FY 2018: 1/1/2015 – 12/31/2016	✓	✓	✓	✓	✓
FY 2019: 1/1/2016 – 12/31/2017	✓	✓	✓	✓	✓

¹ The HAC Reduction Program CDC measures are calculated using data from the Hospital IQR Program. See the IQR [Important Dates and Deadlines](#) document on the QualityNet website.

² CMS will notify hospitals of changes to dates for the Scoring Calculations Review and Corrections period.

³ Payment reductions apply to all Medicare discharges during the applicable fiscal year and occur when the hospital claim is paid. Hospital performance data can be found on the [HAC Reduction Program](#) page of *Hospital Compare* (accessible from the [Hospital Linking Quality to Payment](#) section).

⁴ After taking the “snapshot”, CMS does not accept additional claims and/or corrections to the claims in the data extract. For more information about the CMS PSI 90, please see the [CMS Recalibrated PSI 90 Fact Sheet \(version 8.0\)](#) on *QualityNet*.

Acronyms

CAUTI – Catheter-Associated Urinary Tract Infection

CDC – Centers for Disease Control and Prevention

CDI – *Clostridium difficile* Infection

CLABSI – Central Line-Associated Bloodstream Infection

CMS – Centers for Medicare and Medicaid Services

HAC – Hospital-Acquired Condition

HAI – Healthcare-Associated Infection

IQR – Inpatient Quality Reporting

PSI – Patient Safety Indicator

SSI – Surgical Site Infection

MRSA – Methicillin-resistant *Staphylococcus aureus*

NHSN – National Healthcare Safety Network
