Reporting Medicare Secondary Payer (MSP) Information on the Health Insurance Portability and Accountability Act of 1996 (HIPAA) X12N 837 Created Via the Free Billing Software

Key Words

MM3284, CR3284, R84OTN. Software, HIPAA, 837, Electronic Submission, MSP

Provider Types Affected

All providers who use free billing (or low cost) software from Medicare for HIPAA 837

Key Points

- The effective date of instruction is October 1, 2004.
- The implementation date is October 4, 2004.
- All providers who use free (or low cost) billing software from Medicare for HIPAA 837 must receive a MSP related software upgrade from their:
 - Carrier;
 - Durable medical equipment regional carrier; or
 - Intermediary.
- Changes included in the updated software will be required for electronic submission of claims when there is one primary payer to Medicare.
- HIPAA 837 does not accommodate the data Medicare needs when there is more than one primary payer.
- All providers who use the billing software supplied by a Medicare carrier or intermediary should obtain the required software upgrade after October 4, 2004.
