We clarify that CMS will continue to consider all CY 2020 MMP materials to be marketing materials as defined prior to the implementation of CMS-4182-F. As a result, all marketing materials must be submitted in HPMS. All other portions of this section apply to MMPs.

Section 100.3 - Changes and Corrections to Existing Documents

We clarify that the AEP is the Medicare Annual Enrollment Period, also known as the Annual Election Period, which runs from October 15 to December 7 each year. All other portions of this section apply to MMPs.

Section 100.4 - List of Required Materials

This section is replaced with the following revised guidance:

Section 100.4 - List of Required Materials
42 CFR Parts 417, 422, 423, 438

Model Materials

We note that materials MMPs create should take into account the reading level requirements established in the three-way contract. Available model materials reflect acceptable reading levels. Current Part D models are acceptable for use as currently provided, and MMPs must add required disclaimers in Appendix 2 of this guidance, as appropriate. Adding required MMP disclaimers to Part D models does not render the documents non-model when submitted for review or accepted as File & Use materials.

We refer MMPs to the following available model materials:

- MMP-specific model materials tailored to MMPs in California, including model enrollment disenrollment forms for those California MMPs in the two COHS counties, where the MMPs will facilitate plan enrollments; the Summary of Benefits (SB); Annual Notice of Change (ANOC); Evidence of Coverage (EOC) (Member Handbook); comprehensive integrated Formulary (List of Covered Drugs); combined Provider and Pharmacy Directory; single Member ID Card; integrated denial notices; welcome letters for opt-in and passively enrolled individuals; and other plan-delegated enrollment notices:

Required Materials and Instructions for MMPs

Below is a list of required materials for California MMPs. In addition, we provide high-level information for each material. Guidance (as noted) should be reviewed as applicable. Additionally, MMPs should consult the HPMS Marketing Code Lookup functionality for specific codes and instructions for uploading required materials.

**Note:** Any mid-year changes, including but not limited to mid-year legislative benefit additions or removals and changes in enrollment policies, should be communicated to current enrollees consistent with the “Mid-Year Change Notification” guidance in this section. The HPMS errata submission process should not be used for mid-year changes to materials that are not due to plan error. Instead, plans should use the HPMS marketing module replacement function for these changes.

- MMPs are required to make available a single combined Provider and Pharmacy Directory. Separate pharmacy and provider directories are not permitted. MMPs may print separate directories for primary care physicians (PCPs) and specialists provided both directories are made available to enrollees at the time of enrollment.
- The single combined Provider and Pharmacy Directory must include all network providers and pharmacies, regardless of whether they provide Medicare, Medicaid, or additional benefits.
- For MMPs with multi-county service areas, the combined Provider and Pharmacy Directory may be provided for all providers by county, provided the directory includes a disclaimer that the directory only includes providers in that particular county (or counties), that a complete directory is available on the plan’s website, and that the enrollee may contact the plan’s customer service call center to request assistance with locating providers in other counties or to request a complete hard copy Provider and Pharmacy Directory.
- California MMPs must submit directory updates and/or addenda pages in HPMS, and these documents are reviewed consistent with the parameters for the California MMP Provider and Pharmacy Directory marketing code.
- As applicable, refer to the language and guidelines issued in the August 16, 2018, HPMS memorandum, “Pharmacy Directories and Disclaimers” for the pharmacy portion of the combined directory.

**Section 110 - Agent/Broker Activities, Oversight, and Compensation Requirements**

All MMP enrollments continue to be processed by the state’s enrollment broker (or by the plan for County Organized Health System, or COHS, plans). However, we clarify that California MMPs are permitted to compensate independent agent/brokers in two scenarios, further detailed in the following table, in which individuals opt in to MMPs that are offered by the same parent organization as their previous coverage (e.g., a Dual Eligible Special Needs Plan, or D-SNP), and that enrollment into the previous coverage was facilitated by an independent agent/broker. This situation can occur in the middle of the initial compensation year or in a subsequent year in which the agent/broker is receiving a renewal compensation for retention in that Medicare Advantage (MA) plan.

Essentially, this policy allows the MMP to continue compensating an independent agent/broker based on the circumstances in which the same independent agent/broker would have received compensation had the member stayed in the parent organization’s MA product instead of opting into the MMP. This prevents independent agent/brokers from experiencing a financial penalty if

\(^7\) We clarify that this group of enrollees who opt in includes individuals who are eligible for passive enrollment but select a different MMP or initiate an earlier enrollment date than their passive enrollment effective date. MMPs should refer to the date of the Daily Transaction Reply Report (DTRR) that has the notification to identify the start of the ten (10) calendar-day timeframe.
a member stays with the same parent organization but eventually elects to join the parent organization’s MMP.

</tr>
</tbody>
</table>

Consistent with the guidance in section 110.6.5 et seq. of the MCMG, in the initial compensation scenario in the table above, the MA plan would be required to pro-rate the compensation paid to the agent for the months the enrollee was no longer enrolled in the MA plan.
We clarify that CMS does not regulate compensation of employed agents. We also clarify that MMP staff conducting marketing activity of any kind – as defined in section 20 of this guidance – must be licensed in the state (and, when required, appointed) as an insurance broker/agent.

In addition, we clarify that, for CY 2020 enrollments, California MMPs approved by the California Department of Health Care Services will be permitted to use and compensate independent agents/brokers for MMP enrollments in accordance with requirements of the HPMS memorandum, “California MMPs: Update to Agent/Broker Compensation Policy for Contract Year 2019,” dated June 11, 2018, and all applicable Medicare guidance, including the MCMG.

We remind plans that all MMP enrollments continue to be processed by the state’s enrollment broker (or plan, for COHS plans).

**Appendix 2 - Disclaimers**

The disclaimer language in the table below replaces the language in Appendix 2 of the MCMG.

**Table 3. State-specific MMP Disclaimers**

**Appendix 3 - Pre-Enrollment Checklist**

The requirements of Appendix 3 of the MCMG apply only to COHS MMPs in California. COHS MMPs should follow the guidance in Appendix 3 with the following modifications:

- Delete the following language, “[In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.”

- Revise the following language from, “Benefits, premiums and/or copayments/co-insurance may change on January 1, [insert year]” to “Benefits and/or [insert if applicable: copays] may change on January 1, [insert year].”

- Add the following bullet, “This plan is a Medicare-Medicaid Plan (MMP). Your ability to enroll will be based on verification that you are entitled to both Medicare and Medicaid.” Plans must revise references to “Medicaid” to “Medi-Cal,” the state-specific name for the program.

- Modify the references to “Evidence of Coverage” to “Member Handbook (Evidence of Coverage).”

- Modify the references to “provider directory” and “pharmacy directory” to “Provider and Pharmacy Directory.”

In addition, as indicated in section 100.4 of this document, COHS MMPs should submit this document as a File & Use submission in HPMS under code 15170, (CA) COHS Plan Pre-Enrollment Checklist.

**Appendix 7 - Use of Medicare Mark for Part D Sponsors**

We clarify that MMPs have been required to sign a licensing agreement to use the official Medicare Mark as part of the three-way contract rather than through the HPMS contracting module. All other guidance in Appendix 7 of the MCMG applies.
