## ICD-10. COMPLIANCE DATE OCTOBER 1, 2015

News Updates | July 15, 2015

### ICD-10 Is Almost 75 Days Away: Get Ready for ICD-10

After several years of unparalleled cooperation across the health care community, we are nearing the ICD-10 finish line. As of July 17, only 75 days remain until our nation makes the transition to ICD-10 for coding medical diagnoses and inpatient hospital procedures on October 1, 2015.

The Centers for Medicare & Medicaid Services (CMS) is committed to helping the health care community get ready. CMS Acting Administrator Andy Slavitt recently sent a [letter](#) to all Medicare providers urging them to prepare for ICD-10.

There is still time to get ready! To jumpstart your efforts, begin with the [ICD-10 Quick Start Guide](#). Providers can also go to the CMS [Road to 10](#) tool to create customized action plans. Links to Road to 10 and other resources are available on the [cms.gov/ICD10](http://cms.gov/ICD10) website.

CMS continues to work with industry groups to support their ICD-10 progress. Many of these organizations offer free and low-cost ICD-10 resources on their websites. Vendors, health plans, and hospitals are also good sources for ICD-10 information and training.

Check out the resources available to you as you get on the road to ICD-10 today!
