Project Title:

Technical Expert Panel Summary Report: Quality Measures Development for Hospice Quality Reporting Program

Dates:

- 5/18/2017
- 5/26/2017

Project Overview:

The Centers for Medicare & Medicaid Services (CMS) has contracted with *RTI International* to develop two claims-based quality measures: *Potentially Avoidable Care Transitions for Hospice Patients* and *Access to Levels of Hospice Care*. The contract name is Hospice Quality Reporting Program Measure Development, Maintenance, and Support. The contract number is *HHSM-500-2013-13015I*. As part of its measure development process, CMS asks measure developers to convene groups of stakeholders and experts who contribute direction and thoughtful input to the measure developer during measure development and maintenance. The following individuals were selected and have agreed to serve as the Technical Expert Panel for this project.
