ICD-10. COMPLIANCE DATE OCTOBER 1, 2015

News Updates | March 23, 2016

Maintaining Your Progress

The Centers for Medicare & Medicaid Services (CMS) released a new [infographic](#) based on the [Next Steps Toolkit](#) to help you analyze your ICD-10 progress. By keeping your systems and resources updated, you can ensure that your organization continues to move forward. Today, we will explore how to maintain your progress.

Track and Improve Your Progress

3

MAINTAIN Your Progress

Keep your coding tools and systems up to date

- Like ICD-9, ICD-10 is updated annually on October 1
- The [ICD-10 Coordination and Maintenance Committee](#) makes the updates with public input

Review the ICD-10 General Coding Guidelines regularly

- Hospitals should also review the [General Coding Guidelines for ICD-10 inpatient procedure coding](#)

ICD-10 | Track and Improve Your Progress

Keep Your Coding Tools Up to Date

- ICD-10 updates take place annually on October 1, following the same timeline used for ICD-9 updates. Be sure to keep all your systems and coding tools up to date, and to review the [ICD-10-CM](#) and [ICD-10-PCS](#) General Coding Guidelines on a regular basis. With quality reporting and other requirements, it's more important than ever that you update your coding resources at least annually.
- Led by CMS and CDC, the [ICD-10 Coordination and Maintenance \(C&M\) Committee](#) is responsible for updates to ICD-10. You can submit proposals ([sample proposals from September 2015](#)) for diagnosis code updates to CDC at nchsicd10@cdc.gov. The [ICD-10 C&M Committee](#) reviews proposals for potential presentation at its March and September meetings.

Keep Up to Date on ICD-10

Visit the CMS [ICD-10 website](#) and [Roadto10.org](#) for the latest news and official resources, including the [Next Steps Toolkit](#), [ICD-10 Quick Start Guide](#), and a [contact list for provider Medicare and Medicaid questions](#).
