HH Consolidated Billing Code History

NOTES

- (1) Except as noted below, code inclusion and exclusion dates indicate for dates of service on or after the date shown
- (2) Code updates from transmittal AB-01-65 were effective for dates of service on or after 1/1/2001 processed on or after 7/1/2001
- (3) Two Federal Register (FR) publications preceded the first publication of a HH CB code list in Medicare instructions. See the HH PPS Final Rule (FR vol.65, no.128, July 3, 2000) and its correction notice (FR vol.66, no.117, June 18, 2001) for these codes.
- (4) Transmittal AB-02-92 instituted a process for updating the HH CB code list on a quarterly basis if necessary.
- (5) Repeated line entries for a single code indicate the code was included in HH consolidated billing by an earlier transmittal, then subsequently excluded and re-included by later transmittals
- (6) Code A4421 was deleted in error by transmittal AB-03-096, published July 3, 2003. The error was corrected and the code was restored to the HH CB code list by transmittal AB-03-136, published August 29, 2003.
- (7) With the January 2004 annual update, the HH CB code list began to be published in One-Time Notifications in the CMS Manual System. Due to this change, transmittal numbers (e.g. Tr. 8) replaced Program Memorandum numbers (e.g. AB-03-136).
- (8) Codes A7525 and A7526 were included in the HH consolidated billing in error by Transmittal 8, published October 17, 2003. The error was corrected in Transmittal 62, published January 16, 2004. These codes were never effective under HH CB (inclusion and exclusion dates are the same), but this line entry in the master code list is retained to document that the codes were published in HH CB issuances.
