

ACOs in Your State

ACOs DATA PAGE

This [page](#) features a searchable list of organizational information by Accountable Care Organizations (ACOs) as of July 1, 2019. For example, you can find an ACO's service area, start date, and contact information.

Additional features are available on top of the website toolbar to help you find or personalize your search results, including ACO data on previous performance years. The "About," "Filter," and "Export" functions may be very helpful.

ADDITIONAL FEATURES

The "About" function describes the Medicare Shared Savings Program (Shared Savings Program) and includes disclaimers about data.

The "Filter" function automatically populates on the right side of the screen in the dark blue box. Use it to narrow a search by using the conditions provided, or add a new filter condition based on ACO name; ACO address or ACO service area.

Adding a new filter condition allows you to select a column to filter. Click on "Add a New Filter Condition" to view a column name with hyperlink. Click on the hyperlink and select a column to filter by from the dropdown box. Refine your search by using the filter next to the condition. Again, click on the hyperlink to reveal the operation options and select a condition.

The "Export" function lets you download your search results into one of the following file formats: CSV, CSV for Excel, JSON, RDF, RSS, XML

Once you have identified the data you wish to download, select the light blue box named "Export" located above the toolbar. The "Export" box will appear on the right side of the screen. Select the format for the download. Open or save the format from data.cms.gov. Once your download is complete, click "Done" to close the "Export" feature.
