

Introduction to the ACA Formulary Reassignment Notice: Plan Premium Increase Version

What's the purpose of this notice?

This notice reminds people who qualify for full Extra Help and whose Medicare Prescription Drug Plan premium will increase next year, that they'll be reassigned to a new plan if they don't tell their current plan they want to stay or join a new plan on their own by December 31. The notice lists the drugs the person took regularly between January 1-August 31, in their current plan, and shows whether or not these drugs will be covered in the new plan Medicare will reassign them to.

The notice includes four pages on blue paper. The second page includes a list of plans for each region that have premiums at or below the low-income premium subsidy amount.

Who gets this notice?

This notice is mailed to all people who qualify for the full Extra Help and were still enrolled in the Medicare Prescription Drug Plan Medicare enrolled them in, and whose premium for that plan next year will increase above the regional low-income premium subsidy amount.

When do people get this notice?

The notice is scheduled to be mailed in December.

What should people do next?

People with Medicare should consider their options carefully. People who want more information about Medicare prescription drug coverage can:

- Visit Medicare.gov and get personalized drug plan information.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.
- Call their State Health Insurance Assistance Program (SHIP) for free, personalized health insurance counseling. People should visit Medicare.gov/contacts, read the "Medicare & You" handbook, or call 1-800-MEDICARE for the phone number for their state.

People can reference CMS Product No. 11475 when calling Medicare or their SHIP with questions about this notice.

Medicare is moving you to a new Part D drug plan for 2023

You recently got a blue letter letting you know that Medicare is moving you into <Beneficiary's Next Year's Org Marketing Name> <Beneficiary's Next Year's Plan Name> (<new contract>/<new PBP>) for Medicare Part D drug coverage next year. Medicare is moving you to this new plan because premium costs in your 2022 plan will go up in 2023.

Unless you already joined a new plan on your own, you'll be in <Beneficiary's Next Year's Plan Name> starting January 1, 2023, and pay \$0 for your monthly premium. Your copayments will be <Beneficiary's LIS Subsidy Copayment Category> for each covered prescription.

Are your drugs on your new plan's drug list?

The list on the back of this page shows the drugs you took regularly between January 1- August 31, 2022 in your current plan, and whether these drugs will be covered in your new 2023 plan.

Take action if you want to stay in your 2022 plan

To stay in <Beneficiary's Current Year Organization Marketing Name>'s <Beneficiary's Current Year Plan Name > (<old contract>/<old PBP>), call them at <Beneficiary's Current Year Member Services Toll-Free Number> before December 31, 2022, and tell them you want to stay in the plan. You should check to make sure your drugs will still be covered next year.

If you stay, you'll pay <Beneficiary's Next Year's Plan Premium Liability> each month for your premium in 2023.

You can switch to a different Medicare drug plan

A different plan may cover more of your drugs. If you switch, your new coverage will start the next month. See the last page of this notice for a list of Medicare drug plans in your area.

* This drug has special rules. You must work with your doctor to get coverage for drugs with special rules. "Special rules" include things like prior authorization and step therapy. Call your new plan for details.

What if my drugs aren't covered in my new plan, or have special rules?

Your new plan must provide a temporary supply

Your new plan has to cover a **temporary supply** of your prescription, even for drugs that aren't on the plan's list of covered drugs (called their "formulary"), or have special rules or limits. The temporary supply is for 30 days. If you're in a long-term care facility, the temporary supply may be up to 93 days. This gives you time to work with your doctor to meet plan requirements for drugs with special rules, or see if a different drug the plan covers can treat your condition.

Talk to your doctor or prescriber

Next, talk to your doctor or prescriber. If your doctor tells you that none of the drugs covered by the plan are medically appropriate for you, you have the right to ask the plan for an exception to cover the drugs you already take.

You can ask for an exception – here's how:

Step 1: Ask your doctor to contact your new plan.

Step 2: Your doctor must submit a statement to the plan supporting your request for an exception. The doctor's statement should say that the requested drug is medically necessary for treating your condition.

Step 3: Once the doctor submits the statement, the plan must give you a decision within 24 hours (for a fast or "expedited" request) or within 72 hours (for a standard request). Your request will be expedited if the plan determines, or your doctor tells the plan, that waiting for a standard decision may seriously jeopardize your life, health, or ability to regain maximum function.

What to do if your request is denied

If your plan denies your request for an exception, you have the right to appeal. You must ask for this appeal within 60 calendar days from the date of the plan's denial. You must file a standard request in writing, but you can file an expedited request either by phone or in writing. For more information, visit <Beneficiary's Next Year's Plan Web Address>, or call <Beneficiary's Next Year's Plan Name> at <Beneficiary's Next Year's Plan Member Services Toll-Free Number>.

If you have a complaint about your plan

You have the right to file a complaint (also called a "grievance") with the plan. An example of a complaint is when you don't like the waiting times to get your calls answered, or if you don't think the plan is treating you right. You can file a complaint with your plan by phone or in writing anytime within 60 calendar days of the event you want to complain about. If the plan doesn't take care of your complaint, call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048. You can also call your State Health Insurance Assistance Program for free, personalized health insurance counseling at <SHIP's phone number>.
