DATE: August 9, 2013

TO: State Survey Agency Directors

FROM: Director
Survey and Certification Group

SUBJECT: Temporary Moratorium on Home Health Agency (HHA) Enrollment-
Metropolitan Areas of Miami and Chicago

Memorandum Summary

- **Temporary Moratorium** – On July 31, 2013 the Centers for Medicare & Medicaid Services (CMS) announced a temporary moratorium on Home Health Agency (HHA) enrollment in two geographic areas. Effective July 30, 2013, CMS will halt the enrollment of new HHA providers and HHA branch locations in the metropolitan areas of Miami, FL and Chicago, IL.
- **Length of Moratorium** - The moratorium will be in place for six months. Federal regulations allow CMS to lift the moratorium as necessary or to extend the moratorium for six month periods by notifying the public.
- **HHA Application Status** – Prospective HHA applications within the affected areas which were **not approved** prior to July 30, 2013 will be denied by the Medicare Administrative Contractor (MAC). Approved means that by 12:00 AM July 30, 2013 the initial certification survey was completed; the second MAC review was completed; the CMS Regional Office (RO) sent the tie-in notice to the MAC; the MAC performed a site visit and the MAC decided to switch the HHA's Provider Enrollment Chain Organization System (PECOS) record to an "approved" status.
- **State Survey Agency (SA)/Regional Office (RO) Review** – As of 12:00 AM on July 30, 2013, the SAs and ROs must cease all review of any initial HHA applications pending within the SA or RO for prospective providers in the affected zip codes of the moratorium. In addition, the SAs/ROs may not review any application for an HHA branch location within the affected zip codes throughout the duration of the moratorium.

Background

On July 31, 2013, CMS published a *Federal Register* Notice announcing a temporary enrollment moratorium under the Affordable Care Act (ACA) authority to fight fraud in Medicare, Medicaid and the Children's Health Insurance Program (CHIP).

The moratorium impacts all initial HHA applications that were not approved by 12:00 AM on July 30, 2013. Approved means that by 12:00 AM July 30, 2013 the initial certification survey was completed; the second MAC review was completed; the RO sent the tie-in notice to the MAC; the MAC performed a site visit and the MAC decided to switch the HHA's Provider Enrollment Chain Organization System (PECOS) record to an "approved" status.

Section 6401 of the ACA added new sections 1866(j)(7), 1902 (kk)(4) and 2107 (e)(1)(D) to the Social Security Act providing the Secretary with the authority to impose such a moratorium. The moratorium that was announced on July 31 2013, temporarily halts the enrollment of new HHA providers and HHA branches in the metropolitan areas of Miami, FL and Chicago, IL. Before taking this action CMS consulted with law enforcement officials and determined that there was a high risk of fraud, a disproportionately high enrollment of new providers and a high utilization of services in these geographic areas. CMS has also determined that the moratorium will not affect access to care for beneficiaries in these areas. However, CMS will continue to monitor access to care throughout the moratorium to ensure that beneficiaries are receiving the services they need.

Action

Effective July 30, 2013, CMS will deny all new or currently unapproved provider applications (Form CMS-855A) from HHA applicants in Miami-Dade and Monroe Counties in Florida and Cook, DuPage, Kane, Lake, McHenry and Will Counties in Illinois. As of the implementation date, State Survey Agencies (SA) and ROs associated with the affected counties will not receive any new "approval recommended" notices from the MAC for initial HHA certification surveys or branch location additions in these counties until the moratorium is lifted. Since it is the "approval recommended" notice which initiates the survey process, no initial HHA surveys may be scheduled in the affected counties until further notice.

Currently unapproved HHA applications are those for which the MAC did not decide to switch the HHA's PECOS record to an "approved" status before 12:00 AM July 30, 2013. This means that any pending initial HHA applications that did not have **all** of the following completed by 12:00 AM July 30, 2013 are included in the moratorium:

- (1) Initial certification survey was completed and compliance with Conditions of Participation determined;
- (2) Second review was completed by the MAC;
- (3) The CMS RO transmitted a tie-in notice (Form CMS-2007) to the MAC; (i.e., is no longer pending at the SA or RO)
- (4) The MAC performed a site visit; and
- (5) The MAC decided to switch the HHA's PECOS record to an approved status.

If an application had all these steps completed prior to 12:00 AM July 30, 2013, the application is considered "approved" and will not be affected by the moratorium. All initial HHA applications for prospective providers in the affected zip codes that were still "pending at the SA or RO" as of 12:00 AM on July 30, 2013 are included in the moratorium and will be denied by the MAC. "Pending at the SA or RO" means those applications for which the RO had **not** transmitted a tie-in notice (Form CMS-2007) to the MAC for a prospective HHA provider in the affected zip codes by 12:00 AM July 30, 2013. All subsequent SA and RO survey and

certification actions on pending HHA applications must cease immediately. The MAC will notify the applicant of the denial. Once the moratorium is lifted, any prospective provider affected by the moratorium and thus denied by the MAC must complete the entire enrollment application and certification process again if it wishes to participate in the Medicare program.

Also, please be advised that the MAC will deny any application for the addition of an HHA branch location in the zip codes subject to the moratorium. Accordingly, until further notice, ROs and SAs may not conduct any review of a request for the addition of an HHA branch location in the zip codes of the affected counties (including reviews that were in progress as of 12:00 AM July 30, 2013).

The moratorium will last for six months, but CMS may lift the moratorium early or extend it for additional six-month increments. CMS will publish another notice if the moratorium is to be lifted or extended.

Areas Not Affected by the Moratorium

“Approval recommended” notifications from the MAC will continue to be received by the ROs/SAs for prospective HHA providers outside the affected zip codes in FL and IL. However, the RO/SA should double-check each application to confirm that the applicant is not located in one of the affected zip codes. Any questions or concerns should be directed to the applicable MAC. Initial HHA applications in all other areas of the country, not included within the moratorium, will continue to be processed as usual.

Appeals

Appeal information will be included in the MAC denial letter and prospective applicants should be referred to the MAC for any questions regarding the appeal process.

Accreditation

During the moratorium, a prospective HHA’s accreditation by a CMS approved Accrediting Organization (AO) program will not serve as the basis for Medicare participation through deemed status. In such cases a new provider agreement will not be approved, nor will a new branch location for an existing deemed HHA be approved for the affected zip codes. In response to inquiries from HHA applicants in the affected zip codes that were seeking certification through an AO, the RO/SA should advise that it is the decision of the applicant as to whether they wish to continue to seek accreditation status with the AO despite being denied Medicare enrollment under the moratorium.

Contacts

All press inquiries regarding the moratoria should be directed to the CMS Office of Communications to the attention of Patti Unruh. She may be contacted at (202) 260-1135 or via electronic mail at Patti.Unruh@cms.hhs.gov.

For your information, we have attached the sample denial letter provided by CMS to the MACs and a listing of the zip codes for the affected areas.

For additional information or questions related to survey and certification, contact your appropriate CMS RO. The Central Office contact for policy issues is Patricia Sevast at patricia.sevast@cms.hhs.gov or at 410-786-8135.

Effective Date: Immediately. This information should be communicated with all survey and certification staff, their managers and the State/Regional Office training coordinators within 30 days of this memorandum.

/s/

Thomas E. Hamilton

Temporary HHA Moratorium

Miami Florida FL and Chicago, IL

August, 2013

Survey/Certification Questions and Answers

Q 1. Which pending CMS-855 initial applications for prospective HHA providers, within the zip codes of the counties affected by the moratorium, may the State Survey Agency (SA) continue to process and forward to the CMS Regional Office (RO)?

A. None. All initial HHA certification packets for prospective providers within the affected zip codes of the moratorium that were still at the SA as of 12:00 AM on July 30, 2013 are included within the moratorium. These applications will be denied by the MAC. The SA should cease all review of these applications.

Q 2. Will the Medicare Administrative Contractor (MAC) contact all the prospective HHA providers whose applications were pending as of 12:00 AM on July 30, 2013 and which will be denied by the MAC?

A. Yes. The MAC will notify the impacted HHA applicants that their application is being denied. There is no need for the SA or RO S&C staff to send any correspondence to these prospective providers since S&C is not denying their certification. Instead, we are not accepting the application.

Q 3. What should the SAs do with the initial HHA application paperwork for those applications that were still pending as of 12:00 AM on July 30, 2013 and included within the moratorium?

A. The current application information will not be considered in any future application for participation by the affected applicant and is no longer pertinent. CMS will issue separate instructions as to the disposition of the applications that were pending in the SAs and ROs as of 12:00 AM on July 30, 2013.

Q 4. What responses should the SA/RO/AO provide prospective HHA providers who contact them regarding their pending applications?

A. If the SA/RO/AO is contacted by any of the affected providers, the providers should be directed to contact the applicable MAC.

Q 5. What applications for the addition of an HHA branch location may be processed during the moratorium?

A. The moratorium impacts the addition of any branch office location in the affected areas. During the duration of the moratorium, no branch locations will be approved within the affected zip codes for either currently certified HHAs in the affected areas or for currently certified HHAs outside the affected areas. However, requests for branch locations in non-affected areas by either currently certified HHA providers in the affected areas or currently certified HHA providers outside the affected areas may be processed according to current CMS policy including any State restrictions.

Q 6. What about Medicare-certified HHA agencies located outside the moratorium affected counties that provide services in the affected areas without approval from CMS? For example, if during the survey of a certified HHA in an adjoining county to the affected counties, the surveyor finds that an agency is providing services “unapproved” in one of the affected counties, what citation should be written?

A. All existing HHA providers that are not approved by CMS (as of 12:00 AM July 30, 2013) to provide services in the moratorium affected areas may not provide Medicare or Medicaid services in those affected areas. Such action would represent an HHA’s non-compliance with 42 CFR 484.12(a) (*Compliance with Federal, State and Local Laws and Regulations*) and would be cited as a deficiency at the Condition level.

Q 7. What initial HHA certification kits may the CMS RO complete after 12:00 AM July 30, 2013?

A. None. All initial HHA certification kits for prospective providers in the affected areas that were still pending at the RO as of 12:00 AM on July 30, 2013 are included in the moratorium. The RO must cease all review of these pending applications. Pending at the RO means that the RO had not forwarded a tie-in notice (Form CMS-2007) to the MAC as of 12:00 AM on July 30, 2013. The MAC will deny these pending applications and notify the prospective providers.

Q 8. Once the moratorium is lifted will there be any changes to the CMS survey priorities in the affected areas for initial HHAs.

A. No. Initial certification surveys for HHAs will remain at a Tier 4 priority.

Q 9. Is the certification being denied or is the application being deleted?

A. S&C is not denying the certification for the prospective providers in the affected areas, rather the MAC will be issuing denials for applicants affected by the moratorium and providing

appropriate notice. S&C is not accepting these applications due to the Provider Enrollment denials.

Q 10. Are there any exceptions for prospective HHA providers who were seeking participation through deemed status at the time of the moratorium?

A. During the moratorium, a prospective HHA's accreditation by a CMS approved Accrediting Organization (AO) will not serve as the basis for Medicare participation through deemed status and a new provider agreement or a branch location will not be approved for affected applicants. In response to inquiries from HHA applicants in the affected zip codes that were seeking certification through accreditation by an AO, the RO/SA should advise that it is the decision of the applicant as to whether they wish to continue to seek accreditation status despite being affected by the moratorium.

Q 11. Who will be responsible for providing notice to affected prospective HHA providers of the right to appeal?

A. Notice of appeal rights will be included in the denial letters issued by the MAC. The standard enrollment appeal process for denials under 42 CFR Part 498 will apply and the process for appealing a denial of enrollment will be set forth in the denial letters sent by the MAC. S&C will not issue any correspondence based on the moratorium.

Q 12. May the SA or RO use any part of the current application paperwork if the prospective HHA provider applies for participation again after the moratorium is lifted?

A. No. Any prospective provider that was surveyed by the SA and denied enrollment pursuant to the moratorium must begin the entire enrollment /certification process again as a new applicant if it seeks to participate in the program once the moratorium is lifted.

Q 13. Should all entries into the ASPEN system for an HHA applicant denied due to the moratorium be retained?

A. All data that has already been entered into the ASPEN system for a prospective provider located in one of the affected areas should remain in the ASPEN system until further notice.

Q 14. If the RO forwarded the Tie-In Notice to the MAC prior to 12:00 AM July 30, 2013 does that mean that the prospective provider will be enrolled?

A. No. Once the MAC receives the tie-in notice from the RO, it must perform a site visit to ensure that the HHA is still operational; other final verification activities may be necessary as well. The application is not considered to be approved under this moratorium until the MAC has decided to switch the HHA's PECOS record to an "approved" status. Once the RO forwards

the tie-in to the MAC, it has no further responsibility in the approval/disapproval of the prospective provider.

Dear [Provider/Supplier Name]:

Your application to enroll in Medicare is denied for the follow reason(s):

Centers for Medicare & Medicaid Services (CMS) has imposed a temporary moratorium for Home Health Agencies and Home Health Agency Subunits for the county in which you are attempting to enroll a practice location. In accordance with 42CFR424.530(a)(10) and 424.570(c), CMS is denying all enrollment applications received from affected providers or suppliers in the moratorium area. The moratorium took effect on July 30, 2013 and will remain in effect for six months. However if CMS deems it necessary, the moratorium may be extended in 6-month increments. Additional information about the moratorium can be found in a Federal Register notice that can be downloaded from the following website:

<https://www.federalregister.gov/public-inspection>

In accordance with 42CFR424.514(d)(2)(v)(C) the application fee will be returned. You may request a refund by contacting the Medicare Administrative Contractor processing this enrollment application.

Legal Business Name:

PTAN:

NPI(s):

If you believe that this determination is not correct, you may request reconsideration before a contractor hearing officer. The reconsideration is an independent review and will be conducted by a person who was not involved in the initial determination. The CMS basis for imposing the temporary moratoria is not subject to an appeal.

You must request the reconsideration in writing to this office within 60 calendar days of the postmark date of this letter. The request for reconsideration must state the issues, or the findings of fact with which you disagree and the reasons for disagreement. You may submit additional information with the reconsideration request that you believe may have a bearing on the decision. *The reconsideration request must be signed and dated by the authorized or delegated official within the entity.* Failure to request a reconsideration in a timely manner is deemed a waiver of all rights to further administrative review.

The request for reconsideration should be sent to:

Centers for Medicare & Medicaid Services
Center for Program Integrity
Provider Enrollment Operations Group
7500 Security Blvd.
Mailstop: AR-18-50
Baltimore, MD 21244-1850

If you have any questions regarding this determination, please contact me at [phone number].

Sincerely,
