- The implementation date is October 2, 2006.

Note: MLN Matters Article MM4293 was revised on August 25, 2006, by adding this statement directing readers to view article MM5060 at <http://www.cms.hhs.gov/MLNMattersArticles/downloads/MM5060.pdf> for more current information on the effective dates for using Form CMS-1500 (08/05). The dates in the MM5060 article supersede the dates in MM4293.

- Claim Form **CMS-1500 (12-90)** is being revised to accommodate the reporting of the National Provider Identifier (NPI) and will then be named **CMS-1500 (08-05)**.
- The following timeline outlines the schedule for using the revised CMS-1500 claim form:
 - October 1, 2006: Health plans, clearinghouses, and other information support vendors should be ready to handle and accept the revised CMS-1500 (08/05) claim form.
 - October 1, 2006-January 31, 2007: Providers can use either the current CMS-1500 (12/90) version or the revised CMS-1500 (08/05) version of the claim form.
 - February 1, 2007: The current CMS-1500 (12/90) version of the claim form is discontinued. Only the revised CMS-1500 (08/05) form is to be used. All rebilling of claims should use the revised CMS-1500 (08/05) form from this date forward, even though earlier submissions may have been on the current CMS-1500 (12/90) claim form.

- The Form CMS-1500 is accepted only from physicians and suppliers that are excluded from the mandatory electronic claims submission requirements set forth in the Administrative Simplification Compliance Act, P.L. 107-105 (ASCA), and the implementing regulation at 42 CFR 424.32.
- The intent of the new form is to best accommodate the NPI with minimal changes to the current claim form.
- The change log that lists the various changes made to the CMS-1500 (08-05) version can be viewed at http://www.nucc.org/images/stories/PDF/change_log.pdf on the Internet.
