The Centers for Medicare & Medicaid Services (CMS) is providing notice that on July 3, 2019, the Hacienda HealthCare d/b/a Hacienda De Los Angeles, will no longer participate in the Medicaid program. The Medicaid provider agreement between the Hacienda De Los Angeles and the Secretary of Health and Human Services (HHS) is canceled on July 3, 2019, due to the facility's failure to meet Medicaid's basic health and safety requirements.

The facility has been notified that Medicaid will cease to pay for services furnished to Medicaid beneficiaries admitted after July 3, 2019, although payment may continue for up to 30 calendar days for patients admitted on or before July 3, 2019. CMS is committed to patient safety and quality of care. We are closely monitoring the relocation of Medicaid patients to other facilities.

CMS requires facilities to meet certain health and safety standards to be certified as a Medicaid provider. Involuntary termination of a provider agreement is generally a last resort after all other attempts to remedy the deficiencies at a facility have been exhausted. In this instance, the San Francisco Regional Office has found that the Hacienda De Los Angeles is out of compliance with CMS basic health and safety requirements.
