

ICD-10 Effective Date: October 1, 2015

- Use ICD-10 codes on claims for services provided on or after October 1
- Use ICD-9 codes on claim for services provided before October 1

Abdominal pain

- [Interactive case study](#)

Anesthesia

- [Webcasts \(38:57 and 45:07\)](#)

Asthma

- [Interactive case study](#)

Breast cancer and chemotherapy

- [Interactive case study](#)

Cardiology

- [Clinical concepts guide](#)
- [Medical case study](#)
- [Webcast \(29:36\)](#)
- [Interactive case study – atrial fibrillation](#)

Cervical disc disease

- [Interactive case study](#)

Dental

- [Webcast \(19:10\)](#)

Dermatology

- [Medical case study](#)

Diabetes

- [Animated video \(3:23\)](#)
- [Interactive case study](#)
- [Medical case studies](#)

Family practice and internal medicine

- [Family practice clinical concepts guide](#)
- [Internal medicine clinical concepts guide](#)
- [Webcast \(46:20\)](#)

General surgery

- [Webcast \(24:38\)](#)

Injury—struck by car

- [Interactive case study](#)

Kidney disorders

- [Webcast \(17:47\)](#)

Lab services

- [Webcast \(18:34\)](#)

OB/GYN

- [Clinical concepts guide](#)
- [Webcast \(28:40\)](#)

Obesity and related conditions

- [Webcast \(13:01\)](#)

Orthopedics

- [Clinical concepts guide](#)
- [Webcast \(30:27\)](#)
- [Interactive case study – fracture](#)
- [Medical case study – fracture](#)

Otitis media

- [Interactive case study](#)

Pediatrics

- [Clinical concepts guide](#)
- [Webcast \(29:08\)](#)

Pharmacy

- [Webcast \(23:31\)](#)

Pulmonary

- [Webcast \(13:43\)](#)

Radiology

- [Webcast \(18:38\)](#)

Strep throat/tonsillitis

- [Interactive case study](#)

To access these resources by browsing the CMS [Roadto10.org](https://www.roadto10.org) online tool:

Clinical Concepts Guides

- Go to the left-hand navigation bar on the [Roadto10.org](https://www.roadto10.org) home page
- Select **Medical Cases** > [Specialty References](#)

Clinical concepts guides feature common codes, clinical documentation tips, and clinical scenarios for:

- [Family Practice](#)
- [Internal Medicine](#)
- [Orthopedics](#)
- [Pediatrics](#)
- [OB/GYN](#)
- [Cardiology](#)

The [Specialty References](#) page includes both HTML and PDF versions of the guides.

Interactive Case Studies

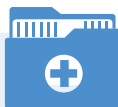

- Go to the left-hand navigation bar on the [Roadto10.org](https://www.roadto10.org) home page
- Select **Medical Cases** > [Interactive Case Studies](#)

Each interactive case study scenario presents you with a sample medical case and asks questions about how to document and code in ICD-10. After answering the questions, you will see:

- How your responses compare with responses from your peers
- Sample ways to code the case in ICD-9 and in ICD-10

Note: The clinical case scenarios illustrate coding and documentation requirements for ICD-10. They are not meant to provide billing recommendations; they simply illustrate guidelines for documentation and coding of sample cases.

Medical Case Studies

- Go to the left-hand navigation bar on the [Roadto10.org](https://www.roadto10.org) home page
- Select **Medical Cases** > [Medical Case Studies](#)

Note: These scenarios were natively coded in ICD-10-CM and ICD-9-CM. As patient history and circumstances will vary, these brief scenarios are illustrative in nature and cannot be strictly interpreted or used as documentation and coding guidelines. Each scenario is selectively coded to highlight specific topics; therefore, only a subset of the codes is presented.

Webcasts

- Go to the left-hand navigation bar on the [Roadto10.org](https://www.roadto10.org) home page
- Select [Webcasts](#)
 - Select [Specialty Documentation Webcasts](#)
 - For [Dental](#), [Lab](#), [Pharmacy](#), and [Radiology](#), select [Ancillary Services Documentation Webcasts](#)

Webcasts address ICD-10's clinical impact, new concepts, and documentation across a spectrum of specialties, health conditions, and services.

Visit [cms.gov/ICD10](https://www.cms.gov/ICD10)

See the [Diabetes and ICD-10 Coding](#) animated video. Select [Provider Resources](#) on the left-hand navigation bar to view the [video](#) and more resources.
