1. Based on salaries adjusted for occupational mix, according to the calculation in section III.C. of this proposed rule.
2. The case-mix index is based on the billed MS-DRGs in the FY 2011 MedPAR file. It is not transfer-adjusted.
3. The CCNs with a "B" in the 4th position indicate a campus of a MCH located in a different CBSA from the main provider. The campus's wages and hours are allocated to the CBSA of its physical location. The wage index reflects the CBSA of its location, or the MGCRB reclassified wage index, if applicable. The case-mix index and average hourly wages are not separated by campus; they reflect the provider, as a whole.

Notes:

- * Denotes wage data not available for the CCN for that year.
- ** Based on the sum of the salaries and hours computed for Federal FYs 2011, 2012, and 2013.
- *** Denotes MedPAR data not available for the provider for FY 2011.
