

Transplant Centers: Re-Evaluation of Criteria for Medicare Approval (#CAG-00061N)

Solicitation of Comments

We will accept written questions, comments, or other materials from individual organizations pertaining to Medicare's criteria for approval of transplant centers as part of our background work on the development of the Notice of Proposed Rulemaking on this subject. Although we initially announced that comments must be submitted within 14 days following the Town Hall Meeting on December 1, 1999, we have reconsidered this decision. We will accept comments on this topic beyond December 15. However, we encourage commenters to respond expeditiously in order to ensure that their comments are fully considered as we develop the proposed rule.

Individuals who wish to submit comments must do so by mail, fax or email at the following addresses:

Centers for Medicare & Medicaid Services
Attention: Jackie Sheridan
Office of Clinical Standards and Quality/CAG
Room C1-09-06
7500 Security Boulevard
Baltimore, Maryland 21244-1850
FAX: (410) 786-9286
E-mail: Jackie.Sheridan

There is no special format for the materials; however, we request that commenters be clear about the issue or aspect of the proposed process on which they have a question, comment, or suggestion.
