CMS ICD-10 Resources

The Centers for Medicare & Medicaid Services (CMS) offers resources to help the health care community prepare for the October 1, 2015, ICD-10 transition. No matter where you are in the process, CMS has resources to help you prepare.

ICD-10 Basics

Basic resources are a great place to start if you are looking for the background and benefits of the ICD-10 transition. These resources include overviews tailored by audience, including small and rural practices, payers, and non-covered entities.

Road to 10

Available on the [Provider Resources](#) page, the “Road to 10” tool is an online resource built with input from providers in small practices. Intended to help small medical practices jumpstart their ICD-

10 transition, “Road to 10” includes specialty references and the capability to build tailored action plans.

Medscape Education Modules

CMS has released two videos and an expert column to help providers prepare for ICD-10. These Medscape education modules offer an overview of ICD-10 for small practices. Continuing medical education (CME) and nursing continuing education (CE) credits are available to providers who complete these resources. Anyone with a free Medscape account can receive a certificate of completion. You can find these resources on the [Provider Resources](#) page.
