Course Overview

- Account Designee Registration
  - Setting up a Login ID and Password
- CRCP Functions of the Account Designee

Slide notes

This course explains the basic registration process a new user will follow to become an Account Designee, (i.e., how you will set up your Login ID and Password) and the basic CRCP functions you will have access to once registered.
The CRCP Account Manager invites Account Designees to assist with the case recovery process on the CRCP. This includes tracking Group Health Plan (GHP) cases and submitting documented defenses.
Once you have been selected and added to an account as an Account Designee, the CRCP sends you an invitation email which includes instructions on your next steps. A sample email is shown on the slide. The invitation email includes the CRCP Account ID.

If you already have a Login ID for the Section 111 Coordination of Benefits Secure Website (COBSW), Workers’ Compensation Medicare Set-Aside Portal (WCMSAP), Medicare Secondary Payer Recovery Portal (MSPRP) or CRCP (for another account), you will not register for another Login ID. The invitation email will include a link to the CRCP. You will access the CRCP using your existing Login ID and Password for these systems.

If you do not already have a Login ID for the Section 111 COBSW, WCMSAP, MSPRP, or CRCP, you must click on the link in the invitation email to register.
Slide notes

When you click the link in the invitation email, the Login Warning page displays. This page provides information about CRCP security measures including access, penalty, and privacy laws. This page can be printed from the CRCP by clicking the Print this page link on the Website.

Scroll to the bottom of this page to review the entire statement. You must agree to the terms of this warning each time you access the CRCP. Click the I Accept link at the bottom of the page to continue.
The Account Designee Registration page displays. As an Account Designee, you register yourself on the CRCP. You will only go through this process once, as you need only one Login ID no matter how many Account IDs you will ultimately work with.

This is the initial page in the registration process where you will create your Login ID and Password for the CRCP.
Slide notes

You are required to enter the Passphrase given to you by the Account Manager for this account. The Passphrase is a short sequence of case-sensitive letters, numbers, and/or symbols, up to 30 characters long.

Enter the passphrase exactly the way it was given to you. If the Account Manager did not provide you with the Passphrase, contact them at the phone number or email address displayed on this page.
Read the User Agreement and Privacy Policy which may be viewed in the scroll box on this page. Alternatively, you can print a copy of the agreement by clicking the View and Print the User Agreement and Privacy Policy link.

You must agree to the terms in the User Agreement to proceed with your registration. To accept the agreement, click the I accept checkbox and then click Continue to proceed to the next page in the Account Designee Registration process.
