

# Home Dialysis Training & Support Review

- **INTERVIEW** Home Dialysis Nurse(s) **USE** Core Survey interview guide or STAR
- **OBSERVE** patient care, if occurring
- **Also conducted during other survey tasks:**
  - Patient Interviews
  - Medical Record Reviews
  - Environmental “Flash” Tour ; Water/dialysate and Dialysis Equipment Review
- **FOCUS** on:
  - Patients’ Rights to be informed of options
  - Adequate training (newly admitted patients)
  - Patient and equipment monitoring

**For facilities that provide ONLY home dialysis training and support:** Include all other survey tasks (i.e. presurvey preparation, environmental tour, entrance conference, patient sample selection, water/dialysate review, dialysis equipment maintenance review, personnel record review, and QAPI review).
